

## ALBIN 34 DIESEL CRUISER

### Versatile.

The Albin-34 Aft-Cabin Diesel Cruiser is truly an exceptional and versatile yacht. Not only in terms of her unique layout and accommodations, but in her multiple power options that afford you the widest range of attainable cruising speeds.

Given these choices, you can simply cruise at a leisurely pace or thrust the throttle forward to charge the open sea.

With a beam just under 12 feet, she's stable in heavy seas and a pleasure to dock . . . easily managed by a couple alone.

Above all, the Albin-34 is designed for maximum comfort, performance and economy.

Like her sistership, the well-known Albin 27, she represents an exceptional value for family boating enthusiasts . . . all at an affordable price.

### Redefining Interior Comforts.

Far from that of a conventional cruiser, the forward cabin offers a unique design encompassing a uniform, symmetrical-look with all the creature comforts and amenities you've come to expect from the name, Albin Marine.

Going below decks, you'll view a bright, expansive salon with its unique centerline dining settee with abundant seating for those on-board. At dusk, it easily converts to a roomy queen-size berth for an evenings rest.

To starboard, lies the enclosed head/sink with separate shower

& seating. Adjacent . . . a hanging locker to stow your gear.

To port, you'll find a complete galley with an abundance of drawers and cabinets.

At midships, the open cockpit and weather-protected pilothouse provides a panoramic view of your charted course. With its high cockpit coaming and molded seating, your family or guests are afforded maximum comfort and safety. Coupled with an optional canopy top & L-shaped settee, this cockpit now becomes a versatile open salon.

For maximum comfort and true privacy the owner's stateroom is located aft of the main cockpit and helmsman station.

With standing headroom, this cabin is surprisingly spacious and features a full queen-size berth with private head/sink/shower. A hanging closet, storage drawers, and shelves are amply provided.

Additionally, there's a full width swim platform that provides easy access to all those leisure, water-sport activities your family enjoys.

### Quality and Unrivalled Value.

Quality? It's all around you. From our seaworthy hull design to our comprehensive lists of standard equipment.

For over 75 years, Albin has been recognized throughout the world for offering dependable diesel power and engineering excellence. Built to tough, traditional standards each Albin yacht delivers exceptional performance and value.
