

HARROUN

MOTORS CORPORATION

WAYNE, MICH.

April 12, 1918

To Harroun Stockholders:-

Most assuredly your company will accept your Liberty Bonds in exchange for Harroun Treasury Stock.

And at par? Why of course! No true patriot will ever discount them.

Such is your officers' answer to a question asked again and again during the past few days.

In normal times bond buying is confined to the wealthy; the resulting income is too small to attract the man who is establishing independence from his savings.

But this is wartime, and we must all pull together to give Uncle Sam every dollar his war program calls for.

So buy your bond, setting your cash at work for liberty. Then send the bond by registered mail to your company where it will go to work immediately FOR YOU.

And don't forget that your company itself stands at Uncle Sam's right hand, a large part of its magnificent plant already pledged to make the shells that will destroy the Hun and his works.

I am hurrying this letter to you so that you can get your bond into the mails before midnight Tuesday, April 16, when Harroun stock advances from \$10 to \$12 a share.

Make every dollar work for Uncle Sam and for you. I have told you how to do it.

Yours faithfully,

JOHN GUY MONIHAN.
