Thriving in Broomfield Series

The DDEI Team is proud to announce we will be featuring a new series highlighting the many voices in the community: **Thriving in Broomfield**. This first edition is a special discussion in honor of Women's Equality Day. On August 26, 1920, the 19th Amendment was adopted, guaranteeing women the right to vote ([HISTORY](#)). After over a hundred years since that adoption, you will hear from some of Broomfield's women in leadership roles.

You will find two versions available of the interview
(video or podcast*).

*The sound quality for the podcast is louder.
