Literature: Nautical books and subscriptions to boating magazines available.

FOLKBÅTEN

THE FOLK BOAT

Dimensions:

L.O.A. 25'2"

L.W.L. 19'9"

Beam extreme 7'2"

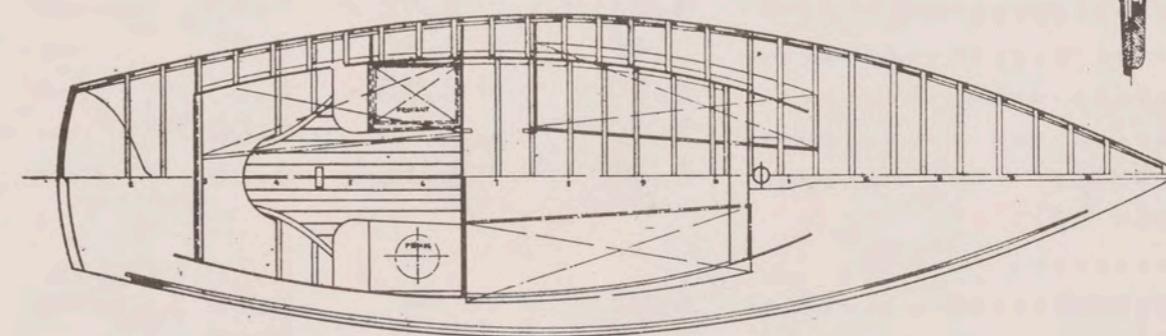

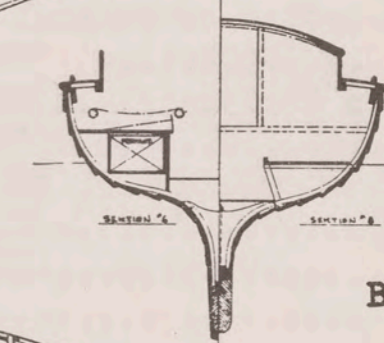

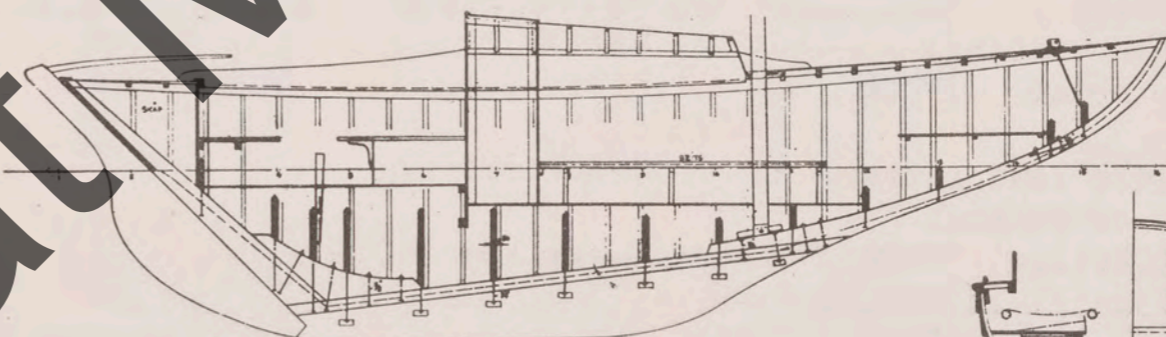

Draft 3'11"

Ballast outside 2,400 lbs.

S.A. 262 sq. ft.

Scandinavia's

Most Popular Racing Cruiser

Many years of active use in the waters surrounding Scandinavian countries have established this fine little craft as one of the finest handling and most able racing cruisers to come from the time-honored drawing boards and high quality yards of the world's greatest seafaring men and explorers. Her modest sail plan can readily be increased by the addition of Genoa jibs, spinnakers, and similar light sails.

Accommodations: Two, three or four bunks with hanging locker, sink, small stove, refrigerator, and auxiliary power as desired by the individual purchaser.

Her iron keel minimizes the damage that might be caused by an occasional grounding or similar mishap. Her lapstrake hull planking gives her exceptional longitudinal rigidity and makes for unusual dryness and buoyancy in heavy going. Up-keep is minimized by the elimination of caulked seams.

Complete specifications and additional information available on request. Price determined by specifications of individual purchasers.

SAILBOAT EQUIPMENT & SPECIAL SERVICES

Special Sails of Any Shape or Quality Made to Order

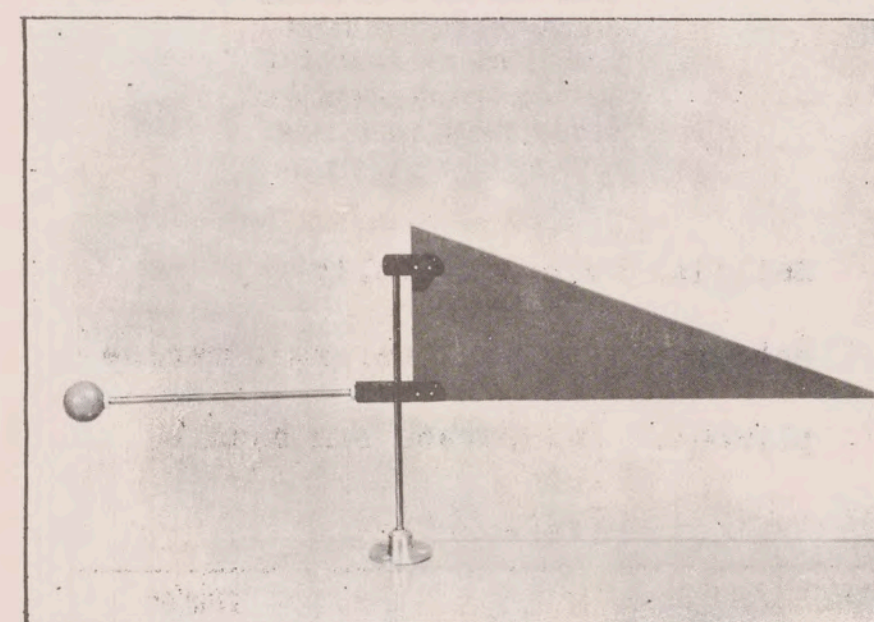

VENTIMETER WIND GAUGE

The Ventimeter is certified to be accurate within 1 mph wind velocity. It weighs but a few ounces and measures 1 3/4" in diameter but 7-5/8" overall. It will float if dropped overboard and is practically indestructible -- having no gears, valves, or other mechanical parts to get out of adjustment. It can be carried in the pocket and used under any and all circumstances without the necessity of mechanical installation. In the handle is a Beaufort scale and other meteorological data. The container has a table that converts speed and time to distance run.

VENTIMETER distributed exclusively by this Company in United States, Canada, Puerto Rico, and Bermuda.

FACTORY-BUILT *Sailfish* BOATS!

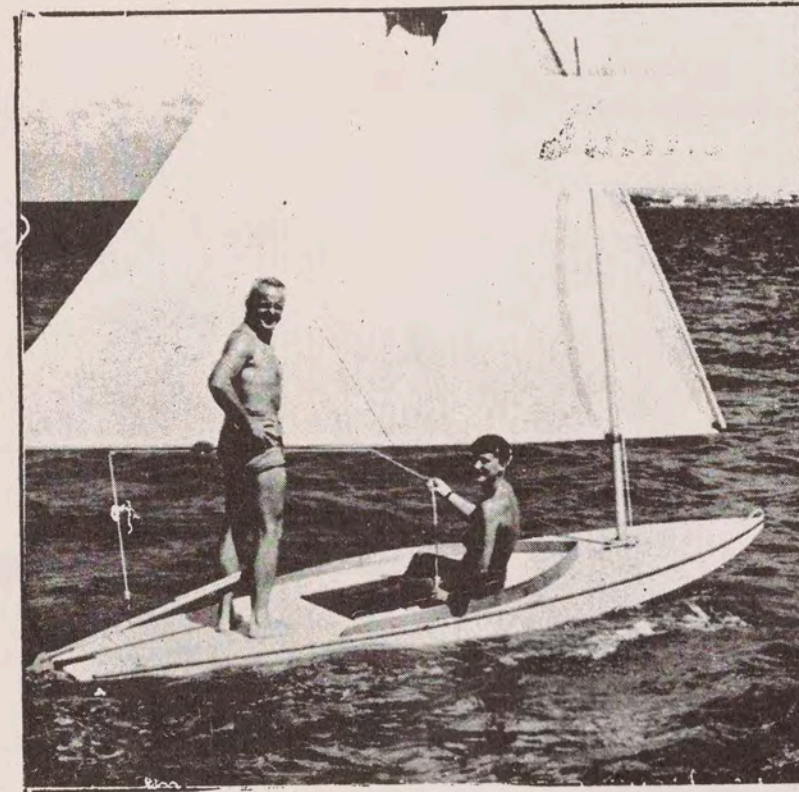

STANDARD SAILFISH . . . Length overall, 11'7½". Beam, 31½". Sail area, 65 sq. ft. Weight of hull, 82 lbs. Finished in light gray with contrasting stripe. With white mildew-resistant sail. Crew capacity, 300 lbs.

SUPER SAILFISH . . . Length overall, 13'7". Beam, 35½". Sail area, 75 sq. ft. Weight of hull, 98 lbs. Finished in medium blue with contrasting stripe. With white mildew-resistant sail. Crew capacity, 400 lbs.

KNOCKED-DOWN *Sailfish* KITS!

These kits should not be confused with ordinary "kits" requiring extensive cutting and forming of materials. The *Sailfish* kits go together quickly and easily without special tools. All materials of the same high quality as in the factory-finished *Sailfish*. Simple and complete instructions supplied.

The *Sailfish* kit includes deck, bottom, stem block, inner keel and deck beams—all pre-cut and ready for assembly. Frames, daggerboard trunk and mast block are complete sub-assemblies. Rudder, daggerboard, curved sides, guard rails, tiller, etc., are pre-shaped. Sail is included. Mast and spars are shaped and ready for final sanding. All necessary hardware is supplied. Paint kit, with paints and varnish in proper proportions, is optional at slight extra cost.

Sunfish

Hull measures 13' 7½" by 3' 11½". Handcrafted from best quality marine plywood and Philippine mahogany. Finished in light green, light blue, light gray or bright red. Weight of hull is 135 lbs. and crew capacity is 460 lbs.

***Sunfish* KITS!**

Deck, bottom, stem block, inner keel and deck beams are pre-cut. Frames, daggerboard trunk and mast block are complete sub-assemblies. Rudder, daggerboard, sides, coaming, tiller, etc., are pre-shaped.

***Sailfish* Launching Dolly**
Waterproof, nylon bearings, marine plywood. One person can handle.

FOR BETTER BOATING . . .

Dundee Boats

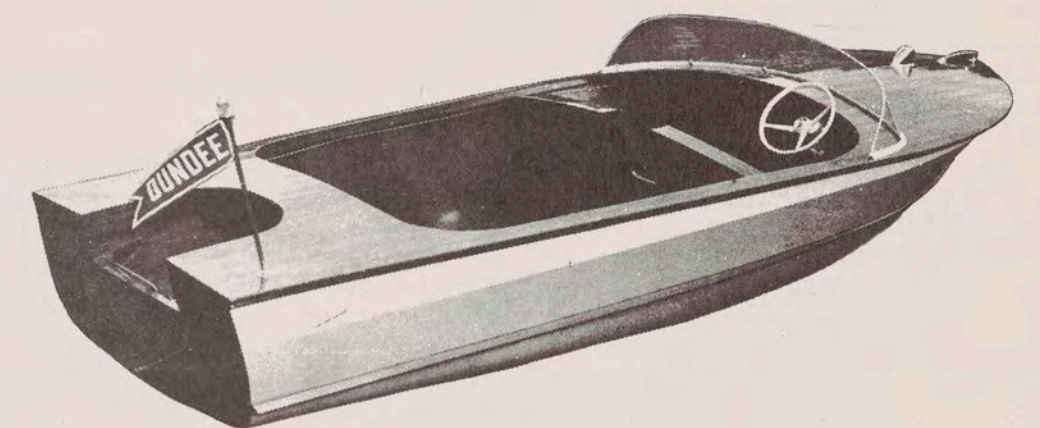

13' Lancer

Picture yourself at the helm of the new Dundee Lancer. Its sleek lines designed for high speed, great maneuverability and stability will provide you with many thrilling hours afloat. And of course you have the safety which is built into every "Dundee."

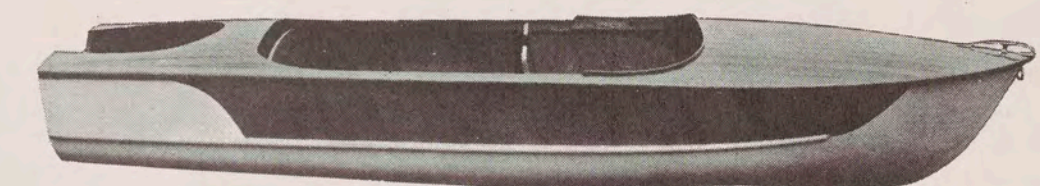

17' Seaman

A luxurious outboard suitable for use on large lakes or open water. Capable of handling the largest motors. Available with convertible top, and upholstery. See action shot, front cover.

16' Voyager Custom

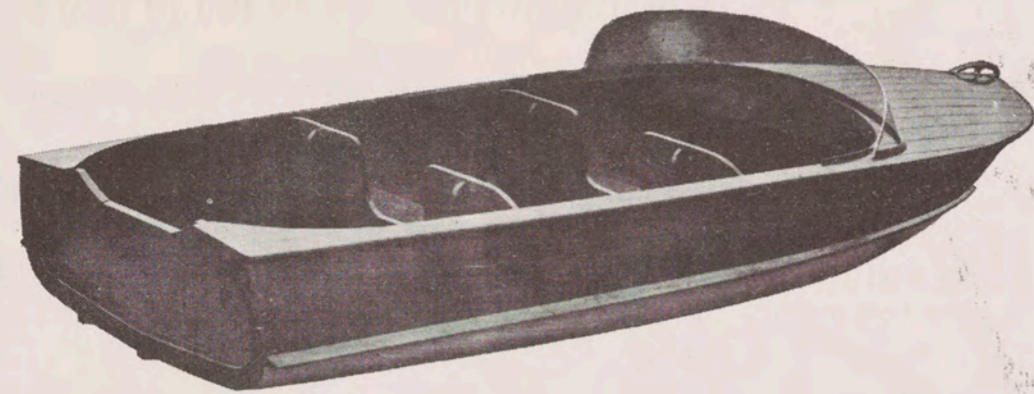

The all around boat—well equipped with comfort for weekender, and the boater who seeks greater luxury and speed. Features stern deck, walk-through front seat, and large motor well.

PRICES ON FOLLOWING PAGE

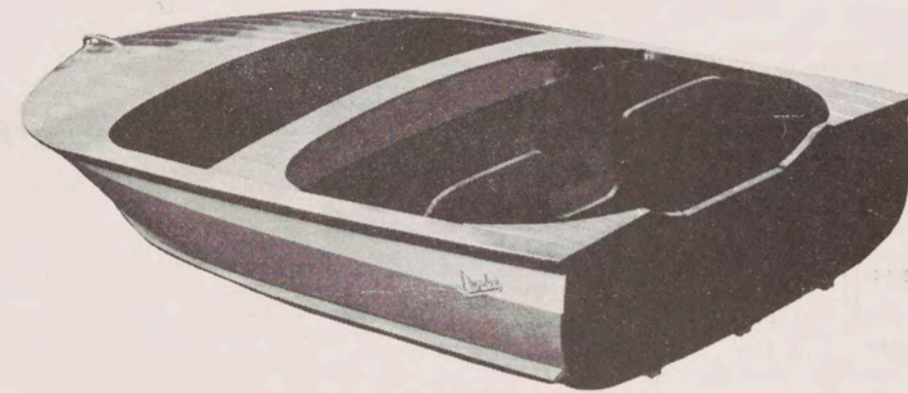

**15' Streamliner
Family Runabout**

Our biggest seller, right for stock, or custom finish. Its buoyant bow, and modified flare produce fine lines for excellent performance with the biggest motors.

13' Lancer Deluxe

The extreme width of the Lancer Deluxe provides a maximum planing surface with a minimum wetted surface. Excellent for center deck controls. See action shot at left.

13' Sportsman

This fine family boat is adaptable for front steering. Its great stability provides maximum safety in rough water.

**15' Streamline
Custom Deluxe**

A stern deck adaptation of the 15' Family Runabout, featuring large motor well, and walk-through center deck.

15' Streamliner Plydeck

A plywood decked version of the 15' Family Runabout. Incorporates the dazzling performance of the two other 15's while offering the smoother lines of plywood decking.

OUTBOARD MOTOR BRACKET

Folding bracket of corrosionless aluminum alloy. Fits port and starboard side or transom. Adjustable to angle.
\$25.00

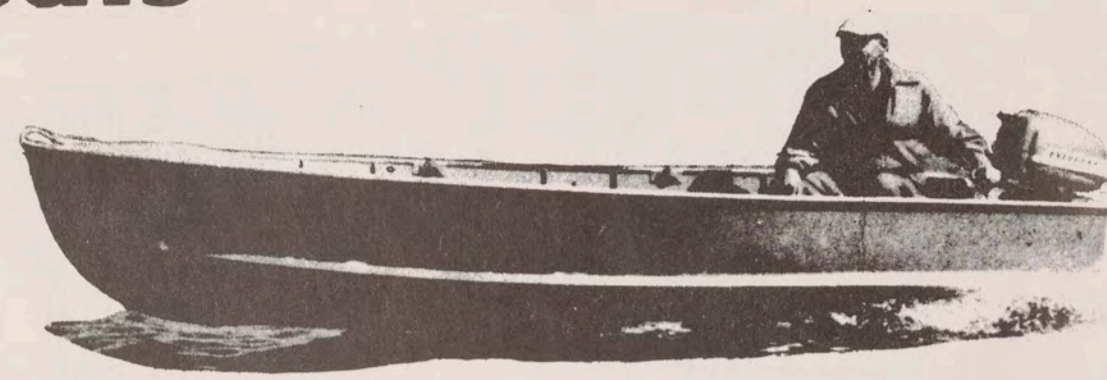

Skaneateles Boats, Skaneateles, New York -- Page 13.

Aluminum Boats

First and finest in aluminum watercraft.

All boats utilize Styrofoam as a permanent and foolproof buoyancy material. Ample flotation is provided to support boat, recommended motor, and passenger load. Stability, dryness, ease and safety of handling, speed and general "seability" have been stressed in each model.

FISHERMAN

Specifications: overall Length, 13' 4"; Maximum beam, 56"; transom width 46½"; Depth bow, 25½"; Depth center, 20"; Depth stern, 18½"; Weight, 160 lb.; For motors up to 15 hp; Price, \$425.

RUNABOUT

Specifications: overall Length, 14' 6"; Maximum beam, 62½"; Transom width, 53½"; Depth bow, 31½"; Depth center, 24"; Depth stern, 21½"; Weight, 255 lb.; Maximum hp recommended, 25; Price, \$625.

CARTOPPER

Specifications: overall Length 12' 3"; Maximum beam, 48½"; Transom width, 38½"; Depth bow, 23½"; Depth center, 17½"; Depth stern, 15½"; Weight, 87 lb.; Maximum hp recommended, 5.5; Price, \$325.

DINGHY

Specifications: overall Length, 103½"; Maximum beam (over fenders), 50"; Transom width, 36¼"; Depth bow, 22½"; Depth center, 19"; Depth stern, 15"; Weight, 78 lb.; Price, \$335.

SPORT BOAT

Specifications: Length, 15' 3"; Beam, 43"; Depth amidships, 14"; Width stern, 31¾"; Bow height, 25"; Weight, 112 lb.; Price, \$307.

Sailing equipment available.

CANOEES

ALUMINUM CANOES

Although constructed entirely of metal, flotation is provided in each end making it self-righting if upset. When filled with water it will still support more people hanging on the gunwales than would normally ride in it. It is easy to sit on the gunwales or crawl under the thwarts where it would be impossible to fall out.

Sails, rowing equipment, and outboard motor brackets available for all models.

The TOPPER

NEW CONVERTIBLE TOP FOR BOATS

Here's the last word in Boating comfort and pleasure... an accessory that will not only enhance the appearance of your boat but will provide welcome protection against broiling sun and rain. Barker's TOPPER is smartly designed, ruggedly built and is available with or without zip-in-side curtains and/or windshield of transparent plastic. Combination zipper and snap fastener features, make them easy to install or remove. Entire Top folds forward or backward compactly—lies flat on the deck. Put it up or down in a jiffy!

FEATURES

- 1 Frame bows are higher in the center to allow the water to run off easier.
- 2 Streamlined for appearance and lessened wind resistance.
- 3 Aluminum Pipe Frame for light weight, less top-heaviness. Rust proof. Jointed for easier storing and transporting.
- 4 Choice of seven colors in 10 oz. awning Duck.
 - #220—Army Khaki #806—Royal Blue
 - #221—Pearl Grey #808—Bottle Green
 - #644—Suntone Yellow #1080—Lake Green
 - #687—Sunset Red Flameproofed.
- 5 Windshield and Side Curtains have durable plastic windows and attach to top with zippers.

Airguide

MARINE COMPASSES

SPEEDOMETERS
BAROMETERS
CLOCKS

ONLY \$15.00
RETAIL

Airguide marine instruments add the crowning touch to your boating pleasure. For here's a line of sleek nautical items no skipper can resist. Whether it's a compass or speedometer, a barometer or clock, it's made with true marine precision. There are many special design and functional features too that account for the spanking increase in Airguide sales. Prices? Just look at them. They're definitely "starboard" for the biggest skipper trade in your log.

NO. 88 MARINE Compass Illuminated

We expected a good demand for this model when we introduced it last season because we knew it was right in so many ways: in easy readability, in accuracy, in adaptability to so many types of boats — and especially right in price to appeal to the biggest possible market. But even we were surprised at the way these 88s sold out again and again from coast to coast and in between.

Here are the features that make the 88 a sure seller:
Easy to install and adjust, and quickly removable for safe-keeping.
No gimbal required.
Jeweled movement, powerful Alnico Y

magnets to assure fast, steady reading, aircraft type compensators, red underlit dial for night reading, black crackle finish. Especially adaptable for sailboats due to "U" type bracket which can be shifted for mounting athwartship or in line with keel. Compass can be free swinging in bracket or locked with the bracket in any position from horizontal to vertical.

Performs with the accuracy expected only of compasses costing a great deal more.
It's the ideal compass for large or small boats, inboards, outboards or sailboats. Overall height including bracket 4 1/2". Case diameter 3 3/4". \$15.00 Retail.

NO. 87 MARINE Compass

Small boat skippers especially go for this typically nautical gimbal-mounted compass. It has also proven popular as a standby compass for larger craft.

Smart appearance plus — with shining black dome-type dial with clean white details, gray case and anodized aluminum gimbal, powerful Alnico Y magnet and aircraft type compensators. Easily snapped out of gimbal for safe-keeping. Height including bracket 3 1/2", case diameter 2 3/4". Only \$7.50 Retail.

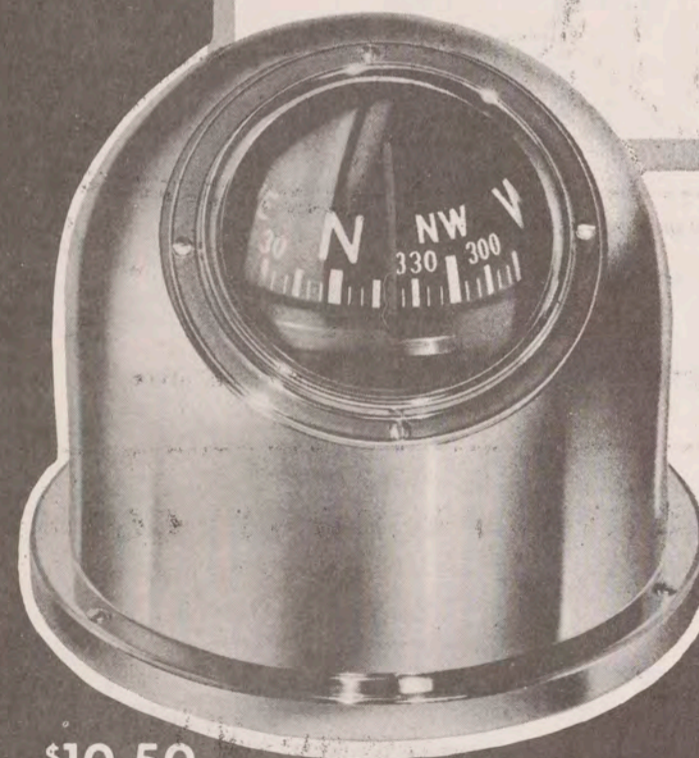

\$7.50
RETAIL

NO. 11-C Binnacle ONLY Illuminated

Besides providing illumination and weather protection for the No. 87 Marine Compass, this sparkling binnacle adds a final "dressed up" touch to any boat. Made of rugged spun brass heavily chrome plated. 2-power magnifying crystal adds to the already high readability of the No. 87 dial. Only \$10.50 Retail (Compass not included).

\$10.50
RETAIL

NO. 89 FISHERMAN'S COMPASS

A simple but effective portable compass for the fisherman who uses wood, aluminum or fiberglass boats. Gives accurate general directions when used at reasonable distance from magnetic objects, making compensation unnecessary. Ideal for the fisherman who frequents larger lakes or who depends on rental boats. Spring clip secures compass to seat instantly. Clip is easily detached so that instrument can be used as a pocket compass. Black dial with white calibrations swings freely in liquid filled plastic bowl. Operating magnet is powerful Alnico V material. Gray plastic case and plated brass clip. 2 3/4" high overall, 2 1/4" in diameter. Price \$2.95 Retail.

\$2.95
RETAIL

Airguide

Watch it GO-

...with the NEW DOLPHIN

ILLUMINATED DECK MOUNTED SPEEDOMETER

Here's a smart and sassy new number with a sparkle to catch every skipper's eye. The Dolphin's chrome curves make it a prize accessory for any craft. It sits snugly on deck near the steering unit where boat speed can be easily watched. At night the translucent dial lights up with a soft glow. A black rubber protective pad neatly hugs the deck contours. Easily installed. No screws are visible to mar its proud, shapely beauty. And best of all, it features Airguide's exclusive Contralog* movement for the finest reading ever!

NO. 707 • 45 MPH Only

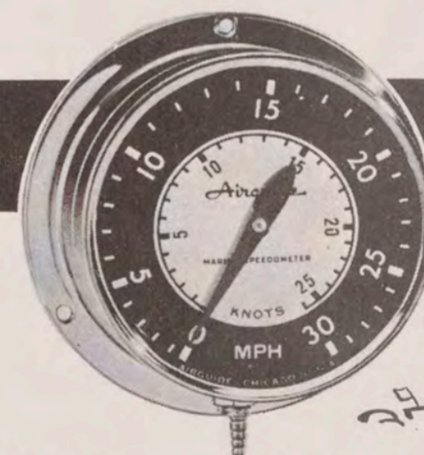

Heavily Chrome plated case 3 1/4" in diameter, 4 1/2" long, 4" high. Fits decks up to 1" thick. \$15.00 Retail (Choice of pick-up units, extra).

ONLY
\$15
RETAIL

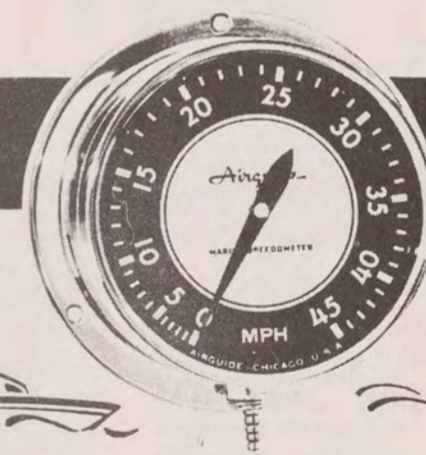

OTHER POPULAR SPEEDOMETERS

All dressed up and ready to GO, there's an Airguide Speedometer for every type of boat. Cases are heavily chrome plated. Flange diameter 4", dial 3". All models have the Contralog* movement. (See the comparative chart on opposite page.)

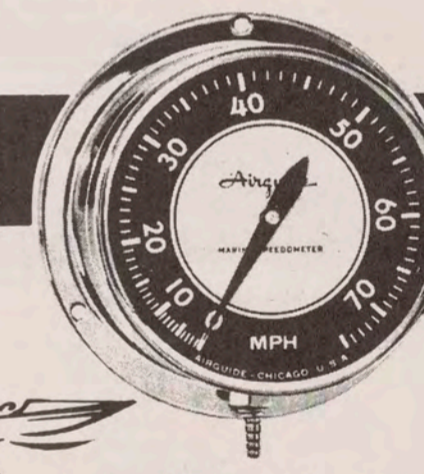

For Cruisers and Small Outboards

NO. 701 • 30 MPH
Calibrated in knots and 1 MPH graduations.
\$8.95 Retail (Head only).

For Large Outboards and Runabouts

NO. 702 • 45 MPH
Calibrated in 1 MPH graduations.
\$8.95 Retail (Head only).

Special Model for Racers

NO. 703 • 75 MPH
Calibrated in 1 MPH graduations.
\$8.95 Retail (Head only).

NO. 709 • 45 MPH

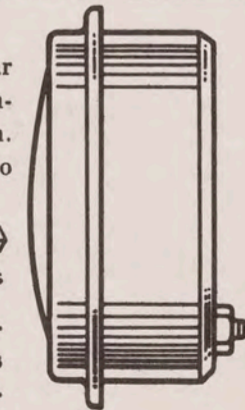

New back-connected model, included by popular request. Neat, no tubing or connections visible when installed. Only one small hole (1/2") required in panel.

\$8.95 Retail (Head only).

NO. 710 • 45 MPH

Also added to the line because of popular demand. Face flush with panel. Back-connected with all tubing and connections hidden. Easy to install, easily accessible. Fits into 3 1/4" hole.

\$10.95 Retail (Head only).

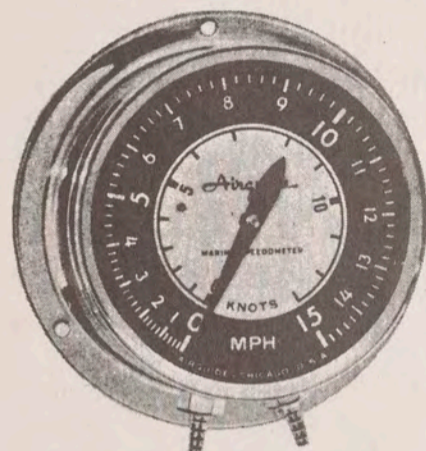

OF SPECIAL INTEREST TO DEALERS . . . With the Airguide Marine Line, your inventory requirements are greatly reduced. This is due to the fact that all types and lengths of boats are provided for in a choice of only 5 pick-up units, sold separately but which may be used with any desired head. (Note exception: The No. 700 15 MPH sailboat head and the No. 15 Pick-up unit, though also sold separately, are especially designed to be used together.)

Skaneateles Boats, Skaneateles, New York -- Page 21.

704, 705, 706, 707, 709, 710
PATENTS PENDING

MARINE SPEEDOMETERS

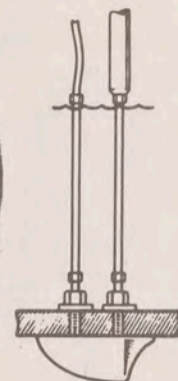

Special Model for Sailboats

NO. 700 • 15 MPH

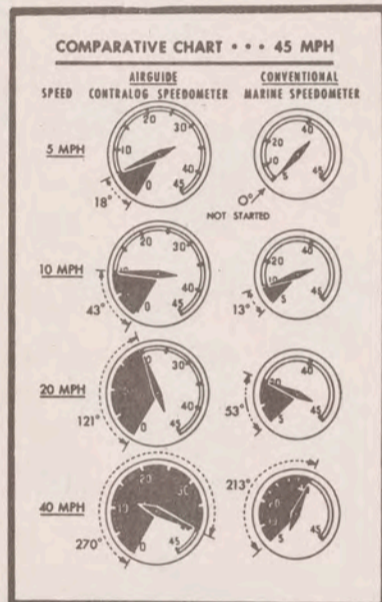

Designed especially for sailboats and other low speed craft. Special static connection added to compensate for variations in pressure caused by roll and pitch of boat. Should be used only with No. 15 Pick-up Unit shown here. Dial calibrated in both knots and 2/10 MPH graduations.

\$10.95 Retail (Head only).

NO. 15 DUAL CONNECTION THRU-HULL MOUNT Assembly similar to No. 19 (below) except it has dual fittings for pressure and static tubes required for No. 700 Sailboat head.

\$9.00 Retail.

In choice of 3 speed ranges
15 MPH 30 MPH 45 MPH

DESIGNED ESPECIALLY FOR OUTBOARDS A complete portable unit, head, bracket, stabilizer and pitot all in one complete assembly. No tube connections to make. No holes to bore. User merely clamps it onto transom and it is ready for use. Mounted to one side of the motor, it does not interfere with and is not affected by the motor's operation. Quickly removed for safe-keeping. **\$15.00 Retail.**

RUGGEDLY CONSTRUCTED Case heavily chrome plated. Adjustable for transoms 12" to 20" high and up to 1 3/4" thick. Overall height of unit 16 1/2" with pitot retracted. Case diameter 4" with 3" dial. Sturdy, but light in weight for easy carrying. 1 1/2 lbs.

No. 704 • 15 MPH for fishing boats and other low speed outboards.

No. 705 • 30 MPH for small outboards.

No. 706 • 45 MPH for large outboards. All models **\$15.00 Retail** Complete.

Recommended for use in FRESH WATER ONLY

\$15 RETAIL

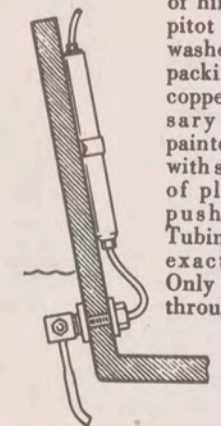

CHOICE OF 4 PICK-UP UNITS FOR MODELS 701, 702, 703, 707, 709 and 710 featured on opposite page.

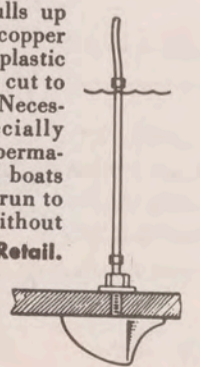

No. 13 TRANSOM MOUNT Assembly consists of 4" streamlined pitot tube attached to 10" painted brass stabilizer, 16' of plastic tubing with fast positive fittings. Pitot pivots on lower end of stabilizer so it will kick up when it strikes an obstacle. Tubing may be cut to exact length needed.

\$5.00 Retail.

No. 18 THRU-TRANSOM MOUNT This unit provides a neater and more versatile installation with stabilizer mounted out of sight. Assembly consists of hinged 4" streamlined pitot tube, brass stud, washer and nut, rubber packing washer, 10" of copper tubing with necessary connectors, 10" of painted brass stabilizer with strap and screws, 16' of plastic tubing with push-on connectors. Tubing may be cut to exact length desired. Only 1/8" hole required through transom.

\$7.50 Retail.

No. 14 THRU-HULL MOUNT Assembly consists of weldless design bronze pitot tube 3" long, threaded brass fittings for hulls up to 1 1/4" thick, 2 1/2' of copper tubing, 8' of durable plastic tubing which may be cut to exact length desired. Necessary fittings. Especially recommended as a permanent installation in boats where tubing can be run to speedometer head without cut-backs.

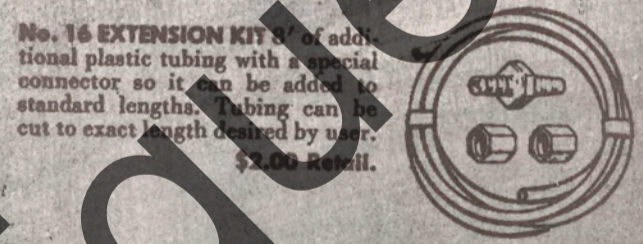

\$5.00 Retail.

No. 19 THRU-HULL MOUNT WITH STABILIZER Same as No. 14 except 10" painted brass stabilizer has been added. Desirable for larger boats or where cut-backs cannot be avoided. Provides finest accuracy.

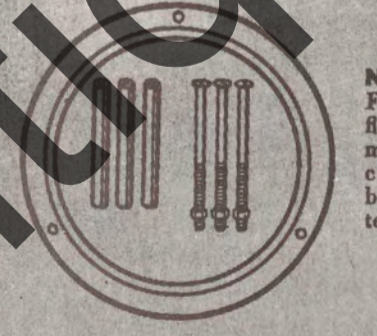

\$7.50 Retail.

SPEEDOMETER ACCESSORIES

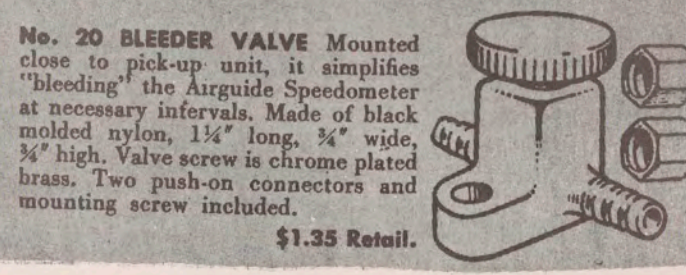

No. 16 EXTENSION KIT 8' of additional plastic tubing with a special connector so it can be added to standard lengths. Tubing can be cut to exact length desired by user.

\$2.00 Retail.

No. 17 PANEL MOUNT KIT For converting from regular flange mount to flush panel mounting. Kit contains chrome-plated brass bezel, bolts, spacers and necessary templates.

\$2.50 Retail.

No. 20 BLEEDER VALVE Mounted close to pick-up unit, it simplifies "bleeding" the Airguide Speedometer at necessary intervals. Made of black molded nylon, 1 1/4" long, 3/8" wide, 3/8" high. Valve screw is chrome plated brass. Two push-on connectors and mounting screw included.

\$1.35 Retail.

Airguide BAROMETERS AND CLOCKS

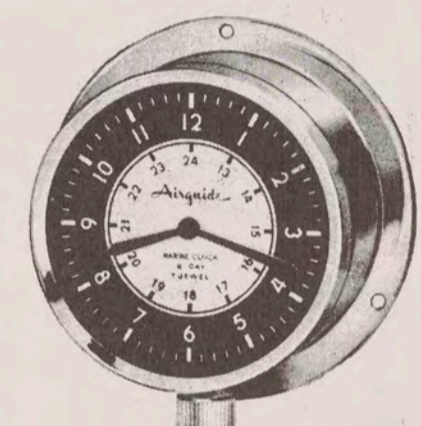

MATCHING CLOCK AND BAROMETER UNITS

... give an instrument panel that deluxe nautical look. And these two instruments not only match each other, but the Airguide Speedometer heads as well, with the same dimensions, finish and general appearance.

NO. 245 MARINE Barometer

Chrome plated die-cast case with white details on black dial. Calibrated in both inches and millibars. A sturdily constructed instrument that will give dependable nautical service. Flange diameter 4", dial 3". **Price \$10.00 Retail.** (May be converted to panel mounting by means of the MODEL 17 PANEL MOUNT KIT.)

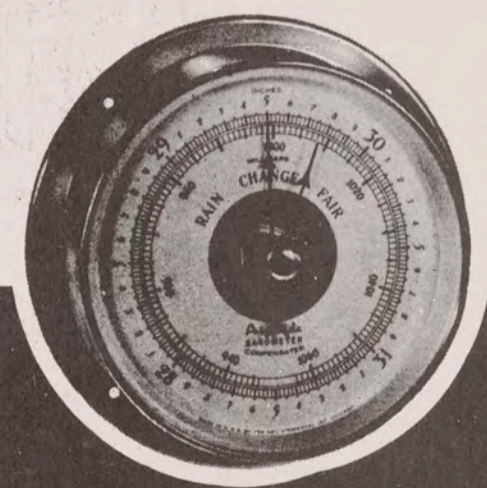

NO. 1245 MARINE Clock

Matches No. 245 Marine Barometer in case and dial specifications. Fine 8-day, 7-jewel movement. Note that dial is scaled for both 12 and 24 hour readings. Always a popular piece of nautical fitting. Flange diameter 4", dial 3". **Price \$25.00 Retail**

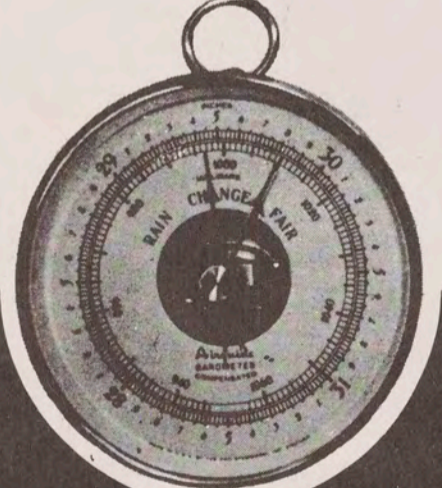

POPULAR AIRGUIDE MARINE Barometers

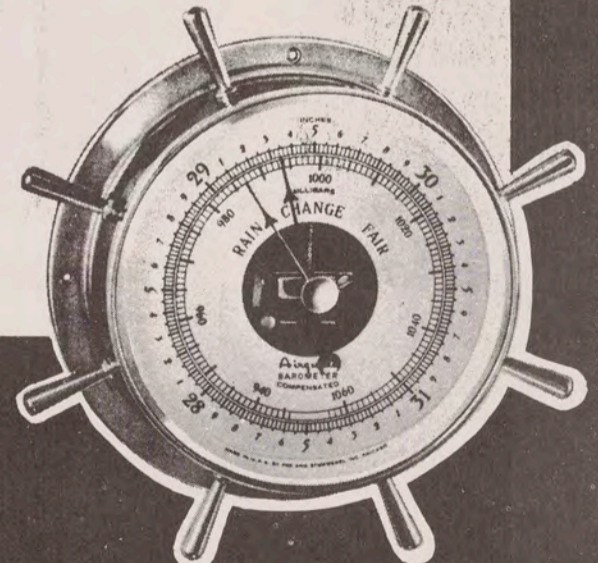

Three truly nautical barometers designed and engineered to high marine standards. Long popular with the boating set. Ideal for cruising or dry land desk and den. Ruggedly made, compensated, calibrated in both inches and millibars. Sensitive to slightest atmospheric changes. Diameter of dials, 4 1/2". Two models come in choice of natural polished brass or high polished chrome finished cases.

NO. 213-C Chrome finish \$18.50 Retail

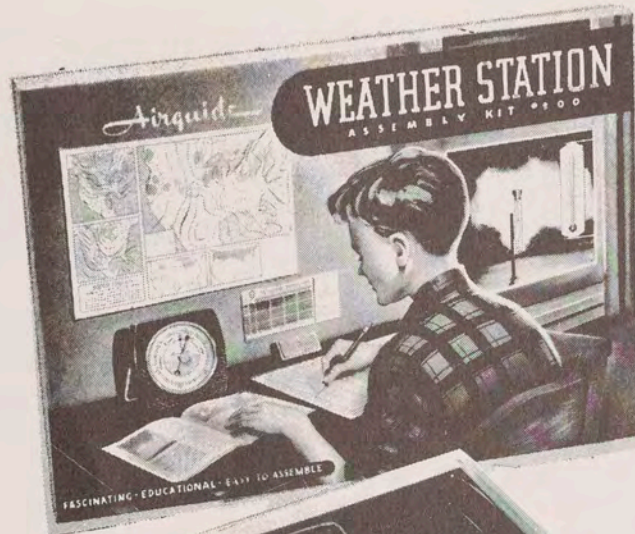

No. 407-Indoor-Outdoor

THERMOMETER

Tells both indoor and outdoor temperatures. Mounted indoors. No holes to bore. 8 3/4" high, 4" of tubing. Two plastic case colors: No. 407-A dark gray. No. 407-B ivory.

\$5.00

No. 900-Weather Station

A fascinating, instructive and long-lasting hobby kit that is fun to assemble and fun to use. Kit contains assembly parts for three original Airguide Weather Instruments: Desk Barometer, Outdoor Thermometer and Rain Gauge, also a colorful manual on weather, a complete instruction and information sheet and a year's supply of weather observation charts—all the elements needed for an interesting and absorbing "home weather bureau".

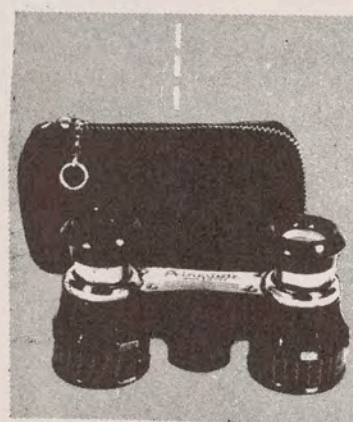

\$10.00

No. 901-Bird Watchers' Kit

The popular paraphernalia for Bird Watchers: (1) a powerful Airguide Field Glass with neck strap. Fine quality 40MM optically ground lenses provide the wide field of vision necessary for spotting and following birds. Smooth, fast focusing. Light weight metal frame. Smooth plastic eye-pieces. Leatherette covered barrels. (2) Sport-type leatherette Carrying Case with strap. (3) Authoritative Bird Manual with 112 American birds shown in natural color. (4) A handy spiral bound Field Note Book.

\$8.95

No. 44-A-Sport Glass

2 1/2-POWER

24 MM Achromatic lenses • Lizard skin barrel coverings • Light weight metal frame in black or brown finish • Polished metal bridge • Weighs only 3 1/2 ounces • Overall length 3 3/4 inches • Wonderful for sports and the theatre • With leather zipper case,

\$23.00

No. 47A-Field Glass

5-POWER

40 MM Achromatic lenses, hard coated • Black bakelite eye-pieces • Durable, weather-proof barrel covering • Weighs only 12 ounces • Height closed, 4 1/4 inches • With leather case and strap,

\$25.00

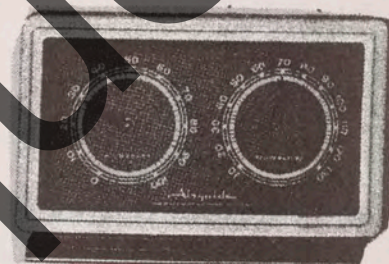

No. 5-Spy Glass

5-POWER

27 MM objective lenses • Smooth sliding, focusing action • Draw tubes polished aluminum • Conveniently light in weight, 2 1/2 oz. • Extends to 8 1/2", closed 4 1/2" • Soft leatherette carrying case designed for handy suspension from belt • Not a toy.

\$2.50

No. 105-Carlton

HYGROMETER-THERM.

A useful and beautiful instrument. Tells temperature and humidity at a glance. Warm gray plastic case, polished brass base and dark gray dial, 3 1/2" high, 5 1/4" long.

\$5.00

GALLET and GALCO TIMERS

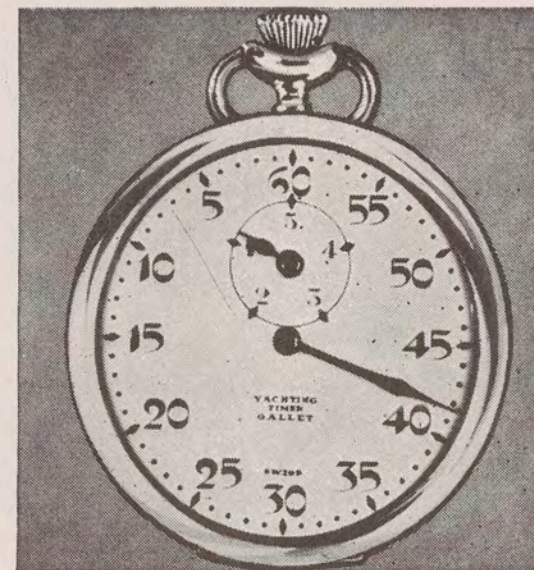

- 7-JEWELLED LEVER MOVEMENTS (None Stronger Made)
- CHROME FINISH, HINGED NICKEL CASES
- NIVAROX HAIR SPRINGS AND GLACIDUR METAL BALANCES TO MINIMIZE CONTRACTION AND EXPANSION
- ANTI-MAGNETIC

GALLET 10-SECOND TRACK TIMER

Actual Size Illustrated
Mostly used for short sprints. Each second divided into ten parts. Registers up to 5 minutes.

GALLET-No. 419-7J \$51.40
GALCO-No. 919-7J 45.80
(But with 10 minute register)

GALLET YACHT TIMER

Indispensable while maneuvering in yacht and motor boat races, between the preparatory and starting guns. 5-minute indicator; start, stop and fly back from crown.

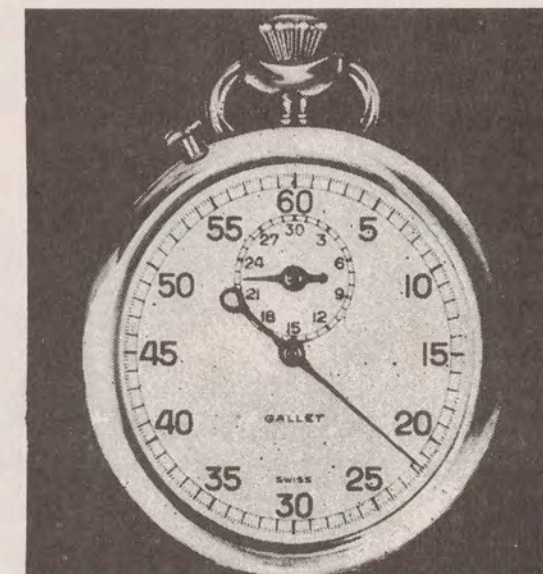

GALLET-No. 314-7J \$42.00
SECURITY-No. 501Y-1J 30 min. register with comb. 3 and 5 min. intervals 21.00
GALLET-No. 314W-7J 58.10
(Same as above but with Water Resistant Case)

GALLET FOOTBALL AND BASKETBALL TIMER 1/5 SECOND

IDEAL FOR BROADCASTING
Highly dependable. Fifth second, 30-minute register; fly back from crown, side slide for starting and stopping.

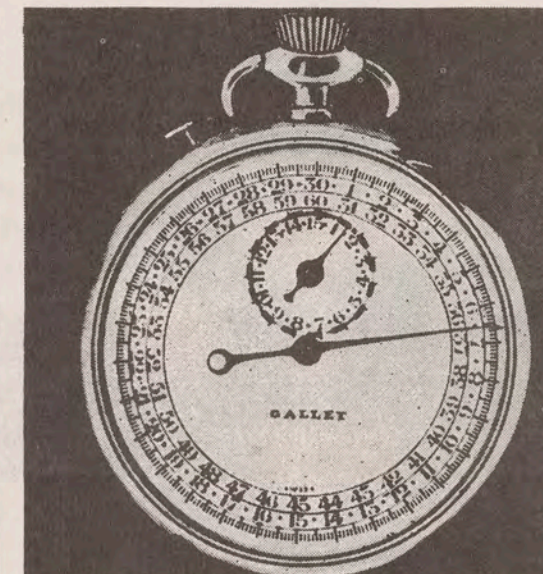

GALLET-No. 402-7J \$44.80
with Locking Device 42.30
without Locking Device 36.40
GALCO-No. 810-7J 22.40
SECURITY-No. 510-1J

GALLET 1/5 SECOND FOOTBALL BASKETBALL AND BROADCASTING TIMER

A combination of the regular start, stop and fly back and Football timer. A pressure on the crown will consecutively start, stop and again start the timer. A pressure on the side pin will bring both hands back to zero.

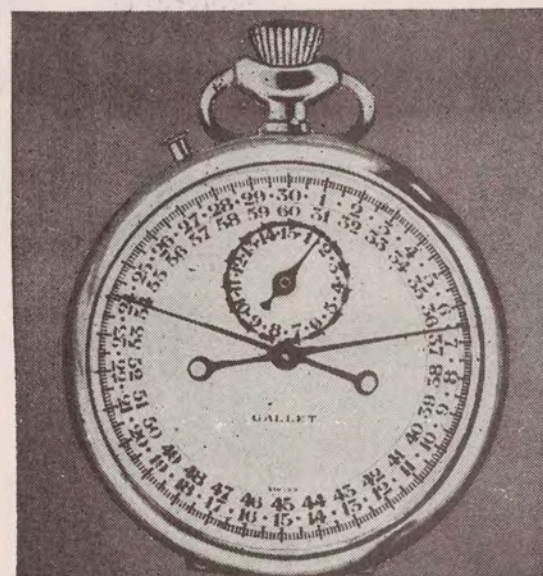

GALLET-No. 305-7J \$42.30
GALCO-No. 815-7J 36.40
SECURITY-No. 515-1J 22.40

GALLET TENTH-SECOND FOOTBALL AND BASKETBALL TIMER

A combination of the regular start, stop and fly back and Football timer. A pressure on the crown will consecutively start, stop and again start the timer. A pressure on the side pin will bring both hands back to zero.

GALLET-No. 405-7J \$44.40
SECURITY-No. 555-1J 23.80
GALLET-No. 938-7J, 2 1/4" Dia. 49.30

GALLET TENTH-SECOND SPLIT RELAY TIMER

This watch is particularly useful where extremely precise timing is necessary. Tenth-second, 15-minute register; start, stop and fly back from crown; side push for the split-second hand.

GALLET-No. 499-7J \$84.70

DOUBLE-BUTTON GALLET CHRONOGRAPH 30 MINUTE REGISTER

14 lines; 17-jeweled dependable movement. Steel-back case with time-out feature. For aviators, automobile and motorboat racing, and other speed recording. On the 1024/7, after timing the measured mile, sweep-second hand will show the miles per hour.
GALLET-No. 1024/7-Tel. & Tach. Dial... \$69.30
GALLET-No. 1024-Plain Dial 69.30

RACINE WATCH FOR SKIN-DIVERS

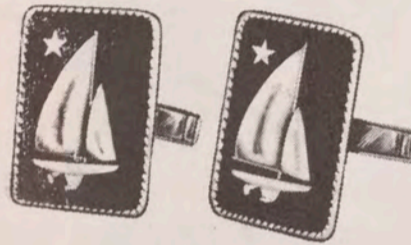

Designed specially for under water use, ideal for skin diving and many other uses. Made to be impervious to water at depths of 100 feet. Sturdy stainless steel case, 10 1/2 L, 17J fine Racine movement, unbreakable type main-spring, Incalcoat, clear Radium dial, water-proof.

RACINE-No. 1062-17J \$74.20

Presents the Perfect Gift or Trophy FOR THE BOATMAN

Authentic 3-Dimensional Half Model Yachts and other Nautical Items.

Illustrated in this brochure are exact miniature half models of sail and power boats, that are available in many desirable forms of jewelry such as earrings, cuff links, tie-bars, belt-buckles and key chains.

The sails and hulls and other marine objects have been painstakingly fashioned in miniature form of lustrous sterling silver or 14K gold.

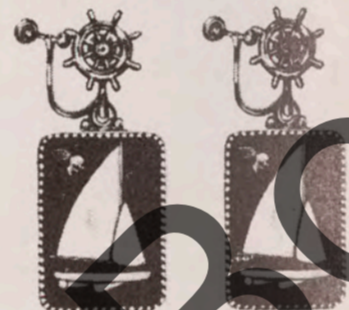

The numerous other items shown on the adjacent pages are equally fascinating. The brightness of sterling silver and the beauty of 14K gold enhance each piece and add to the craftsman's accomplishment.

See bottom of page for listings of models available.

MODEL **BENSEN** B-7B

FLYING BOAT

After many years of research Bensen Aircraft engineers finally succeeded in adapting their world-famous Gyro-glider to a plain ordinary boat. The advantages are obvious: where there is water, there is plenty of space; no airport traffic to worry about, no need for long paved runways, no worries about the cross-winds etc. And after you are through flying, you can still take the family to a picnic, or go fishing, in the same boat.

Almost any outboard, or a rowboat, old or new, can be fitted with the Model B-7B "ROTOSAIL" to become a Flying Boat. The only condition is that it must weigh 200 lbs or less, but the lighter, the better, of course. The ROTOSAIL can be purchased either ready-made, or in Kit form, or be built by a home hobbyist from a set of Construction Plans. The prices are as follows:

Complete Construction Plans with Building and Flying Instructions ----- \$ 20.00

Material Kit for home construction and assembly ----- \$198.00

Complete ROTOSAIL, ready to fly ----- \$595.00

B-7B FLYING BOAT, test-flown at the factory ----- \$895.00

Many parts and components of the ROTOSAIL are interchangeable with the B-7 Gyro-glider, so you may convert one into the other, if you wish.

MOTOR CONVERSION, MODEL B-7
GYRO-GLIDER

The GYRO-GLIDER and the HYDRO-GLIDER are helicopter gliders that have no engines and can fly like kites. Helicopter-like rotor blades provide the lift. They turn automatically by the force of the wind, just as Dutch windmills do. This is known as "autorotation". All helicopters today fly in autorotation when their engines are stopped.

ANYONE can fly it. CAA has ruled that you don't need a pilot license, nor the license for your Gyro-glider to fly it. You can fly it in your own backyard. If you can ride a bike you can learn to fly the Gyro-glider. A single stick with bicycle hand-grips controls your forward flight, makes turns and banks, makes you go up and down. Complete instructions on how to fly it are provided in the PLANS.

It is SAFE. Unlike the fixed-wing gliders, the Gyro-glider cannot stall, because its rotor continues to spin even when forward speed is cut to zero. You always have complete control of the flight. Even when you choose to come straight down like an elevator, you descend slower than a parachute.

Flies almost ANYWHERE. You don't have to fly from the airport. Any stretch of flat land where your car can go 25 mph is good enough. A racetrack, an athletic field, an old road, a beach, are all OK. The Gyro-glider also can be put on floats and towed over water by a boat. In strong wind above 25 mph you don't have to go anywhere; it will fly like a kite over any clearing. The top of a hill is ideal for Kiting!

It will fly WITHOUT ROPE. It can glide in free flight and even make headway against the wind. When you attach an engine to it, it always flies in free flight, without a tow-rope. Lands with forward speed of about 7 mph and rolls only 10-20 feet in calm air. On most days with wind you can vertical land like a helicopter.

COMPLETE MATERIAL KITS (price includes Construction Plans):

Kit #7-KC Complete Material Kit, for Gyro-glider-----\$349.00
Kit #7W-CK Complete Material Kit for Hydro-glider----- 395.00

COMPLETE AIRCRAFT:

B-7 GYRO-GLIDER, test-flown at the factory----- 695.00
B-7W HYDRO-GLIDER, test-flown at the factory----- 895.00

All prices are F.O.B. factory and subject to change without notice.

FLOAT CONVERSION, MODEL B-7W
HYDRO-GLIDER

AQUASPORT
MAHOGANY DELUXE

The rich texture of African Mahogany and the five-ply construction contribute to the outstanding beauty of this top grade ski.

The finish is hand rubbed clear tough spar varnish, which brings out the true lustre of the rich mahogany. These skis, of tapered construction for strength and flexibility, are equipped with our Patented Front Adjustable Safety Binding.

5' 6" long and 6½" wide
Price \$45.00

AQUASPORT
CHAMPION

The top quality expert ski. A tapered section five-ply laminated ski with select ash core and yellow birch veneer exterior plys. These skis are finished in tough clear spar varnish, in natural wood grain, featuring the Aqua Sport Front Adjustable Safety Binding.

5' 6" long and 6½" wide
Price \$42.50

AQUASPORT
SPECIAL

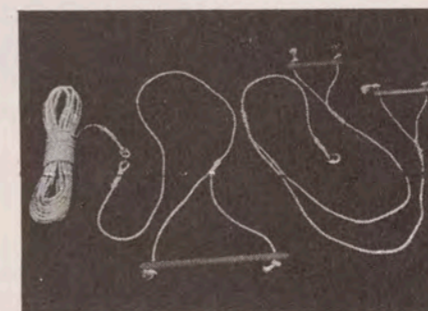

A popular five-ply laminated ash ski with double taper section for lightness and strength. This ski is equipped with our Patented Front Adjustable Safety Binding. Finished in tough bright colored enamel.

5' 6" long and 6½" wide
Price \$39.50

AQUASPORT
OUTBOARD

This ski incorporates all the features of Aqua Sport quality. It is designed especially for use with OUTBOARD MOTORS. It is longer and wider than the standard models. Finished in bright enamel. Complete with our Front Adjustable Safety Binding.

5' 9" long and 7" wide
Price \$32.50

TOURNAMENT ROPE KIT

One 70 ft. ¼" manila line with Brummel hook.
One 5 ft. bridle, single handle with Brummel hook.
One 5 ft. bridle, slalom handles with Brummel hook.
A. W. S. A. Standard Price \$8.50

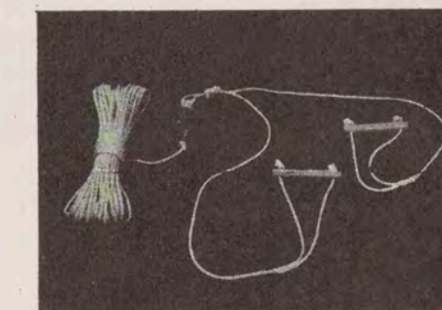

AQUASPORT
SAFETY BINDING

This Front Adjustable Safety Binding has been granted U. S. Patent No. 2540576. Years of development and testing went into this design.

FEATURES:

1. Years ahead of any other binding on the market. No matter what your foot size, the HEEL remains fixed at the BALANCE POINT.
2. Complete safety — no wing nuts, sharp edges or other dangerous projections.
3. Front adjusting — merely slip the foot into the binding, then slide the plate back to the toe and tighten the large flat knurled thumb nut.
4. Made of aluminum and moulded rubber.
5. Wide range of adjustment is possible from size 12 down to size 4.

Packed one pair to the carton with all screws, bolts, nuts, etc. \$12.50
Extra toe pieces \$1.25 each. Heel pieces \$1.15 each.

SLALOM LINE

Regulation 75 ft. ¼" manila line with eye splice, float and double SURE-GRIP handles.
A. W. S. A. Standard Price \$5.75

Skaneateles Boats, Skaneateles, New York -- Page 29.

AQUASPORT

TOURNAMENT JUMPERS

The 1953 World's Jumping Record was set on these skis, a distance of 97 feet. Only the finest quality of materials go into this ski. These five-ply laminated and tapered skis have a specially reinforced tip and are truly the choice of champions. Complete with special jumping binding; open toe design for comfort and safety in jumping. Equipped with scientifically designed single jumping fins.

6' long and 6 3/4" wide
Price \$58.50

AQUASPORT

SLALOM

These skis are TRIPLE TAPERED. In addition, our exclusive flat taper towards toe and tail—our slalom skis have a slight side taper from front to back, which makes for greater maneuverability and steadiness. Equipped with Front Adjustable Safety Binding and universal rear binding.

This ski of five-ply construction with a beautiful clear tough spar varnish finish. The deep stabilizing fin is scientifically designed of rugged DURAL.

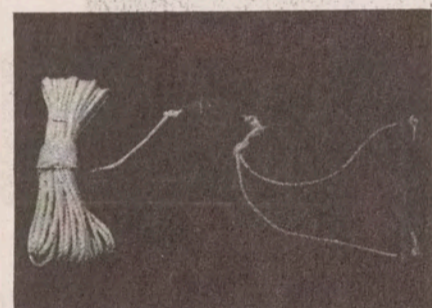

5' 9" long — width tapered from 7" to 6 1/2"
Price \$29.50

AQUASPORT

TURNAROUNDS

These skis conform to American Water Ski Association rules. Constructed of five plies of selected hardwood, these skis are ideal for tricks on the ski jump or on the water. No fins are used on these skis. Complete with our Front Adjustable Safety Bindings.

4' 9" long 7 3/4" wide
Price \$41.50

STANDARD SKI LINE

Regulation 75 ft. 1/4" manila line with eye splice, wooden float and SURE-GRIP handle.

A. W. S. A. Standard Price \$4.75

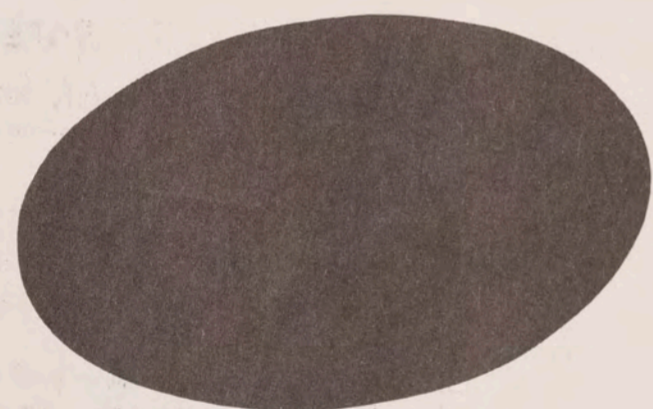

AQUASPORT

SHOE SKIS

These skis were specially designed for the advanced skier who would like to enjoy the thrill of shoe skiing. Equipped with a special universal open toed binding, these skis will provide a lot of fun.

Price \$10.50

AQUASPORT

FLYING SAUCER

These laminated saucers are finished in bright enamel. For use with regular single handle tow lines; these saucers will provide a lot of fun with perfect safety.

Price \$16.00

AQUASPORT

AQUAPLANE

Constructed of marine plywood. Equipped with heavy white cotton hand ropes. Finished in bright contrasting colored marine enamels. Non-skid deck paint is used on the foot pad.

6' long 24" wide
Price \$24.50

YOU ASKED FOR IT SO

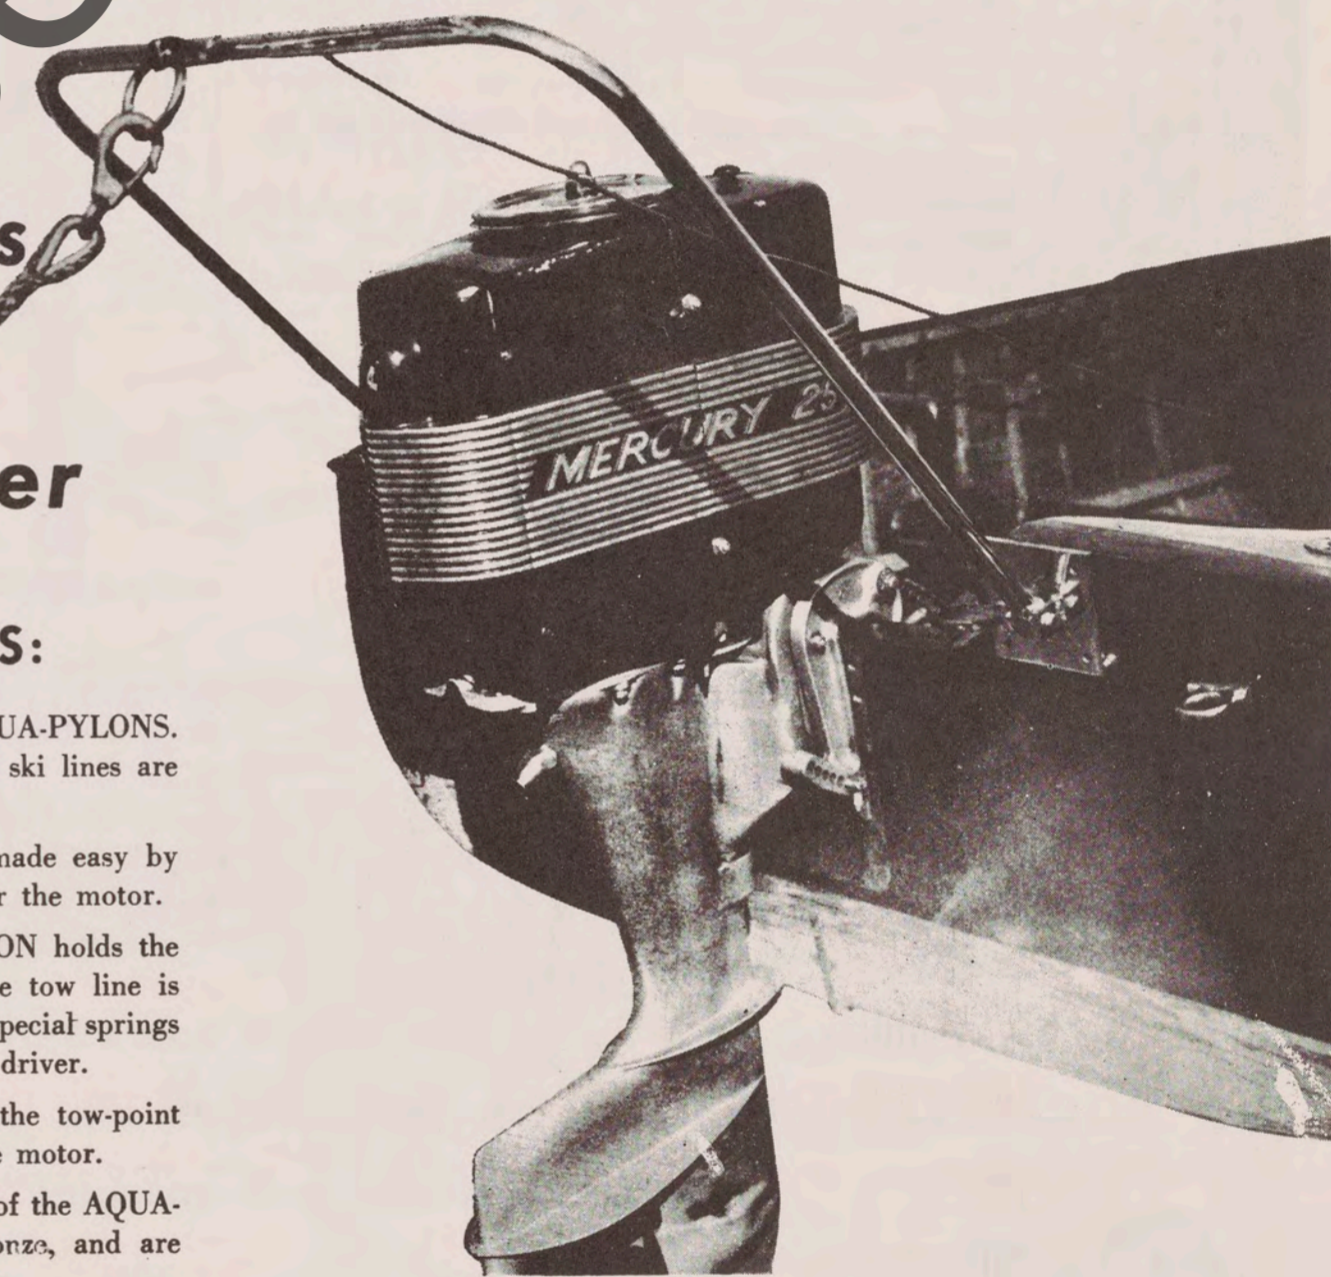

COVE-CRAFT PRESENTS

THE AQUA-PYLON
A WATER SKI TOWING HITCH FOR OUTBOARDS

SAFE
for the kids
EASY
for the driver

ADVANTAGES:

1. SAFETY HOOK is supplied on all AQUA-PYLONS. A quick pull on the lanyard and all ski lines are released immediately.
2. Attaching or changing ski lines is made easy by simply tilting the pylon forward over the motor.
3. No more cut lines. The AQUA-PYLON holds the line clear of the propeller. When the tow line is slack the AQUA-PYLON is lifted by special springs so that the line is visible to the boat driver.
4. Easier boat handling is assured as the tow-point is kept constantly directly behind the motor.
5. Chrome plated throughout. All parts of the AQUA-PYLON are of steel, or marine bronze, and are resistant to both fresh and salt water.
6. DEMOUNTABLE — When not using your boat for water skiing, the AQUA-PYLON can be easily and quickly removed.
7. Attach it yourself. Only a few holes to bore, make up the bolts and adjust the bar.
8. Fits any outboard hull. Adjustable from 30' to 40'.
9. Clears any size motor.
10. Towing aquaplanes is also made less hazardous with the AQUA-PYLON. The safety hook provides instant release when the aquaplane dives, or if the rider gets a bad fall.

Airollers PROTECT BOAT BOTTOMS

ROLL A BOAT UP ON ANY SHORE — The soft, yielding low pressure surface of the Airoller shapes itself to both the BOAT and the ROUGH GROUND. (See illustration at left.) All abrasive and scraping action is avoided — no damage to planking or paint!

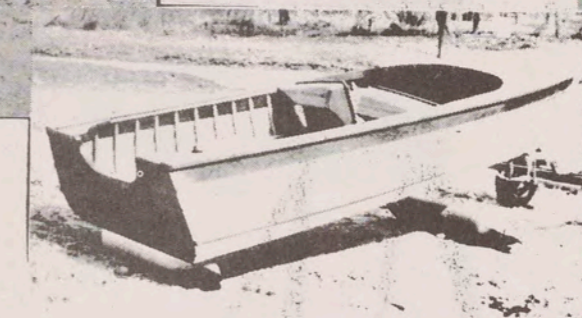

A boat with barnacle growth can be hauled safely without barnacles being ground into planking. Airollers are tough to withstand the sharp edges of barnacles.

Airollers ARE HANDY AT LOTS OF JOBS

TRAILER
to WATER
without a Ramp!

Now, you can use your boat ANYWHERE! Leave your car on the road, yet launch your boat with ease! Unload onto Airollers (detailed, easy-to-follow instructions with every Airoller) — then roll your boat into the water over any beach! Solves the one big objection to boat trailing!

IDEAL FOR
BOTTOM CLEANING

- FENDER
- EMERGENCY BOUY
- BOUYANCY TANK
- LIFE PRESERVER
- MOVING JOBS AROUND THE HOUSE

THERE'S A RIGHT Airoller FOR EVERY BOAT!

4 PRACTICAL SIZES:

OUTBOARD

For Boats up to 700 lbs.

42" long x 8" diameter, inflated.
 Extra heavy top quality bright yellow duck casing with rings at each end for lines.
 Separate, sturdy, two ply bladder with simple valve for easy inflation by mouth.
 Designed for outboard boats including large fully loaded outboard runabouts. \$9.95 each.

STANDARD

For Boats up to 1200 lbs.

48" long x 9 1/2" diameter, inflated.
 Heavy dark blue canvas with neoprene rubber coating on inside. One piece construction. Grommets in ends for lines. Valves in one end for inflation by mouth.
 Designed for centerboard sailboats and heavy craft up to 1200 lbs. \$17.50 each

SUPERTUFF

For Boats up to 1800 lbs.

48" long x 10" diameter, inflated.
 Extremely rugged one piece construction. Extra heavy canvas coated both inside and out with neoprene. Outside is bright yellow. Grommets in ends for lines. Valve in end for inflation by mouth.
 Designed for heavy boats up to 1800 lbs. or for severe use, such as boat yards and boat liveryes. \$24.50 each

CRUISEROLLER

For Boats up to 3000 lbs.

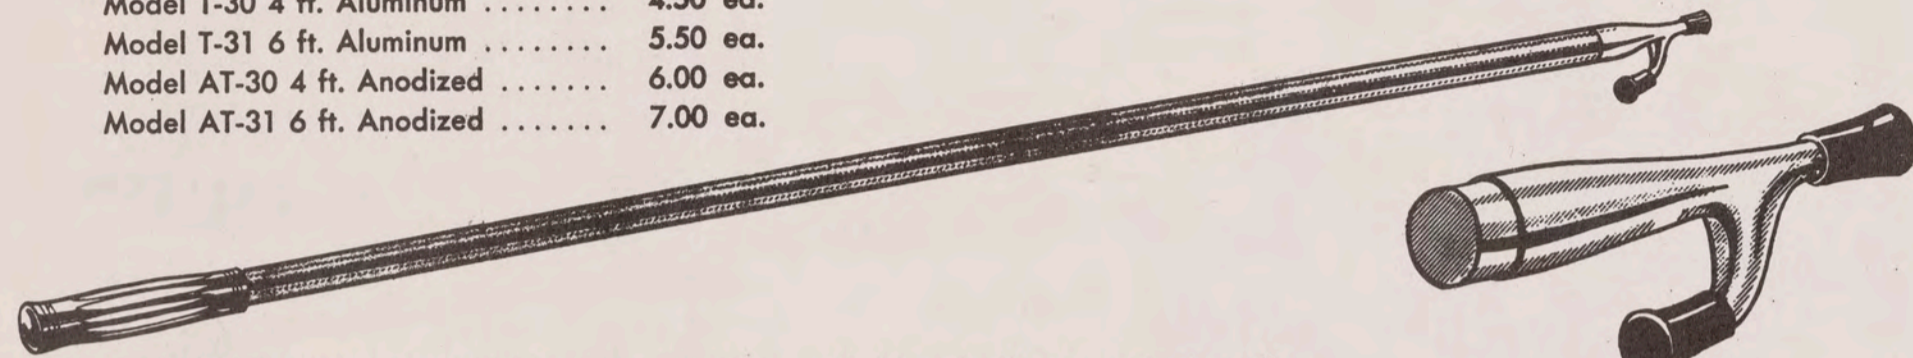

6' long x 12" diameter, inflated.
 Heaviest fabric of all coated inside and out with neoprene, outside bright yellow. Grommets in ends for lines. Large valve for inflation by mouth at one end, regulation tire valve in other.
 Designed for large boats, particularly outboard cruisers, up to 3000 lbs. CAUTION — not designed for inboards or boats with deep keel or skeg. \$39.50 each

BILT-WELL BOAT TRAILERS ARE BEST... HERE'S WHY...

1. Makes "Boating all fun" . . . no work . . . BILT-WELL trailers are especially designed to take the "struggle" out of boat handling. Our full transom support (double in some models) lets you keep your motor right on your craft at all times WITHOUT fear of hull distortion. 2. BILT-WELL trailers are engineered for "Lazy Launching", a one man operation from the bank. No more "Soggy Sneakers", the only thing that gets wet is the bottom of your boat. No need now to even unhitch your BILT-WELL trailer, or put it in the water, no need to lift the motor. 3. Your boat will fit on a BILT-WELL Trailer whether V-bottom, round, or flat, with or without a keel or fin. Why? Because BILT-WELL Trailers have self adjusting rubber roller cradles. 4. Trailers are shipped factory assembled, saving you many hours of labor and dollars. We believe the burden of building a trailer rests on the manufacturer, not on the customer. 5. BILT-WELL Trailers are guaranteed against defective parts and workmanship for 90 days from date of purchase. No repairs to be charged to Bilt-Well without their authorization.

MODEL B-400

Our best design for 12 ft. boats, with motor on transom, or 14 ft. boats without motor. This rugged one man operated trailer, trails like a shadow at any speed. Has 4.80 x 8 x 4 ply high speed wheels. Capacity 400 lbs. Shipping weight, 150 lbs. List price . . . \$135.50 (tax included)

Accessories:

Fulton Winch \$4.50
Tie Down Web \$7.50
Tie Down Bar \$26.95
Spare Wheel \$16.50
Jiffy Loader \$16.50

MODEL B-600

Our most popular trailer for 14 ft. boats with motor on transom, or 16 ft. boats without motor. The BILT-WELL system of launching and loading is at its best with this model. Has 500 x 8 x 4 ply high-speed tires on demountable auto type wheels. Capacity 600 lbs. Shipping weight, 250 lbs. List Price \$185.50 (tax included)

Accessories:

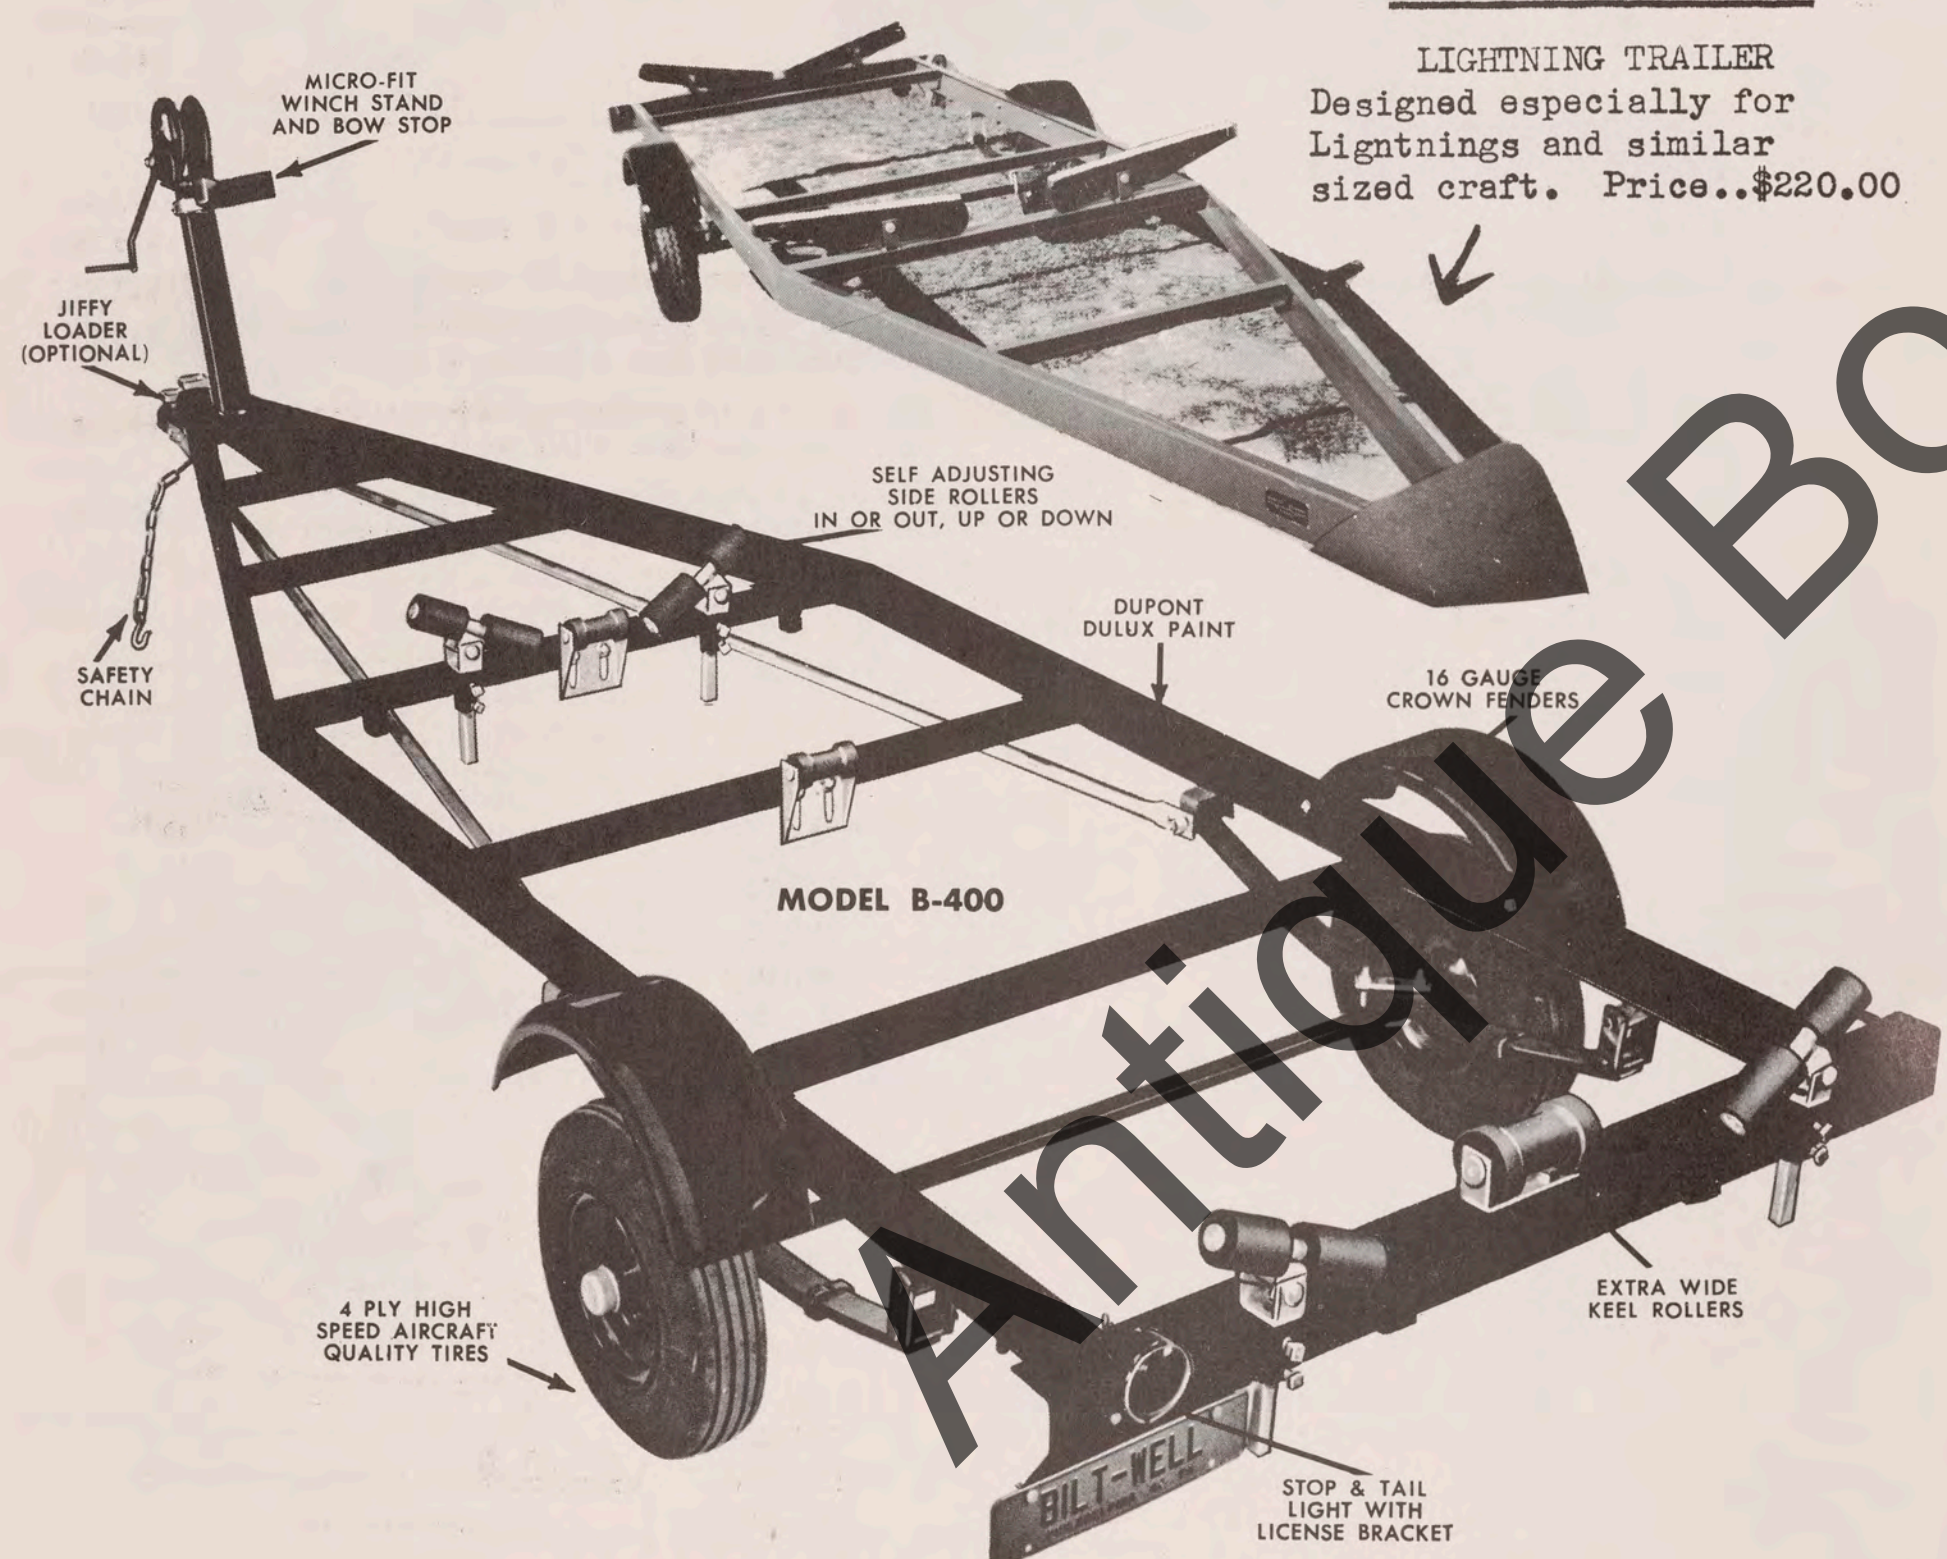

Fulton Winch \$4.50
Tie Down Web \$7.50
Tie Down Bar \$39.95
Spare Wheel \$16.50
Jiffy Loader \$16.50
Side Rollers (for Battery & Gas Can Support) Set of 2 \$15.00

MODEL B-800

The most rugged trailer made. Has the popular 4.80 x 12 x 4 ply demountable wheels. Capacity 800 lbs. Shipping weight, 275 lbs. List Price \$219.50 (tax included)

Accessories:

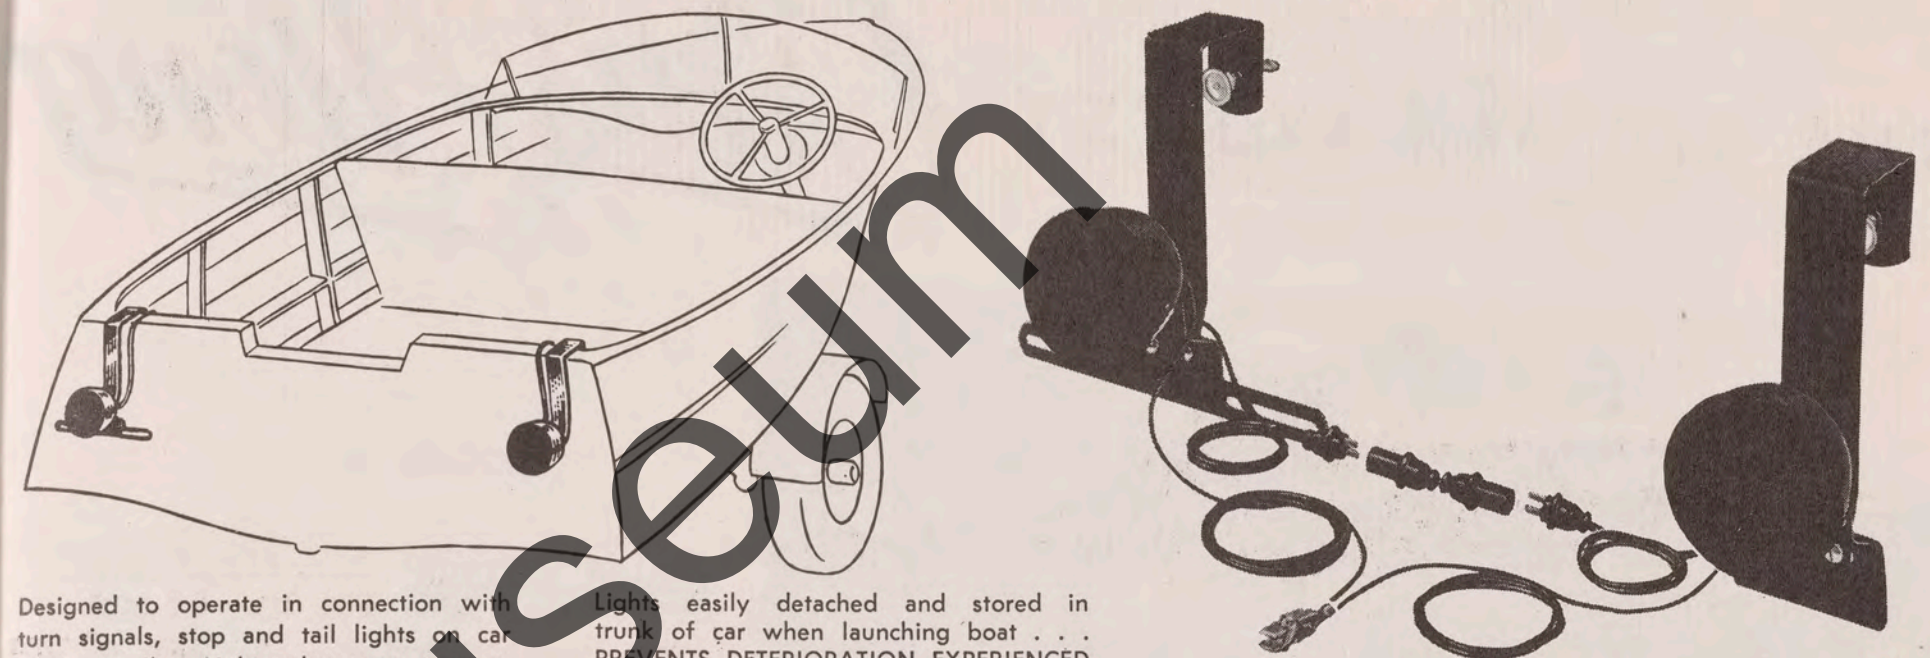

Fulton Winch \$42.75
Spare Wheel \$4.50
Tie Down Web \$7.50
Tie Down Bar \$16.50
Jiffy Loader \$16.50

LIGHTNING TRAILER
Designed especially for Lightnings and similar sized craft. Price..\$220.00

HIGHWAY SAFETY TURN SIGNAL SET

Combination Turn Signal, Stop and Tail Light • Three Lights in One

Designed to operate in connection with turn signals, stop and tail lights on car towing trailer. Lights clamp on transom of boat for DAY AND NIGHT PROTECTION when traveling on the highway. Mount on extreme stern of boat . . . not on trailer where signal visibility is limited, sometimes almost hidden.

Lights easily detached and stored in trunk of car when launching boat . . . PREVENTS DETERIORATION EXPERIENCED WHEN LIGHTS ON TRAILERS ARE IMMERSED IN WATER. Installation and removal is simple, yet mounted lights are rigid, vibration resistant. May be attached to trailers, even without boat. Same brilliant light used by large trucks, trailers.

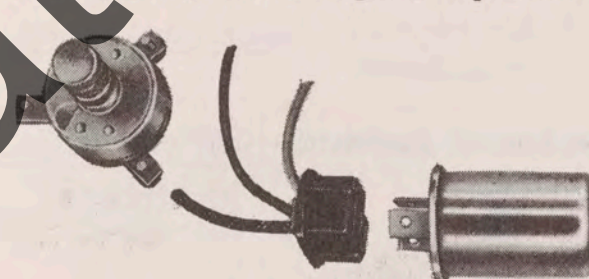

Class A Stop and Tail Lights with 4" lens. Trailer license bracket attached to one light. Alligator clamp, two ground wires and two rubber covered connectors included for simplicity of installation. Complete instructions with each set.

156 Highway Safety Turn Signal Set 6 volt 16.00

156/12 Highway Safety Turn Signal Set 12 volt 16.00

SIGNAL FLASHER SET

For Correct Turn Signal Operation

Turn signal installations on cars are designed to operate two signals on front of vehicle and two on rear. Flashers included in such installations are engineered within a very limited load range to correctly flash front and rear signals at the same time on either left or right side. Adding a trailer turn signal overloads the flasher, eliminates pilot light indicator and causes flasher burnout.

Signal Flasher Set 157 provides correct signal operation, with or without trailer . . . a secondary circuit with three signal flasher for use when towing trailer equipped with turn signals. Easily installed with thru the dash switch to change from normal service to towing service. Complete instructions included.

157 Signal Flasher Set 6 volt 4.60
157/12 Signal Flasher Set 12 volt 4.60

FIRE EXTINGUISHER • EXTINGUISHER FLUID

Coast Guard Approval Number 162.004/94/0 SF

622 Fire Extinguishers are approved by the U.S. Coast Guard, approved and labeled by the Underwriter's Laboratories, Inc., in compliance with all Federal, State and I. C. C. Regulations. Evaporation and leak proof . . . unlocks with one-quarter turn either way . . . panic proof.

Precision built of finest materials . . . polished brass finish . . . a rugged extinguisher that will give long service. Double acting pump assures a steady stream of liquid with the first stroke . . . can be used in any position . . . throws a stream 25 to 30 feet.

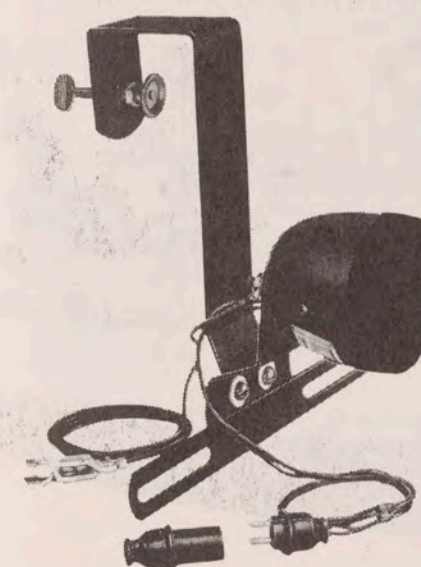

Easily refilled by unscrewing refilling cap and pouring in 626 extinguisher fluid. Mounting bracket may be placed anywhere on boat . . . holds extinguisher firmly in place . . . rattleproof. Instant protection from hazards of accidental fires.

Built for Years of Dependable Service

626 Extinguisher Fluid is a high grade carbon tetrachloride specially treated and then mixed with other chemicals . . . conforms to Federal Specifications O-F-380. May be used on electrical, gasoline, grease, oil, wood and paper fires. Will not injure face, hands or skin . . . will not damage clothing.

622 One Quart Fire Extinguisher with Bracket 21.56
626 One Quart Can Extinguisher Fluid 2.25

HIGHWAY SAFETY SET

Light easily detached and stored in trunk of car when launching boat. May be attached to boat trailers, even without the boat. Two-way rubber covered connector and ground wire attached to the light for simplicity of installation. Alligator clamp included for ground wire. Locknuts on mounting screw discourages theft and securely locks on transom. Brackets included for mounting trailer license plate.

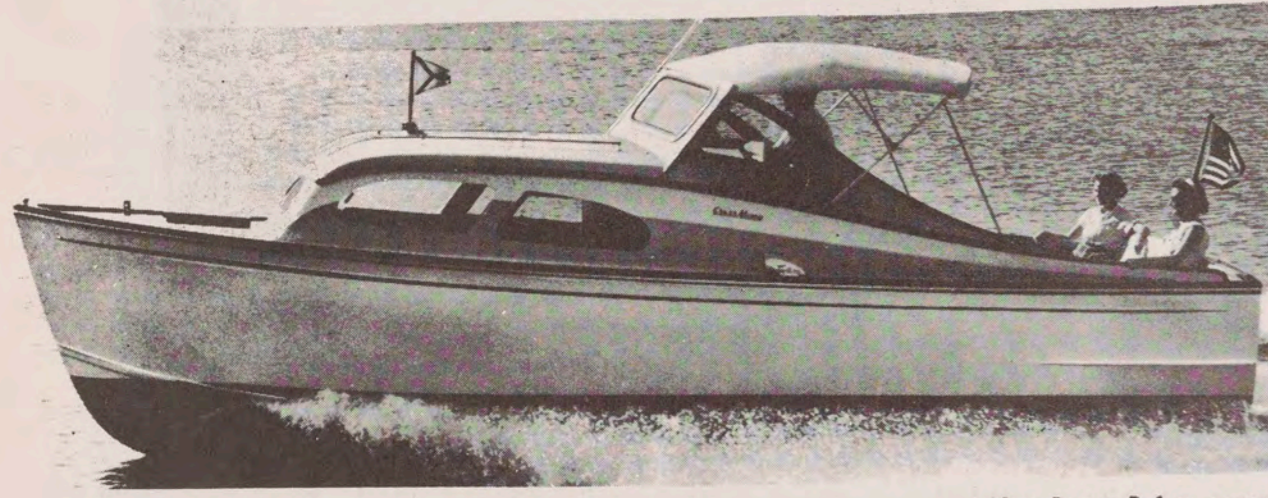

The 150 Highway Set has the same large Class A Stop and Tail Light with 4" lens used by large trucks, trailers, etc. Stop and Tail Light in 153 sets have 3 1/2" lens with built-in reflector.

153 Highway Safety Set - 6 Volt . . . \$7.25
153/12 Highway Safety Set - 12 Volt . . . \$7.25
150 Highway Safety Set - 6 Volt . . . \$8.25

FOLDING DINGHY

SAFE • DURABLE • SEAWORTHY

3 MODELS TO CHOOSE FROM

8 1/2 Foot Model

This boat is a real weight carrier and the water is seldom too rough for it at places where yachts habitually anchor. The 3/8 in. plywood topside, strong wooden keel, stem and sternpost, combined with a tough canvas bottom and transom make this boat rugged enough to take an outboard motor up to 5 h.p. It can be opened for use in less than five minutes.

DIMENSIONS: open, 8 ft. 6 in. by 3 ft. 8 in., folded, 8 ft. 6 in. by 20 in. by 6 in.

WEIGHT: hull, 43 lbs. loose fittings 29 lbs. **COLORS:** red, blue, green, brown. Complete with oars, coppered, leathered and varnished \$169.95

7 1/2 Foot Model

DIMENSIONS: open, 7 ft. 6 in. by 3 ft. 4 in., folded, 7 ft. 6 in. by 20 in. by 4 in. **WEIGHT:** hull 29 lbs. loose fittings 21 lbs. **SAFE LOAD:** Two adults and gear, or 500 lbs. **COLORS:** red, blue, green or brown. Complete with oars, coppered, leathered and varnished \$154.95

6 Foot Model

DIMENSIONS: Length — 6 ft. Beam, open, 3 ft. 2 in. Folded 3 in. **SAFE LOAD:** Two adults, four children. **COLORS:** red, blue, green or brown. Complete with oars, coppered, leathered and varnished. \$134.95

SUDBURY TRANSPARENT BOAT

- ★ NEW FEATHERWEIGHT BOAT WEIGHS ONLY 44 LBS. ★ ONE-PIECE HULL
- ★ 100% TRANSPARENT

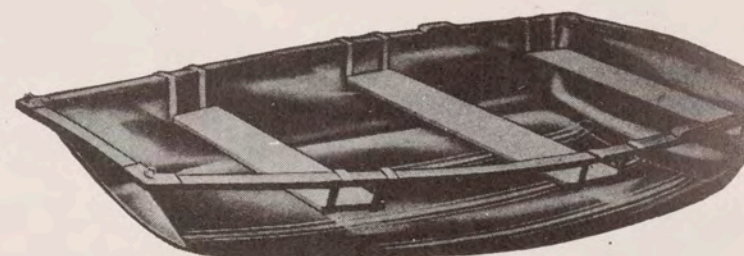

Beautifully designed, expertly finished—it's the talk of the show wherever exhibited. So light you'll be amazed when you lift it with one hand—lightest car-top boat made. On your boat it's a thing of beauty, easily stowed anywhere on deck. Can be placed right over sky-light or hatch, without obstructing light. Unique one-piece hull (molded by new patented process). Featherweight, only 44 lbs., yet stronger than aluminum, tougher than plywood, more resilient than fibre-glass.

Built to last a lifetime—can't leak, never needs care or maintenance. Rows effortlessly, extra speedy with an outboard. Plenty of room for three passengers—8 ft. overall; 45 in. beam; 19 in. depth. Mahogany gunwales and seats.

Complete as shown, only \$199.95

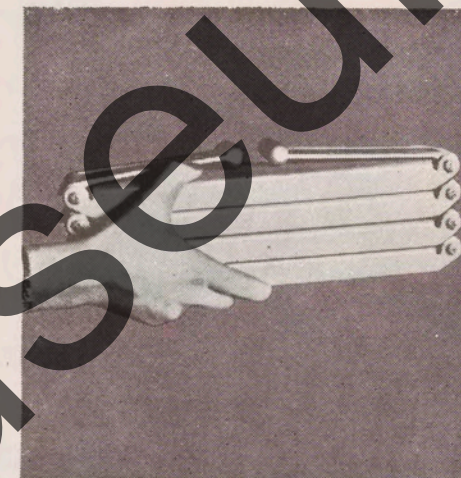

Are you a skin diver? Here's a chance to see where you're going—see everything below—fish, marine life, shallows, reefs, etc. A great improvement over ordinary glass-bottom boats.

Skaneateles Boats, Skaneateles, New York -- Page 42.

sto-a-way
the most compact
boarding ladder . . .

STO-A-WAY FOLDED FOR STOWING
So compact it can be carried in one hand, STO-A-WAY measures only 5" x 5" x 12". Unfolds easily for instant use.

SPECIFICATIONS

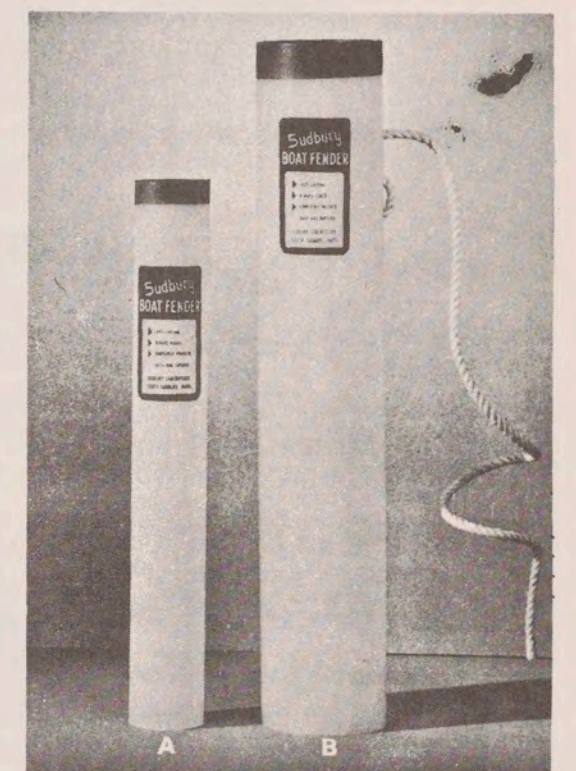

SIZE (number of steps)	4	5	6
LENGTH EXTENDED	35"	45"	55"
FOR USE ON CRAFT HAVING FREEBOARD UP TO	30"	40"	50"
NET WEIGHT, POUNDS	4 3/4	6	7 1/4
PRICE	\$39.50	\$47.00	\$54.50

Steps 11" wide by 3 1/2" deep; space between steps is 10". Aluminum parts hard-oxide coated, stainless steel parts passivated; they will not corrode or lose strength in normal use. Prices include one pair of polished, stainless steel, hull fittings with screws. Extra hull fittings for mounting inside cockpit or cabin \$3.00 a pair.

SUDBURY BOAT FENDER

The only boat fender that rides ABOVE and outside gunwale and prevents scratching or marring of both gunwale and top sides.

- ★ FLOATS IF DROPPED OVERBOARD
- ★ LIGHTWEIGHT . . . ONLY 6 OUNCES
- ★ RESILIENT . . . WILL RESUME SHAPE AFTER BEING COMPRESSED
- ★ WILL NOT MAR PAINT OR VARNISH
- ★ PRACTICALLY INDESTRUCTIBLE . . . WILL NOT MILDEW

MODEL A 15" Long, 2" Dia. Wt. 6 oz. \$1.98 ea.

MODEL B 17 1/2" Long, 3 1/2" Dia. Wt. 17 oz. \$4.95 ea.

Step-On GUSHER PUMP

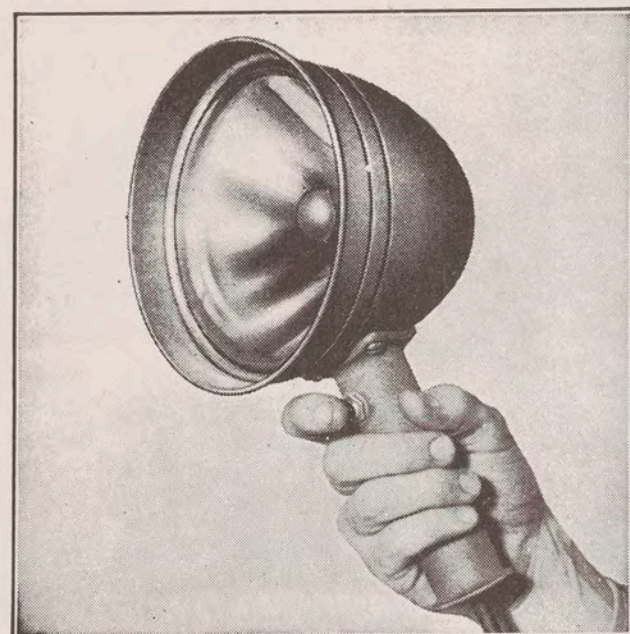

Bail your boat with your foot, 4 gal. a minute! Portable or permanent installation—easy heel action leaves both hands free to row, operate outboard, tend sails. Ideal for inboards, outboards, sailboats, dinghies, etc. Compact—only one valve, no screen—can't clog. Cast-bronze base and heel plate, 4-ft. hose. (extension rod to operate thru cockpit floor included free if it is requested). Only \$8.95.

*Available in 6- or 12-volt.
6-volt furnished unless otherwise specified.
Lamp W-C Unit Fig. No. 4535 — 6-volt; 4435 — 12-volt.

You will be delighted with this Portable Searchlight. On sail or power boats, it throws a beam that picks up buoys or other markers at long range on the darkest night.

The 15 feet of heavy insulated cord make it possible to use this light from almost any point on board. As a trouble light in bilge or engine compartment it is unequalled.

Plug will fit any standard bayonette base double contact socket. Refer to Fig. 149, Page 149, for suitable water-tight Deck Socket.

ADJUSTABLE STERN LIGHTS

Skaneateles Boats, Skaneateles, New York -- Page 48.

No. 4088 STERNO TWO-BURNER GALLEY STOVE

This portable, two-burner stove is instantly adjustable. Safety rail keeps pots and pans put. Lightweight. With two large cans of Sterno Heat, can opener and extinguisher. Size, 19x12x8. PRICE \$32.50

No. 4087 STERNO ONE-BURNER GALLEY STOVE PRICE \$24.50

THE RELIABLE, HANDY STERNO CABIN HEATER

Warms up average cabin in 10 to 15 minutes. Compact and easy to stow. Size, 14½x10½x6. PRICE \$17.50

No priming—Reliable—Instantaneous.

No. 4008 Sterno Canned Heat—7 oz. . PRICE 30¢ per can

Boxes and covers: made of 200-pound corrugated, white outside, printed in blue. Inside dimensions of box when set up: 15" x 12" x 10" high. \$ 1.25 each.

Polyethylene bags: made of very heavy gauge, they are waterproof, and almost indestructible. Same size as box but 10" higher to permit complete overlapping or twisting at the top; large enough so box can be put inside the bag, if desired. Will hold ice, wet fish, greasy articles, wet clothes, etc. 50¢ each.

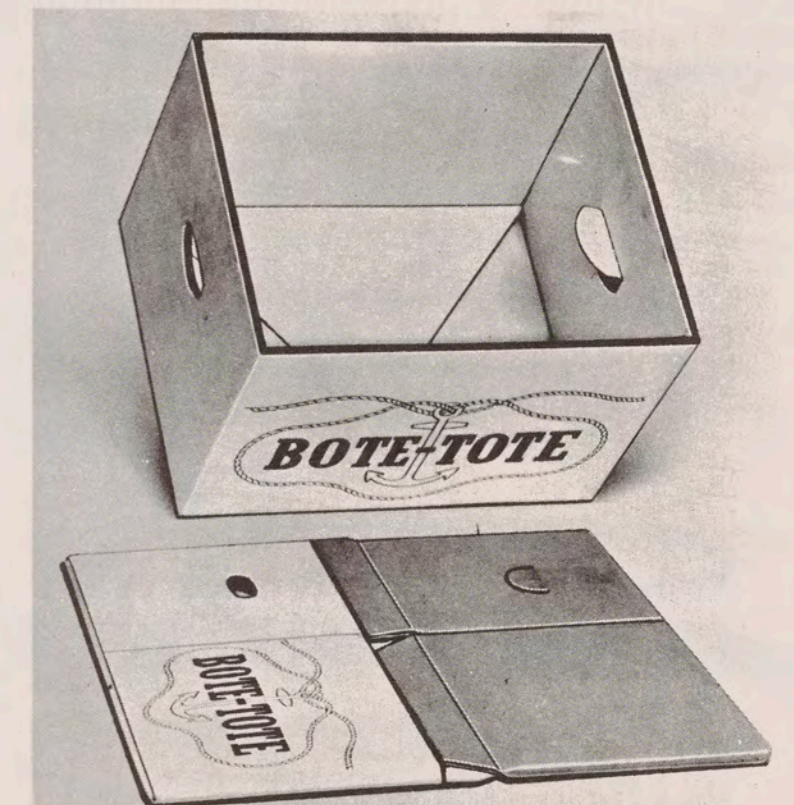

CANVAS BUCKETS

Made of heavy canvas. Collapsible. Rope handle. Also made with wooden bottom.

Size: 9" x 11" Capacity 10 Qts.
Figure 2805 All Canvas
Figure 2806 Wooden Bottom

2805	All Canvas.....	\$ 4.00
2806	With Wooden Bottom.....	5.30

To collapse "Bote-Tote" for stowing just pull up the inside wall by the hand holes. Then, when inner walls are pulled completely out, fold box flat.

Now stow it . . . under bunks, decks or other out-of-the-way places.

#9140 — PURE ALUMINUM MESSKIT \$8.50
Heavy Gauge, Highly Polished

Collapsible handles, firm when extended. Something special for the discriminating camper. Weight 2 1/2 lbs.

#9130 — same as above, but with 3 pots \$11.50

#9130-L — GOLDEN ANODIZED MESSKIT \$16.50

Through this anodizing process which penetrates deep into the metal, new qualities are obtained. No discoloration of pots, food cannot spoil, kit always looks new. Weight 3 1/2 lbs.

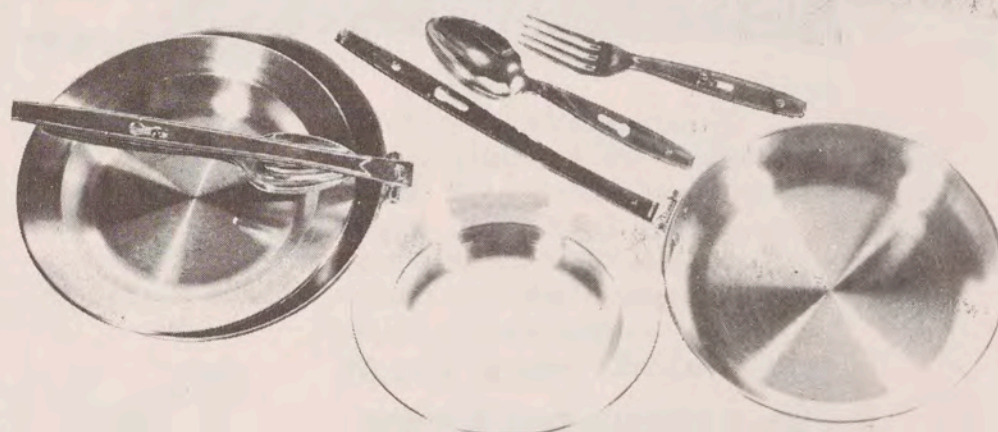

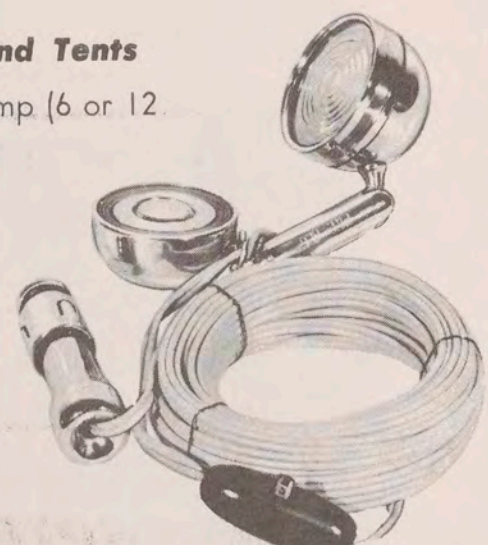

#9140-L same as above less 1 pot \$12.50

#6506 — MAGNETIC UTILITY LIGHT \$9.95

For Automobiles, Boats and Tents

Permanent magnet, powerful lamp (6 or 12 Volt. Brilliant reflector, lighter plug or battery-clips (Style #6502). On and off switch, 25 foot cord. Folded this marvel is only the size of a goose egg. Chromium plated, double ball joints. Weight 14 oz.

#9197-M — FRYING PAN COMBINATION \$2.95

Pure aluminum, full size frying pan 9 1/2" diameter. 1 plate, 1 fork, 1 spoon. Beautiful mirror-finish. Weight 13 oz.

Moody Kit Small tool sets

All Moody Kits contain the real small sizes of tools that are otherwise hard to obtain. Each Moody Kit tool set is packaged in a compact container that is especially designed to prevent their loss. They will do their job better than any other means or manner of makeshift set-up you might try. Use them right and they'll use you right - for a lifetime. Replacement tools in all sizes are available.

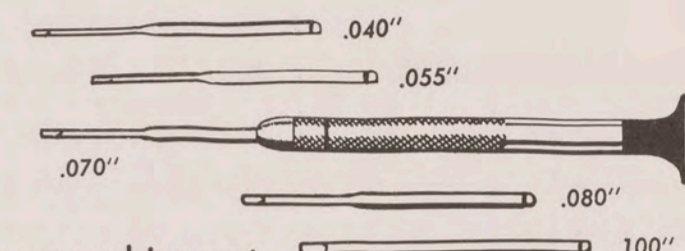

SAIL REPAIR SET

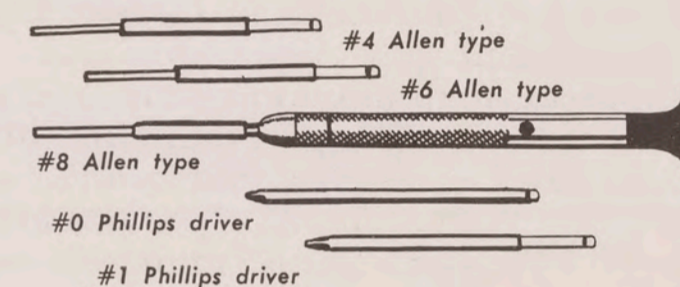

This set contains five different rust-resistant sail needles, a small fid, twine wax and three separate balls of top quality sail twine. All of these items are in two clear plastic containers that keep moisture and weather out - dry and clean for trouble-free use. It's so compact and easily stowed, ready for any emergency when it can be a lifesaver.

0	3/8	4	1 1/4	8	3/4

Quick, neat and modern. Can be operated from a distance. Slight pull back grips rope instantly and securely. Lift up and it runs free. Camis are mounted on Base Plate, permitting rigid installation on deck.

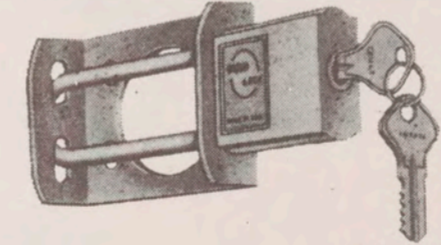

Fig. 1854

Here is the answer to the outboard owner's need for safety and security for his motor. The new, super safe AQUA LOCK. The 2x2 1/2" bracket, of extra-heavy aluminum fastens directly to the boat transom with four screws. The lock bracket's center hole allows the motor clamp to press directly against the transom avoiding metal-to-metal contact. The hard steel shackle slides through the lock bracket and is secured by a heavy duty tumbler action lock. Aqua Lock is 2x4 1/2 inches overall and this one size fits all outboard motors. With Aqua Lock, motor brackets can be tightened while underway, without removing lock. Aqua Lock also eliminates accidental dunking of motor. Aqua Lock complete with two milled keys\$2.50

Jib Sheet Winch

A husky, bronze, positive, plunger action Merriman designed winch, for trimming over-lapping jibs on smaller sailboats. Can be used with sheets up to 5/16 inch diam. and be utilized as snubbing winch. Bottom action lever is not removable and operates through arc of 140°. Handle is offset to avoid skinning knuckles on deck and may be foot operated. Fastenings — No. 10 Wood Screws. Base dia. 3 1/4", Minimum drum dia. 1 7/8"; Height 2 3/4"; Power ratio 7 to 1; Handle clearance radius 8"; Weight 3 lbs. Price: \$20.35

RIGGING TURNBUCKLES

Weldless Drop Forged Bronze

5/8	7.75	.40	.45	3	1
3/4	9.75	.50	.55	4	1 1/2
7/8	12.75	.70	.55	5	2 1/2

Size Inches	Diam. Jaw Pins Inches	Length Center to Center Jaw Pins Inches		Jaw Opening Inches	Approx. Strength Lbs.
		Closed	Extended		
1/4*	3/8	6 1/8	8 3/8	3/8	2300
3/8	1/2	7 1/4	10 3/8	1/2	4200
1/2	5/8	8 1/2	12 3/8	3/4	6900
5/8	3/4	9 1/2	13 3/8	1	8500
3/4	7/8	10 1/4	14 1/2	1 1/2	11000
7/8	1	11	17	2	18000

These weldless drop forged bronze turnbuckles are the strongest and most dependable yacht turnbuckles available. Shanks and bodies are one-piece forgings and there is no chance for hidden defects. Superior to any sand cast turnbuckle.

*3/4-inch Rigging Turnbuckles are Cast Manganese Bronze.

Recommended sizes of bronze turnbuckles to use with stainless steel wire.

For Wire Diam. Inches	Use Turnbuckle Size Inches
3/32 or 1/8	1/4
1/8 or 3/16	3/8
3/16	1/2
1/2	3/4
3/4 or 7/8	1
1 or 1 1/8	1 1/2

For Standing Rigging: We suggest 1 x 19 strand, or as a second choice for easy splicing, 6 x 7 strand.

For Running Rigging: We suggest 7 x 7 strand in sizes 1/8" and 3/16" diameter; 7 x 19 strand in 1/8" and larger diameters.

Bottom Action Ratchet Winches

FIG. 396
Bottom Action

Merriman designed, positive plunger action, double ratchet winch employing Monel metal plungers and phosphor bronze springs. Removable handle is firmly held in place by a spring pin located accessibly. Handles may be operated by a ratchet motion through any sector of a circle.

Generally employed for jib sheets, backstays and other uses where the line is thrown on and off frequently. Handle does not interfere with lines. Power ratio is 8 to 1.

For extra or replacement handles, order figure 396H.
For handle holders for these winches, order Fig. 492.

Size No.	Suitable Rope	Handle Clearance Radius	Min. Drum Dia.	Hght.	Base Dia.	Size Screws	Price

3	5/8" dia.	14"	3"	5"	6 1/2"	No. 18	80.00

Bottom Action Winch Handles

Extra or replacement handles for Merriman Bottom Action Winches. Order winch handles by size of Winch. Fig. 396H.

Size No.	Overall length	Price
1	9"	\$ 5.05
2	12"	6.75
3	15 1/4"	10.45

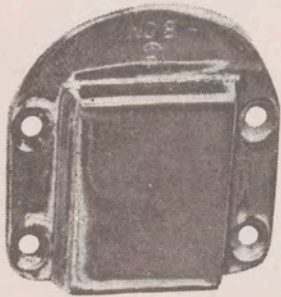

FIG. 492

Handle Holders for Bottom Action Winches

Keep your winch handles from straying by using holder for each handle. Keep a spare handle below in one of these attractive bronze holders. Order by winch size. Sizes 1 and 2 like Fig. 494.

Size	Screw Size	Width	Length	Price
1	No. 10	1 3/4"	3 7/8"	\$3.30
2	No. 12	2"	4"	6.35
3	No. 14	3 3/4"	4 3/8"	7.90

Cleat Head Bottom Action Winch

FIG. 396A

A Merriman Designed, positive plunger, double ratchet winch similar to Fig. 396, but having a cleat head. Most useful for sheets where quick action is necessary. Also helps to keep decks clear by eliminating a separate cleat for each winch. Lines are not to be belayed direct to cleat. Power ratio is 8 to 1. Cleat length — Size 1 — 6"; Size 2 — 8"; Size 3 — 10".

Price: Size 1- \$41.25; Size 2- \$57.20; Size 3- \$87.60.

Small Boat Halyard Reel Winch

FIG. 545A

Designed primarily for the small craft such as Snipe, Lightning, Stars, etc., these excellent, non-sticking halyard reel winches are ideal for mounting alongside centerboard trunks, or on masts. Halyard is coiled neatly on drum. Handle is removable and can be stowed on Figure 491, Handle Holder. Replacement handle is Figure 545H. Capacity — 36 ft. of 1/8" diam. wire.

Size	Handle Clearance Radius	A	B Base Length	C Base Width	D Hght.	Min. Drum Dia.	Screw Size	Price
0	6"	5 1/4"	3 3/8"	2"	2 3/4"	1 3/4"	No. 12	\$16.75

ADJUSTABLE JIB SHEET LEADERS

Burnished Cast Bronze
With Swivel Eye Block

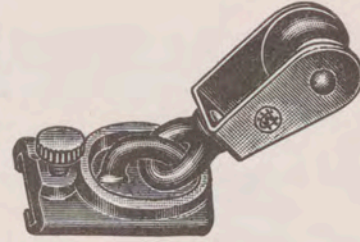

Fig. 9875

Size No.	Without Track Each	Fits Track Size Inches	Weight Each in Oz.
0	\$2.75	5/16"	4

Block cannot hit the deck!

These Adjustable Jib Sheet Leaders are suitable for all small sailboats. Afford easy change of position to meet varying conditions. If double part lead is wanted use Fig. 9860 for the standing end of the sheet.

ADJUSTABLE JIB SHEET LEADERS

Burnished Cast Bronze

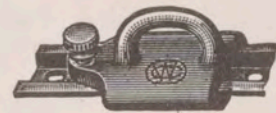

Fig. 9860

0	\$1.65	5/8"	3/4 x 3/8"	3

A good fitting for a small track traveler for main sheets.

SHEET SNUBBING WINCHES

Polished Bronze

One Way Action — Improved Drum

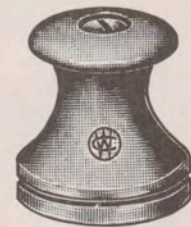

Fig. 886

For Diam. Rope Inches	Pol. Bronze Each	Chrom. Plated Each	Height Inches	Diam. Base Inches	Drilled For Wood Screw No.	Weight Each in Lbs.
up to 3/8"	\$7.00	\$9.25	2 1/2"	2 1/8"	10	1

Non-corrosive springs and cams assure trouble-free operation.

Makes sheet handling easy. Marvelous for jib sheets on all popular small racing boats. Just take a turn or two around the new improved drum, designed to prevent over-riding turns. Pull in as you wish, the drum winds freely with you — but will not run back. Sheets are easily, securely snubbed. Slack off, and out she goes. Install on deck, centerboard trunk, or wherever you will.
