My dear Garden.

I am very late this morning getting at my correspondence. Did not get out of bed until 8. and Mrs. Wright and I talked at the table until long after the doors were closed. Aunt Sybil did not come down this morning. Was glad to know that you enjoyed yourself down here although the weather was so terribly bad. You probably know from my yesterday's letter that I got over tired this afternoon you went away and paid for it that night and yesterday. I had a fine night last night. Slept 6 hours at a stretch. Dr. W. told me to take the bromide ^{when} ~~when~~ I went to bed which I did not do. Took it at 5. Am ~~here~~ ^{home} ~~there~~ the reason I did not get

up until eight.

How did Miss Tipl. like the doll?
I meant to send her my remembrance
of you but forgot it.

I am enclosing the Loojig Chuck and
the one you sent me with a de-
posit ticket. What is the Lincoln Bank
balance now? I left my wallet
under my pillow this morning.

I found it alright on the chiffon
when I thought of it. Cost me one
plunk for the honest maid. It had
the diamond scarf pin it holds about
all the money I brought down.

Would like to have Phelps come down
first rate but do not believe I could
stand it. Since Monday's week I am
not nearly so sure of myself and
my nerves. Couldst you take him down
with you on Saturday when you come
down with Mother and take him to
a show? I will foot the bill of

Course. If you have different plans perhaps Sam B. could come down with mother.

I never thought about the cars flying up so I escaped one worry.

The key business was not certain I got another at the desk at once.

I am on a restricted diet. Aunt Suggie told me I ate to much heavy food. I do not know whether to waste any more money on that shoe ball business or not. If I can't roll a 100. falls without going to Paris - guess I had better give it up. Love to all.

P.S. Guess I might as well send these checks direct to the Lincoln Bank
