Gale
OUTBOARD MOTORS

Antique Boat Museum

Before you buy . . . discover for yourself how much Gale can cut your cost of boating. Gale has a lower price tag than other major outboard brands. It costs less to operate. Fancy frills and extra gadgets are left off. You get features that add to value, not to price. Plus water-proved reliability that's hard to match. As you leaf through this booklet, compare Gale, motor for motor, feature for feature, with other outboards. You'll see you get your money's worth when you buy Gale.

PRICE PLUS WARRANTY

Lower price plus warranted protection on both parts and labor is yours with Gale. There are 2,000 authorized Gale dealers from coast to coast to provide fast, efficient service —along with helpful information about boating in the area!

**GALE CUTS
THE COST
OF BOATING FUN**

Outboarding is fun unlimited. And it's even more fun with Gale because you save money when you buy it and all the time you own it. Yet you still get everything you want for fun afloat, from this all-family outboard. Quick, sure starting. Lively, dependable power. Trouble-free handling. Handsome Sovereign styling. Full horsepower range from 3 to 60. Because Gale is a practical motor without expensive gadgets, it adds to the fun of boating but not to the cost!

**SUPERIOR
PERFORMANCE
AT FAR LOWER
COST**

Every Gale must meet exceptionally high quality standards before shipment. Performance comes from quality. And that quality is *in* the motor, in every *part* of the motor as it comes off the line. No other motor is more carefully made. This is your assurance of faster skiing starts, dependable cruising power, all-around outboard reliability. Trouble-free performance is what you look for in any motor. Gale quality is your guarantee that you'll get it.

**QUIETING ACOUSTICAL
DESIGN**

Gale makes a quiet motor. Exhaust noise is buried deep in the wake. Fiberglass shroud* muffles motor noise. Powerhead floats on cushions of rubber. Built-in shock absorbers kill vibration. Only a gentle, steady purr reminds you of the power at your command!

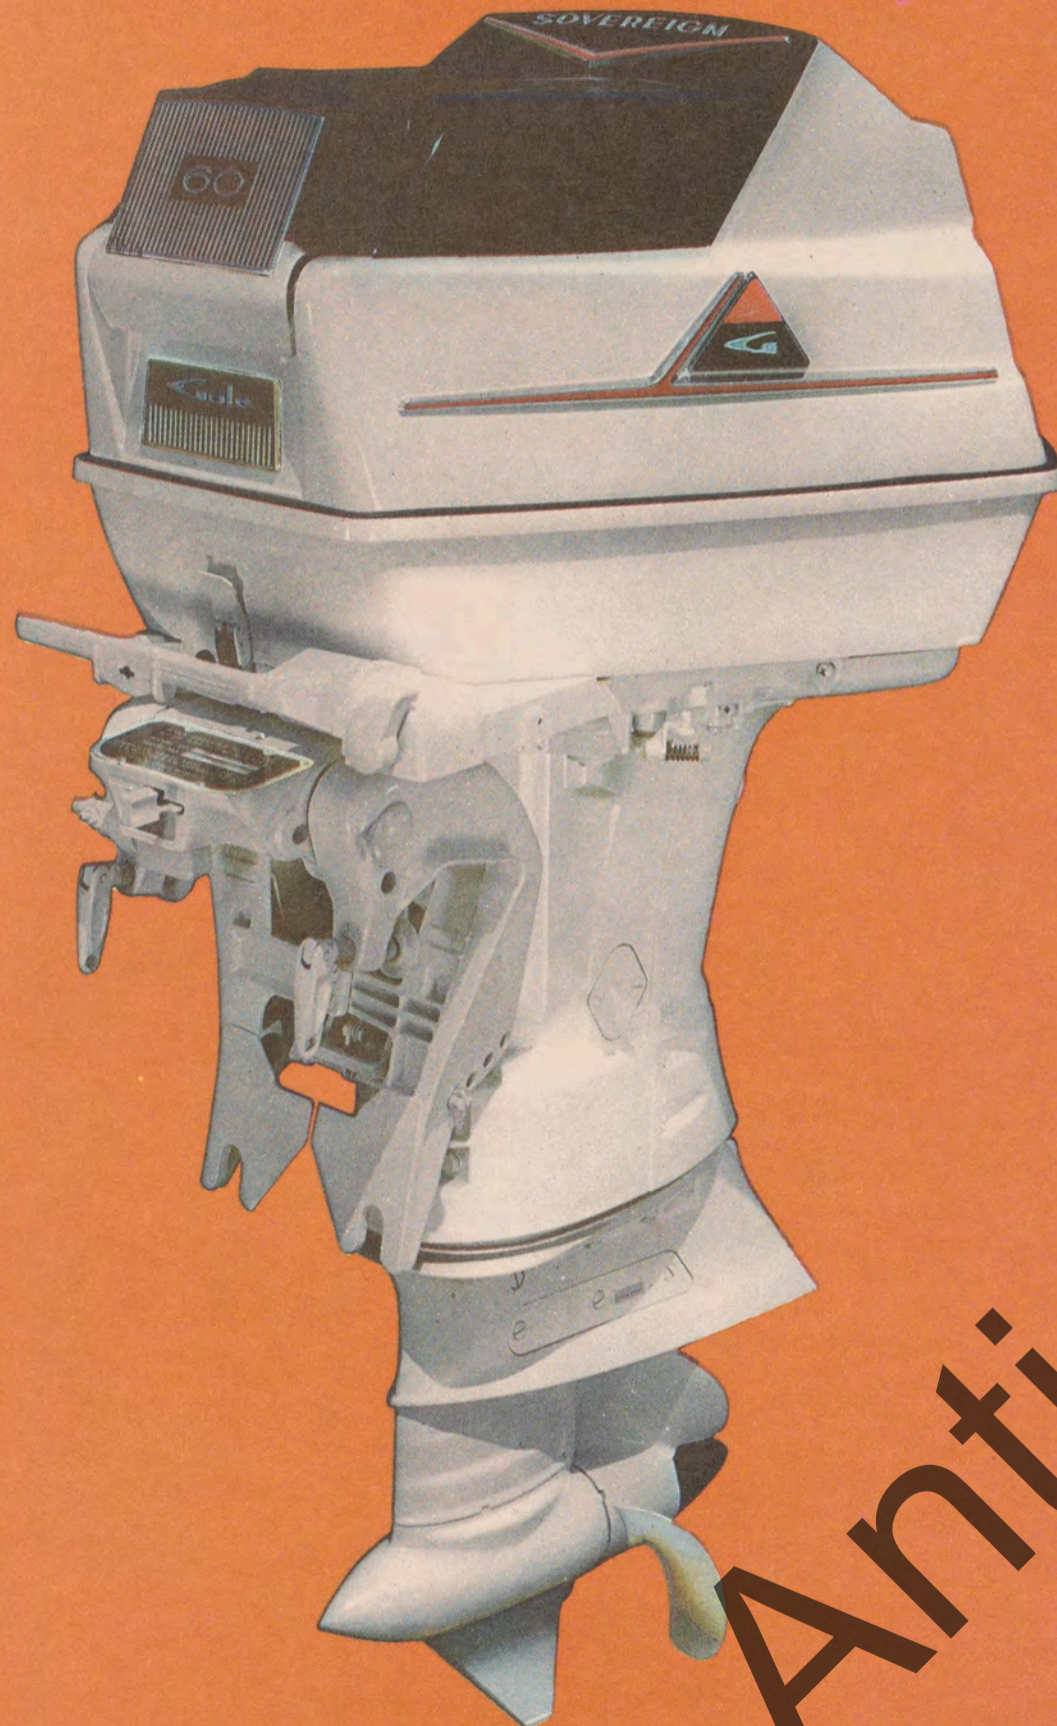

*on all models except 3 hp.

**TORPEDO UNDERWATER
DRIVE**

Gale is as sleek beneath the water as above! The lower unit is slim and streamlined to cut through water with tremendously reduced "drag." You get more thrust, speed, control.

**SMART SOVEREIGN
STYLING**

There isn't a better looking outboard on the water than Gale. Its distinctive V Sovereign styling is standout motor design. And every Gale has the classic deep black and seafoam white colors that make every boat look better!
