J. D. KAISER  
PRESIDENT

Dear Inez:

Now that we are a bit more settled, after a very hectic few days, I wanted to take time to commend you on the outstanding service you rendered in our behalf. I can't tell you how many, but I have noticed a far greater than normal number of conventioners in our store than we would normally expect. I am sure that a good deal of this plus traffic was a result of your efforts.

I was particularly impressed with the thoroughness of your approach and your ability to get the job done under extreme pressure of time. We will be interested in talking with you about other, similar, projects as they arise in the future.

Please send the statement for your services, and any expenses which you incurred in our behalf, to my personal attention, and it will be a pleasure for me to send you our check, along with our thanks.

Kindest regards.

Sincerely,

JDK/vf
