My dear Dr. Ballin,

Thank you for the courtesy of your letter to me. Its gracious contents was marred only by the fact that your visit on the Cape was not yet the means for your permanent establishment.

That you will be successful, I have no doubt, for the Lord usually helps them that are willing to serve humanity as is your ideal in life. What you need at present is a little luck with your pluck.

Your visit to our home was most enjoyable. Should it be the will of the Almighty to have you settle in New England, it would please us to have you a frequent guest.

May the Almerciful send your worthy help-mate a speedy recovery ~ ..... ויחיה ויגדל ויכבד ויפארו ויגדלו ויכבדו ויפארו ויגדלו ויכבדו ויפארו  
and send you a healing and sunshine for the adversities you have encountered the past few years.

Mrs. Friedman joins me in extending our greetings to your family. Cordially yours

Samuel A. Friedman
