Dear Mr. Mead.

I am quite pleased that you are coming to look over the prospects here. I feel assured that in the main it is a pretty good country - and I sincerely hope we may find something suitable about here.

I also assure you it will give us much pleasure to have you make headquarters with us - should not like you to do anything different.

We have finished the apple work - It was strenuous. Now for the next crop - improved - if possible.

Will mention that Mrs T & I will probably go to N.Y. 6th to 8th Try to come when we are home.
Yours Very Truly
