COUNTY BOARD DISTRICT MAP

The League of Women Voters

History

The League of Women Voters was organized in 1920, the year women's suffrage was incorporated into the Constitution. It grew out of the National American Woman Suffrage Association. As its first task, the League worked to inform the 29 million recently enfranchised women of their new voting responsibilities. League goals have always been to shape public policy and promote informed citizen participation at all levels of government. The League has chapters at the state, county and local levels.

Purpose

- To establish positions on public policy through member participation and agreement.
- To take concerted actions that secure public policies consistent with League positions.
- To enhance citizen participation in federal, state and local government decisions.
- To increase citizen participation in the election process.

Nonpartisan Policy

The League of Women voters neither supports nor opposes any candidate or political party. However, League members as individuals are encouraged to work actively for the candidate or party of their choice. In the Evanston League, only the president(s) and voter service chairperson(s) are asked to refrain from partisan activities while in office.

Membership

League membership is open to all citizens of voting age.

Nonprofit Status

The League is a nonprofit, national organization having both advocacy and educational purposes. Funds donated to the League's education fund are deductible for income tax purposes; money given to the League for its general use is not tax-deductible because it may be used for lobbying purposes.
