**BUY DEPENDABILITY** ★ ★ ★

**AERO-BUILT MODEL 300**  
The latest big development in outboard motors with completeness of features, lighter weight and greater power and greater N.O.A. certified brake h.p. at 4000 r.p.m. A deluxe twin at \$125. All prices f.o.b. factory.

Ask your dealer about the new Models 100 and 200—both proved motors with modernized versions of the fine power heads that made the old Sea-Horse Single and Light Twin famous... with float feed carburetors, underwater exhaust, flashy power and incredibly slow trolling speed. Ask about the refinements in the Series 80—the greatest series ever built by Johnson—characterized by Sea-Horse dependability. All described and illustrated in new illustrated 1936 Handy Chart, now ready. Write for your free copy.
