Dear Mrs. Kaiser:

This year The Menorah Medical Center has been most fortunate in the results of the National Intern Matching Program and I want to take this opportunity to express my personal appreciation and that of the Board of Directors for all you did to achieve this success.

Doctor Silverstein has told me of your excellent and intelligent work in recruiting interns and presenting to them the advantages of Menorah. I am certain that without your efforts we would not have accomplished what we did in the Matching Program and I hope that the Medical Center will be able to make even more use of your talents in this direction, in the future.

With best personal regards,

Sincerely,

John Mier
Executive Vice President

May I congratulate you on your efforts to recruit quality interns for the Menorah Medical Center.

As you know, the achievement of a quality staff is an item which I regard as of prime importance to the institution. By the time you read this memorandum you will know that you accomplished with your helpers the filling of 9 out of 10 places. I am personally grateful. Our next effort will be to continue the inflow of interns and the immediate search for residents. Because your skills have been so demonstrably high I am going to ask you to take this activity on as your prime activity. We discussed this at our last conversation. The achievement of a full intern staff only reenforces my opinion that you are the person to help me with this activity. I would appreciate it if you would retain the editorship of the "Chatter".

I will ask Mr. Denham to take on the duties of putting out the "Pulse". Incidentally our budget indicates that we will not be able to put out a newsletter and I will attend to communication with various groups by direct mail letters.

I would like to hear your plan for an immediate campaign for the recruitment of quality residents sometime this week.

Congratulations on your efforts in the intern field, we are all grateful.

In addition to recruitment I am going to ask you if you will assist me in related educational and public relations duties. We can discuss these at our next contracts.

psh

Martin Elliot Silverstein
