The Senior Class Dedicates

For the first time in many years, the staff of Hardscrabble is presenting a double dedication, conveying its respects to two teachers who have performed outstanding service to the school and its students. In making this dedication, we, the staff, realize fully that it is impossible to commend any true professional. We can, however, offer this sincere gesture of respect and appreciation.

Mrs. Elizabeth McGurk, a master teacher of English, has given freely of her talents and skills both in and out of the classroom. With an uncommon vitality and involvement she has exemplified the active, concerned life.

Hardscrabble 1968 To:

Mrs. Julia Schreiber, another outstanding professional, has given her students depth of understanding which goes far beyond instruction in the mere facts of science.

Whether she is explaining the actions of an angry rotifer or the procedure for organizing a Prom, she commands interest and attention.

To manifest the high regard in which these two members of the faculty are held, the Class of 1968 dedicates its Yearbook with pride and affection.

In Appreciation

For duties performed, information, and advice offered during the creation of this yearbook, the Hardscrabble staff acknowledges its debt to Mr. Edgar Fisher, its faculty advisor. With an abundant supply of photographs and suggestions in the rush to meet deadlines, Mr. Fisher has added his workmanship and concern to the yearbook. He has aided Hardscrabble staffs in the production of fine editions of the past and has given much effort and many hours to help maintain this standard of excellence in this year's edition.

Those who have worked with him realize the importance of his service. This APPRECIATION is our way of expressing thanks.

The 1968 Yearbook staff wishes to express its gratitude to all who have contributed to Hardscrabble '68. Special thanks go to Mr. Fisher and Mrs. Gardner for their patience and assistance.

To distill an entire school year into 104 pages involves more than a small amount of dedication. Those who have worked on Hardscrabble know the activity and anxiety which go into its making. Photography schedules and attendant mishaps, advertising and sales, deadlines, finding and using space for the many areas to be covered—only after these can we bring you an edition which we hope will provide many hours of enjoyment. If, years from now, you can take pleasure in looking and reminiscing over this Yearbook, then we have done our job well and may be proud of Hardscrabble '68.

Senior Class Officers

It seems like only yesterday we, the Class of 1968, entered Red Hook Central School as uncertain and bewildered seventh graders. Today we exit ready to take our place in society. During our years of high school, we have encountered new ideas, new attitudes, and new values. These will have a definite effect upon our future lives. We hope that in the future years, we will be able to reflect those ideas, those attitudes, and those values which Red Hook High School has instilled in us.

This school year of 1967-68 begins our experiences in high school. This year, as the ones to follow, we will have the responsibility of sponsoring class activities. Now that we have reached the eighth grade, we find ourselves looking forward to our high school years at Red Hook. We are trying to become better school citizens and gain the respect of our school. We take part in many school activities in which we always try to do our best.

The things we achieve this year as eighth graders will help us to go on next year as Freshmen.

The seventh graders were scurrying about the high school halls until the latter part of the year, then were removed to the other school leaving the halls uncluttered. They had one thought in mind, to master seventh grade and conquer the subjects necessary to reach eighth grade.

One of the fund raising projects, the seventh grade conducted was running the food concession at a football game along with the eighth grade.

We would like to thank Mr. Treat, our class advisor, for his help in all of our endeavors.

District Principal's Message

This year, I find it a distinct pleasure to review the record of the class of 1968. The academic achievement of this group has been outstanding. As of this writing, ten seniors have received New York State Regents Scholarships, and again, with the leadership of the senior boys, Red Hook has won the league championship in basketball.

This class has had the experience, not uncommon these days, of growing up with a school district. Many members began school in the kindergarten of the present Linden Avenue Building, endured the period of crowding and half-day sessions and advanced to the new high school building for their senior and final years. Despite the adjustments which must be made during such a period of school growth, these students have developed into a group of mature and capable young men and women, of which we members of the faculty may well be proud.

My most sincere congratulations,

Russell J. Keefe

District Principal

Secondary Principal's Message

The achievements of the Class of 1968 are many. The entire class has had a part in them either through active participation or through background support. It has produced its share of leaders, both academic and extracurricular. You are to be congratulated on your achievements. They are an indication as to the adequacy of your training for that which lies ahead of you.

Upon graduation you are to commence a completely new life, one that will entail much greater responsibility toward yourself and your associates. The measure of an individual is the manner in which he accepts the responsibilities that are rightfully his. I am certain that you will accept the challenge of your new life with great willingness. I am equally certain that you will be successful in your endeavors as long as you face them with the same attitude that you exhibited as a student in Red Hook.

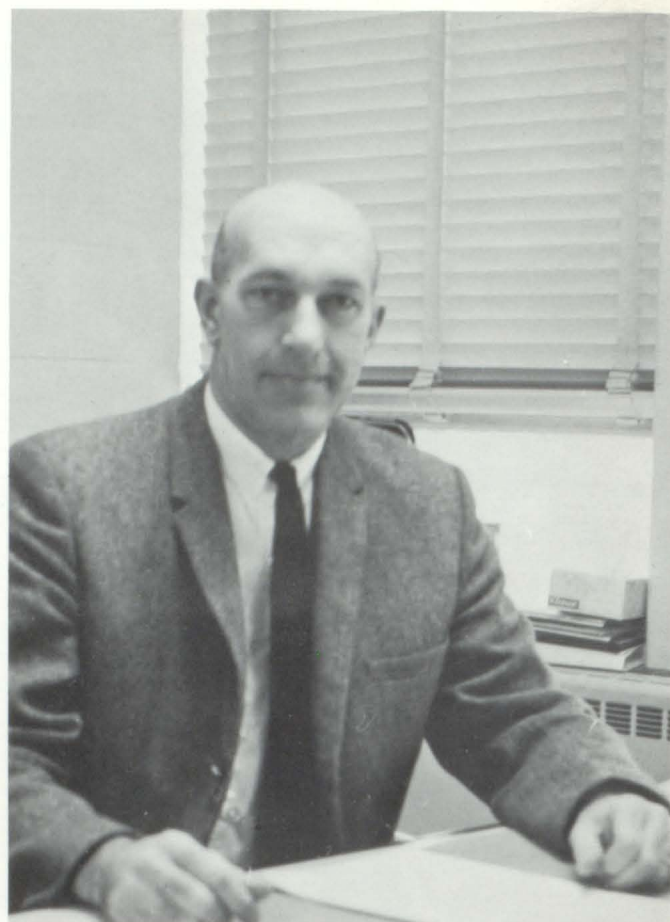

Choose carefully the path you will follow after graduation and then give your all to accomplish your goals. Best of luck in all your endeavors.

SPANISH CLUB

Because of the great number of members, the Spanish Club had to divide up into two groups this year. Los Amigos consists of those in Spanish I. El Circulo Espanol consists of those in Spanish II and III. The aims and activities of both groups overlap. The chief purpose is to foster a better understanding of our Hispanic neighbors. Speakers included a Peace Corps Worker from Uruguay and a Cuban refugee priest. Activities included a dance and a Spanish fiesta to which students from other Spanish Clubs were invited. Our service project was a donation to a school for the deaf in Bolivia. At a work project we made Guatemalan clay incense burners. Our field trip included a performance of "Man of La Mancha", plus dinner in a Spanish restaurant.

Red Hook Mountaineers

The Red Hook Mountaineers, formed in the spring of 1966, has turned many of our students into seasoned climbers and hikers. The club hikes mainly in the Catskill mountains, and many of its members have qualified for membership in the Catskill 3500 club, an organization for those who have climbed all of the 34 Catskill mountains which have a height of over 3500 feet. Among these students are Dan Machell, Dana Helsley, Norman Greig, Joseph Burud, Donald Farris, James Ross, Paul Mueller, Don Hagen and George Greene.

MR. SPALLINA—Sr. High Chorus

Dear Band Members:

Our year started out with quite a rush to get ready for football season. Then after digesting "Three Carols for Christmas", and other concert music, we gave our Christmas concert on December 16th. The Jr. Band, Jr. Chorus and Sr. Chorus also performed in this first concert of the year.

On March 25th the band sponsored the POTSDAM TOURING BAND. This was an experience I'm sure our band members will remember for a long time.

Hopes are high that we will have a senior dinner again this year, as last year's outing was a great success. Plans for the spring are still incomplete, but I think we will go to competition again this year. I hope we will bring a 5A rating home with us.

I would like to take this opportunity to thank the members of the band for the fine job they have done this year.

Musically,

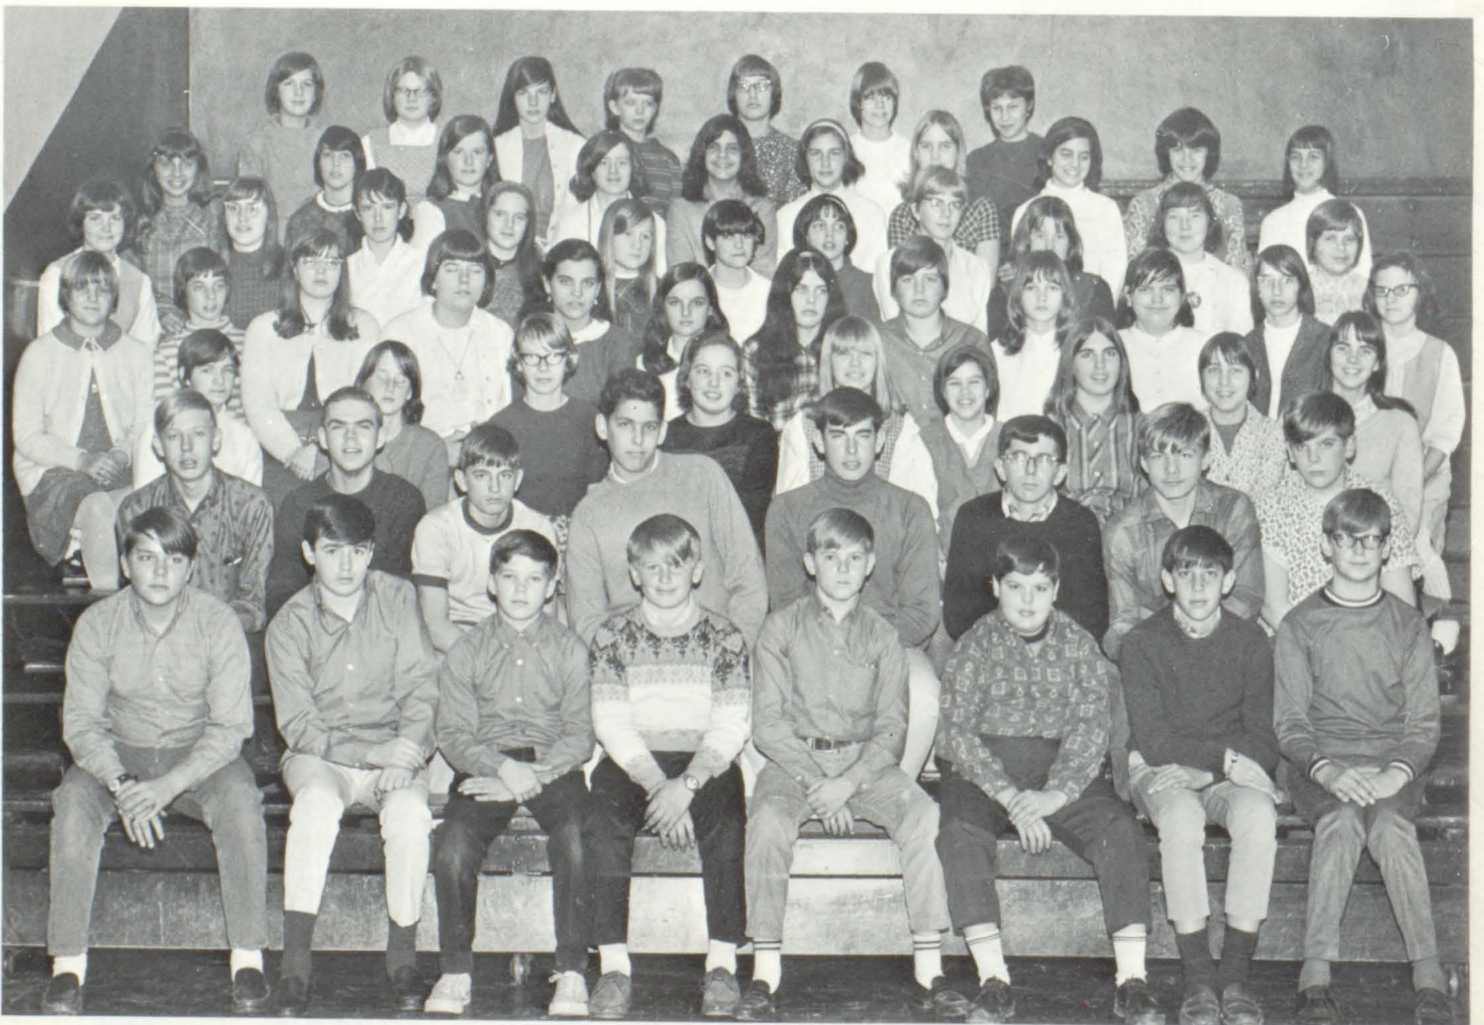

Martin Tirsch

The Red Hook's Girls Athletic Association was started in 1961 by Mrs. Evelyn Skimin. The G.A.A. starts each year with its annual moneymaking project, the candy sale. With the support of the students and teachers, the G.A.A. is able to make over \$300 on this project.

This year the constitution and the point system were revised. Any girl is eligible to join the G.A.A. if she has accumulated over 200 points during her high school years. If eligible, she will receive a written letter from the secretary informing her of her success.

We would like to thank our advisor, Mrs. Guski, for her time and support this year.
