Dear Sir;-

I understand from talking to Mr. Herring, that you are looking for a large fruit farm. I have two for sale. One suitable for fruit, of 212 acres, now being used as a dairy farm with accomodations for one hundred head of stock, situated about one mile from a town of five thousand. Railroad facilities only. Price \$20,000.

One farm of 212 acres, $1\frac{1}{2}$ miles from the Hudson River. It is the same ridge of land as my own place. The farm is fruited now and the shipping facilities are, West Shore R.R. and the Central Hudson Steam boat Co. Price \$40,000 including all stock and tools, also 1914 six cylinder touring car. This is one of the best farms in Ulster Co. It has large and numerous buildings.

Very truly yours,

F. W. Vail.
