

Hubbavale Farm

RED HOOK

NEW YORK

A FRUIT and dairy farm of 160 acres and lovely old country home, with spacious lawns and great shade trees -- that is Hubbavale Farm, a place appealing to people of taste and refinement. Our clientele is entirely Christian.

LARGE, comfortably furnished, airy rooms offer you a restful stay. The whole house makes you feel at ease and at home, with its cool, summer rooms (heated in the fall). Absolute quiet is arranged for those in need of special rest. Excellent home cooked food is one of our specialties. We use our own dairy and garden produce. Special diets will gladly be arranged for those who wish them, by a graduate home economist. We also have a trained nurse on the premises. Twin and Spring Lakes are within easy distance, and golf, boating, fishing, and bathing are all nearby. Afternoon tea is served on the lawn.

RATES:- American Plan, \$20. to \$28. per week. Slightly higher where special attention is wanted. Trains will be met at Barrytown, New York.
