

AERO-CRAFT

*makes the right
boat for you!*

... choose from the complete Aero-Craft
1957 line—*new cruisers—runabouts*
—*fishing boats and canoes*

With more than twenty different boats to choose from, you and your family can select the one boat that's just right for you from the new Aero-Craft 1957 line. Below are shown three models to illustrate the wide range available. See your local Aero-Craft dealer, or send in coupon on back of this folder for the free catalog on all the new 1957 Aero-Craft boats.

SPECIFICATIONS:

Overall length 16' Beam 68" Depth 28"
Approximate Wt. 375 lbs. 3 Seats Deck 67"
Extreme width at transom 59"

MODEL GSDA "DELUXE BLUE SABRE" CONVERTIBLE—One glance and you'll agree the Deluxe "Blue Sabre" Convertible has all the wonderful qualities you could ask for . . . convertible top that goes up in a jiffy . . . sleek lines . . . dazzling flash of "anodized" color that's permanently beautiful . . . walk-through deck and two trolling seats aft! The "Blue Sabre" is completely "anodized" in striking blue and gold with the exception of the bottom which is a reinforced super-strength alclad aluminum. There's seating for seven with safety that styrofoam flotation can offer. Can handle up to two 35 H.P. motors with ease—gives exceptional performance with one motor also—built to give you speed with comfort and security.

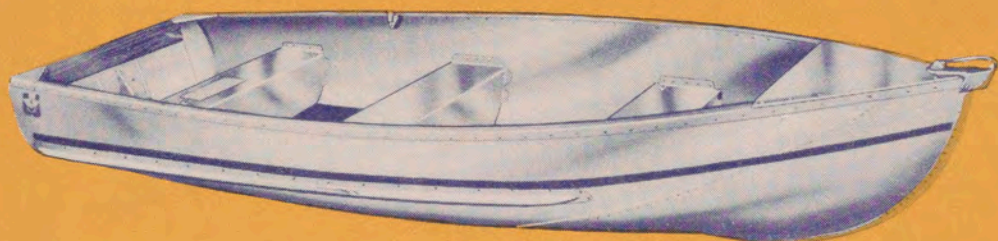

Equipped with convertible top and panoramic windshield. Optional at extra cost steering, instrument panel and remote controls. (The "Blue Sabre" is also available without equipment.)

SPECIFICATIONS:

Overall length 14' 1" Beam 60" Depth 24"
Approximate Wt. 142 lbs. 2 Seats Deck 64"
Extreme width at transom 50" O.B.C. rated for 30 H.P.

MODEL GSDA "SEA DART"—Here's a big buy in a big boat . . . the SEA DART has everything—size, anodized permanent finish, ability to take the bigger motors, plus performance to match. With a speedy semi-vee bottom it rides well in any water . . . is just the ticket for towing water skiers, cruising or fishing. The SEA DART has walk-through seat backs on the front seats for convenience. Optional seat backs on the rear seat. May be equipped with steering wheel and remote controls. Styrofoam filled seats for unequalled safety . . . extra tough bottom of alclad aluminum.

SPECIFICATIONS:

Overall length 12' Beam 52" Depth 20"
Approximate Wt. 85 lbs. 3 Seats Deck 20"
O.B.C. rated for 10 H.P.

MODEL M—This is the lightest, lowest-priced all-purpose boat in the Aero-Craft fleet. It has a round bow with a generous flare, semi-vee bottom and exclusive Aero-Craft speed stern. It's a real thrill-a-minute speedster that's exceptionally seaworthy. Styrofoam flotation protected, it's ideal for one man handling since it weighs only 85 pounds.

every **AERO-CRAFT** boat is
GUARANTEED
 for twenty years

Here's the most convincing proof we could offer that an AERO-CRAFT boat is the best buy for YOU. Every AERO-CRAFT boat is backed by this 20-Year Guarantee against any skin punctures in normal use on water. Also covered, for a full year in our guarantee, are materials and workmanship. Get the plus-protection that only AERO-CRAFT'S superior quality can give you—select a genuine AERO-CRAFT boat.

GUARANTEE

Aero-Craft Boats are guaranteed for a period of twenty years against skin punctures in normal use in the water and the factory or the factory's nearest service center will repair such damage free of charge for a period of twenty years from date of purchase. Thorough tests have proven that any Aero-Craft boat properly secured to a suitable trailer can be hauled thousands of miles with no resultant damage; however, since we cannot supervise the selection of a trailer or the tying of a boat thereto, our guarantee does not apply in any way to boats while being transported overland. Any skin repairs necessary as the result of accident or abuse will be made at cost by the factory at any time after purchase.

The Aero-Craft trademark is your assurance of quality. With proper handling, this boat should give you many years of trouble-free service. Harwill, Inc. stands behind the materials and workmanship in all Aero-Craft Boats. Any defect in material or workmanship should show up in one year's time, therefore, Aero-Craft Boats are guaranteed for a period of one year and any repairs necessary as the result of normal use in the water will be made free of charge by the factory or the factory's nearest service center. Any repairs necessary as the result of accidents or of abuse will be made at cost.

Transportation to and from the factory or service center shall be paid by the boat owner.

Rigid inspection insures that at the time an Aero-Craft Boat leaves the factory ample flotation has been provided to keep the boat afloat even when filled with water.

This buoyancy is vital to you. In the interest of boating safety we recommend that our boat or any boat be tested periodically to insure that buoyancy will be available in an emergency.

This guarantee applies only to the original registered owner of an Aero-Craft Boat. To put the guarantee into effect, the warranty card must be filled out and mailed to the main office in St. Charles.
