Established in 1979, the Education Fund provides research, publications, and forums on public policy issues and disseminates information and training that helps citizens be thoughtfully engaged in the democratic process.

In communities across the nation, Leagues are well known for providing voters with factual, nonpartisan information on candidates and ballot issues. State and local Leagues are also known for hosting citizen educational forums on critical public policy issues of the day.

In short, the League is well recognized for its ability to make complex and controversial issues accessible to citizens in a balanced manner, for its ability to gather citizens with diverse views, and for its expertise as a trainer of community leaders and activists.

Donations to the LWV Illinois Education Fund are tax-deductible.

LOCAL POSITIONS

NOMINATING SYSTEMS AND PROCEDURES

The League believes that nonpartisan nominating systems (caucuses) have been shown to be valid in the Lake Forest/Lake Bluff Area but they must not preclude having independent candidates.

Principles to which local government nominating systems (caucuses, parties, all candidates including independents) for elective offices are to be held accountable are these:

- Openness is the most essential requisite for systems/candidates. It is the responsibility of the systems/candidates to build and sustain the trust required for positive public perception.
- Ongoing communication between systems/candidates and the electorate is a necessary adjunct to openness of operation.
- Selection of candidates should be based on qualifications for office.
- It is the responsibility of systems/candidates to be aware of and adhere to all state, county, and local legal requirements.
- All campaigns undertaken by systems/candidates are to be based on issues and qualifications, with campaign conduct based on civility and honesty.
- The role of municipal governments is to provide information, without bias, on procedures and requirements for candidacy to elected office.

The role of the League is one of liaison in overseeing these principles, in communicating to the electorate information on sources to contact for candidacy, and in discussing potential improvements with systems/candidates. (2003)

SOLID WASTE

The LWV-LF/LB supports federal and state policies to reduce the quantities of waste, to reclaim useful materials, and to safely restore the residue to the environment. The League encourages its municipalities to expand local programs, to combine efforts to solve waste problems regionally, and to report to residents on disposition of recycled items.

Local Positions (continued)

COMPREHENSIVE PLAN

The LWV-LF/LB supports effective comprehensive plans for Lake Bluff and Lake Forest that encompass potential and existing land use in incorporated and surrounding unincorporated areas, as well as capital improvements, including the infrastructure.

CONSERVATION

LWV-LF/LB supports these measures to preserve the natural resources of Lake Forest and Lake Bluff Area; protection of the Lake Forest/Lake Bluff shoreline and bluff; preservation of the ravines and other open areas; preservation, through restricted use, of the flood plain lands along the Skokie River; establishment of walkways and bicycle paths.

CARRIE CHAPMAN CATT LOCAL LEADERSHIP AWARD

In 2013 the Board of Directors of the League of Women Voters - Lake Forest/Lake Bluff Area established the Carrie Chapman Catt Local Leadership Award, naming it in honor of the founder of the League of Women Voters.

Carrie Chapman Catt was a prominent leader in the fight for women's suffrage. With her great leadership and organizational skills, she was able to pressure Congress to pass the 19th Amendment, giving all American women the right to vote.

The award recognizes a League member who has shown outstanding leadership and considerable action in promoting the League's mission. Current members of the Board are not eligible for the award.
