ABOUT THE LEAGUE

HISTORY

The League of Women Voters was organized in 1920, the year women's suffrage was incorporated into the Constitution. It grew out of the National American Woman Suffrage Association. As its first task, the League worked to inform the 29 million recently enfranchised women of their new voting responsibilities. League goals have always been to shape public policy and promote informed citizen participation at all levels of government. The League has chapters at the state, county and local levels.

MISSION

The League of Women Voters, a nonpartisan political organization, encourages the informed and active participation of citizens in government and influences public policy through education and advocacy.

PURPOSES

- To increase citizen participation in the election process.
- To enhance citizen participation in federal, state, county and local government decisions.
- To establish positions on public policy through member participation and agreement.
- To take concerted actions that secure public policies consistent with League positions.

PRINCIPLES

The League of Women Voters believes in representative government and in the individual liberties established in the Constitution of the United States.

The League of Women Voters believes that democratic government depends upon the informed and active participation of its citizens and requires that governmental bodies protect the citizen's right to know by giving adequate notice of proposed actions, holding open meetings and making public records accessible.

The League of Women Voters believes that every citizen should be protected in the right to vote; that every person should have access

to free public education that provides equal opportunity for all; and that no person or group should suffer legal, economic or administrative discrimination.

The League of Women Voters believes that efficient and economical government requires competent personnel, the clear assignment of responsibility, adequate financing and coordination among the different agencies and levels of government.

The League of Women Voters believes that responsible government should be responsive to the will of the people; that government should maintain an equitable and flexible system of taxation, promote the conservation and development of natural resources in the public interest, share in the solution of economic and social problems that affect the general welfare, promote a sound economy and adopt domestic policies that facilitate the solution of international problems.

The League of Women Voters believes that cooperation with other nations is essential in the search for solutions to world problems, and that development of international organization and international law is imperative in the promotion of world peace.

MEMBERSHIP

All citizens of voting age who subscribe to the purpose and policy of the League are eligible for member in the League of Women Voters of Lake Forest/Lake Bluff. Local league membership automatically enrolls a member in the national, state and county leagues. Senior memberships are available. The League is a volunteer organization and no salaries are paid to its officers or directors.

OBSERVERS

Members of the observer corps are the eyes and ears of the League at public meetings. Observers are League members who regularly attend the meetings of various official bodies - councils, boards, commissions, etc. They report on what they have heard and, in the process, they learn a great deal about these governmental bodies, how they function and what issues they address. Participants in the observer corps limit their role to observation. They do not speak or testify about any League positions on the issues that may come up, but instead notify the Board when such action is necessary.

NONPARTISAN POLICY

The League of Women Voters of Lake Forest/Lake Bluff is a nonpartisan organization. While it may take action on governmental policies and measures in the public interest, it does not support or oppose any political party or any candidate.

ACTION

The League of Women Voters of Lake Forest/Lake Bluff takes action on governmental policies and measures in the public interest and in conformity with the principles of the League of Women Voters of the United States. Action, which is always preceded by a thorough study, includes providing information, building public opinion and supporting or opposing legislation.

CONSENSUS AND CONCURRENCE

"CONSENSUS" is the term used by the League to indicate membership understanding and agreement on an issue. It is a continuous process beginning with:

- membership selection of the program,
- determination of scope of the study,
- gathering facts,
- studying and analyzing all points of view, and
- discussion by the membership.

Consensus is determined by the League Board after evaluating the resulting membership opinions, the quality of the research and discussion, and the number of members who attended.

A League "POSITION" is the consensus appropriately worded by the League Board.

"CONCURRENCE" is the act of agreeing with, or concurring with, an existing position. Concurrence can take place in many ways. Groups of League members or League boards can concur with:

- recommendations of a resource committee or group,
- statements formulated by League boards or
- positions reached by another League or Leagues.

LEAGUE MEETINGS

GENERAL MEETINGS are held several times during the year to present an expert speaker on some part of League program or to provide an opportunity for the entire membership to discuss and act as a body.

PROGRAM PLANNING MEETINGS are meetings at which League members suggest local, county, state or national issues which they wish to study and/or act on. Local program planning meetings are held annually, county, state and national program planning meetings are held biennially before their respective conventions.

UNIT MEETINGS are basic meetings for all League members. It is at unit meetings that program and study items are presented and discussed.

ANNUAL MEETINGS are held each spring. At this time the entire membership is invited to select the local League program for the following year.

CANDIDATE MEETINGS are sponsored prior to most general elections.

BOARD MEETINGS are generally held every first Wednesday of the month.

EXECUTIVE BOARD MEETINGS are held on call. Members are invited to attend.

All meetings are announced in the monthly newsletter, *League Lines*. Guests are welcome at any meeting.

LEAGUE PROGRAM

The League studies issues at the national, state, county and local level. Items pertaining to national, state and county government are suggested by local League members and developed at the respective biennial conventions of the national, state and county Leagues.

Issues pertaining to local government are suggested annually at the local program planning meeting and chosen at the Annual Meeting of the local League.

Program items may involve study and review of past positions, study and formation of new positions, and/or action on existing positions.

VOTING

All citizens of the United States 18 years old by the election date who have resided in the precinct for 30 days prior to the election and are properly registered are eligible to vote in any national, state or local election. Change of name requires registration in person. Change of address within the same voting jurisdiction can be handled by signing the form provided on the voter's verification of registration card. Registration is necessary in person if the change is to another voting jurisdiction. If the voter has failed to vote for the past four years, he/she will receive a notification by mail and an application to be reinstated. If he/she fails to return the application within 30 days, registration will be canceled and he/she must re-register before voting.

ABSENTEE BALLOTS

Requests for absentee ballots for voters who may be away on election day or who are members of the armed forces or who are physically handicapped may be obtained from the above mentioned sources. An absentee ballot may be obtained not more than 30 days or less than 5 days before the election.

CLOSE OF VOTER REGISTRATION

Under election law, the County Clerk is required to close voter registration during the 28-day period preceding all elections. This allows time for the voter files to be prepared for the election. During this time no new registrations, changes of addresses, or other administrative changes can be made to the voters' files.
