BABY CHICKS.

PULLETS.

Chicks are produced from Blood Tested, Special
Mated Stock, viz:

Cocks and Cockerels, (minimum weight 4½ pounds)
with dams record of 200 to 300 eggs.

Hens, (minimum weight 4 pounds,) which are con-
tinually culled so that only the best producers are
used.

Eggs that are chalk white and weigh 24 ounces to
dozen.

Pullets are reared on unlimited free range exclu-
sively; which make strong, healthy, well developed
birds.

Visitors are welcome at any time.

WELL BRED.

PURE BRED.
