FOREWORD

THAT those who have gone before us may know that the spirit and soul of Pocantico still live in Barrytown:--

THAT those whom we have left behind may know that already we are sharers in the promised Hundredfold:--

THAT we ourselves may preserve a record of the golden hours of the Junior Novitiate:--

WE, the Junior Novices of Saint Joseph's publish The Juniorite of 1931, "SOUVENIR OF BARRYTOWN"

DEDICATION

WITH a keen recognition of the inadequacy of our token, we dedicate this our first year book of Barrytown, to REVEREND BROTHER LEO, Visitor.

To him more than to any other are we indebted for the new and beautiful St. Joseph's.

But far more than with stone and wood, has he built with cheery word and encouraging smile, to make our days more happy, our hearts more glad and our laughter more ready.

Because he hath done all these things well, we dedicate to Reverend Brother Leo, this Juniorite, "SOUVENIR OF BARRYTOWN".
