Founding Members of the Indian Hill Historical Society

The Indian Hill Historical Society/ Indian Hill Historical Museum Association was initially supported by a group of over 100 families who were founders. Each household contributed \$100 within the first year (February 1974- February 1975) toward establishing a fund to restore the Little Red Schoolhouse. These founders are recognized permanently at the Little Red Schoolhouse where their names can be seen in preserved calligraphy on the blackboard located in the vestibule.

As the Historical Society celebrates its 40th anniversary, these founding families deserve special recognition for helping create an organization that has been a cultural, social, and significant educational hub in the Village.

Their names are listed below, and their contributions back then have had a lasting impact on the community.
