

*A Message
From Your
Minister*

I am glad to hear from so many people that we are a friendly church. This album is another example of our interest in one another. We participated in this not because we wanted to see a picture of ourselves, but because we wanted to see the pictures of others and were willing to share ours as well. We don't always smile as we go about our daily tasks but here most of us are smiling.

This album is also a friendly offering to those who will join us in the years to come before we have made another. We say with this album, "Here we are, your new friends, welcoming you." We don't give the impression we expect you, our new friends, to know our names immediately. We do not presume, on one mention of a dozen or so names, that you will remember us. But we offer you this friendly book so you may refresh your memories in the privacy of your home.

One day, for new and old alike, this book will also become a precious keepsake of all the friends here we have known. It becomes for us a family album.

In Christ Together,

Roger Leonard
