

The Legend Of Our Years

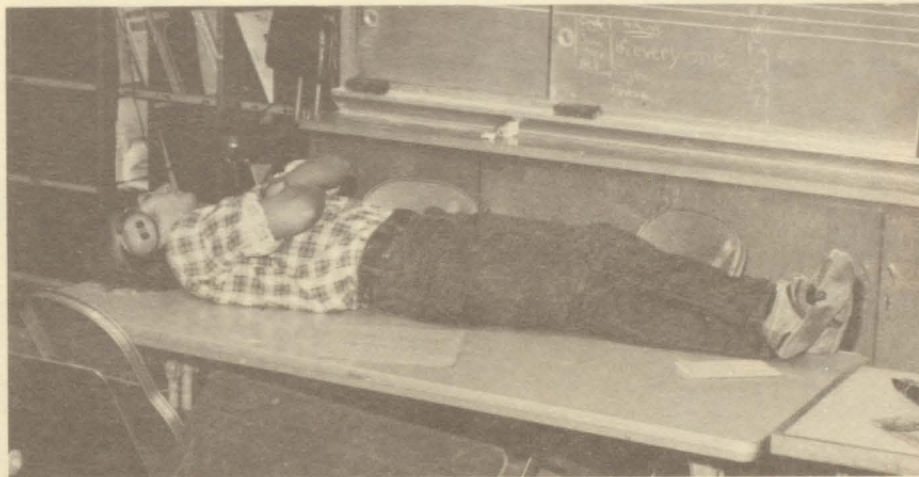

PICTORIAL

SCROLLS

LXXVII

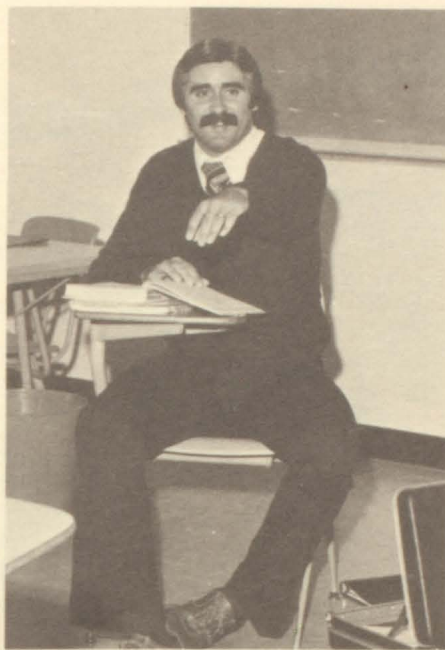

Hi thur! This here's Red Hook's ONLY High School. Come on in, I'll show yuh around . . . See that man standin' over there in the hall? He's awaitin' to gobble up an unsuspecting student. Ya'll always see him standin' around some-where's doin' that. Yea we love our faculty--cain't spell, or add--but we love 'em anyway.

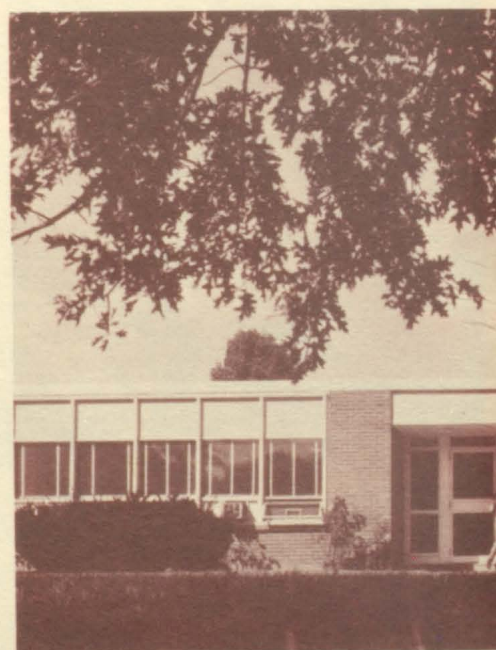

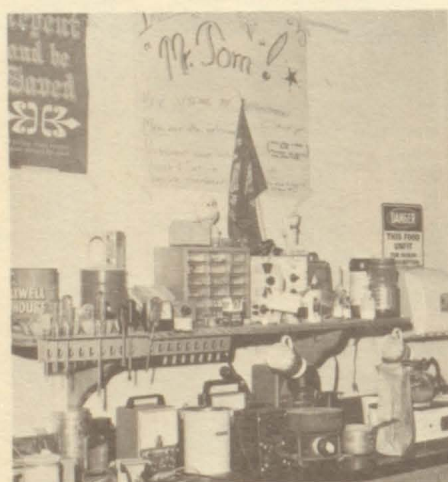

Here, let's stand in line t' climb the stairs. We're allowed 5 minutes between classes. Some allow themselves more . . .

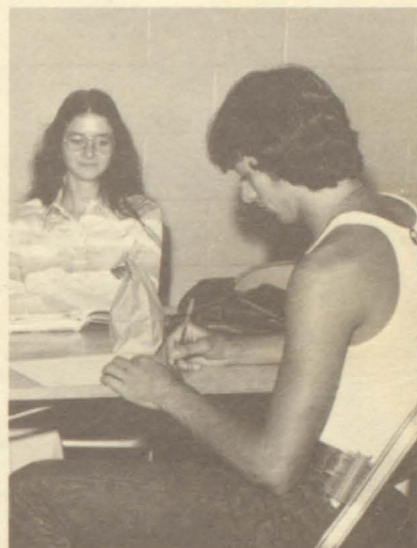

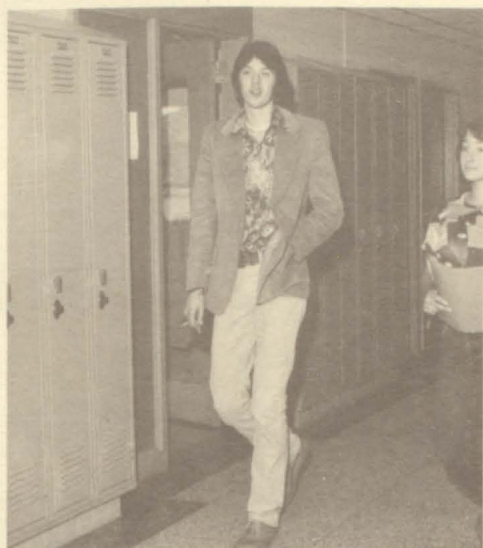

. . . they cram more into those 5 minutes than any teacher kin cram into are heads all year! And all that gossip and rumor, yuh could write a book!

Yup, this's our football team. We're real proud of our boys. Why, even if it meant cuttin' at every other activity, we wouldn't cut a nickel outta our boy's budget. The whole town comes out t' watch them play. Oh, don't look so surprised--why, there's nuttin' else TO do.

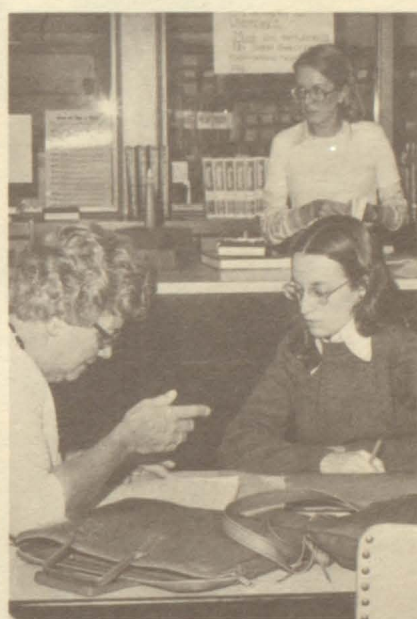

This here's Red Hook. That's Stewart's over thur. Yuh lookin' fer "skippers", they'll be in there. We all gather in there after school, tellin' stories and havin' all kinds of fun. Theatre's down thatta way, only costs a buck fifty. Well, guess there's not much else to say 'bout our town.

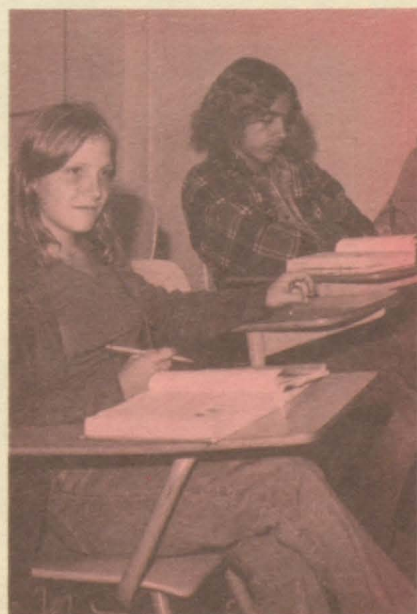

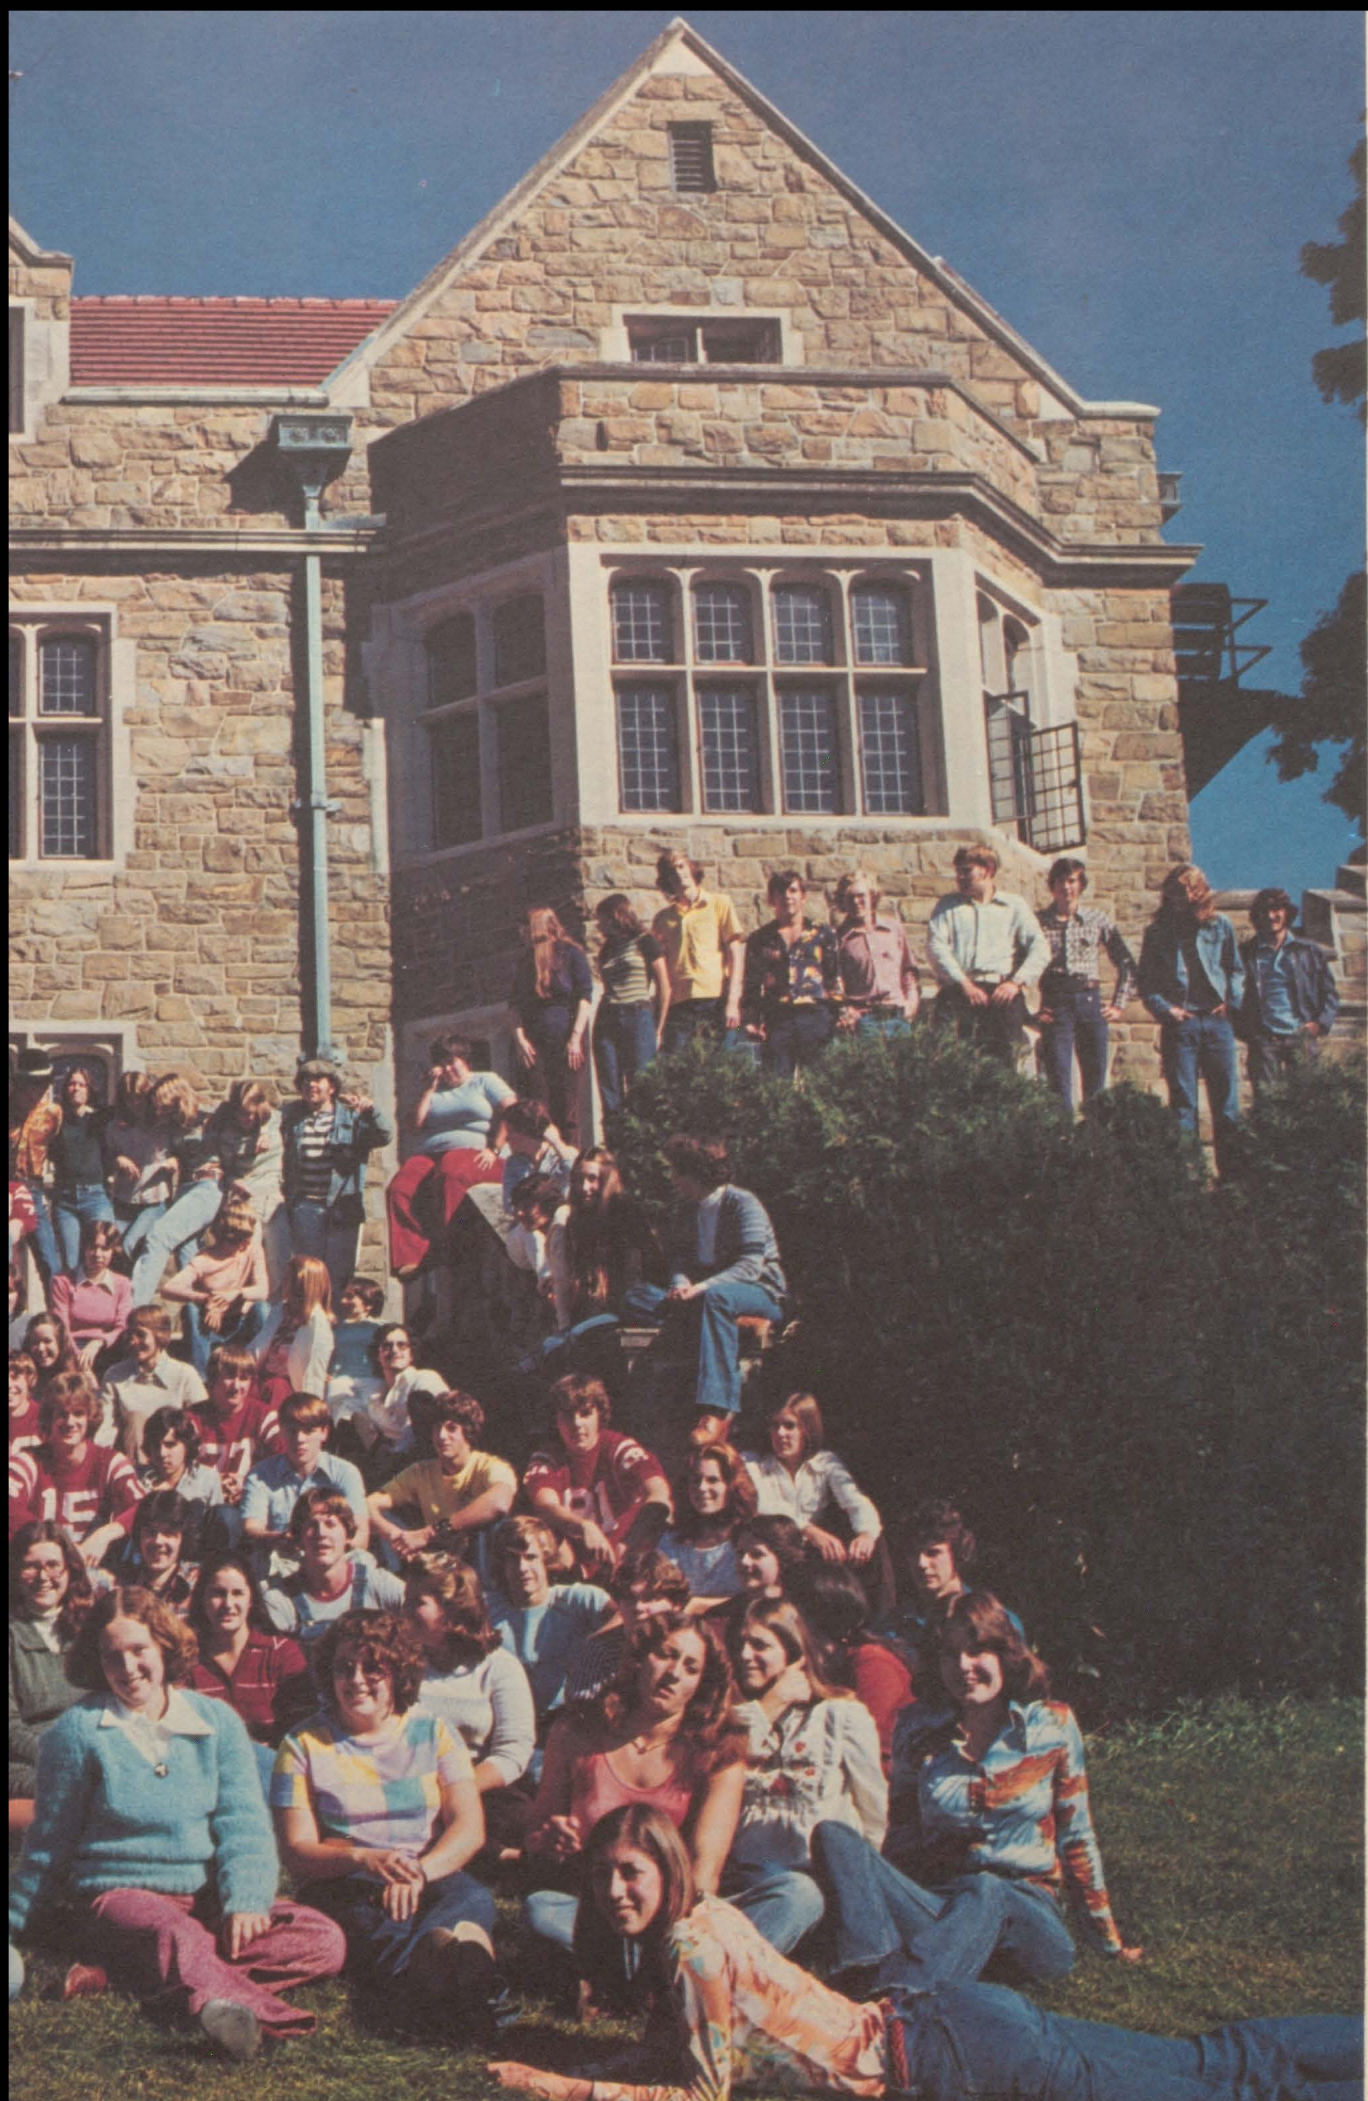

Ah, yes! Our fresh country air! (cough! wheeze!) Well, almost-- Here's the "cool" people's hang-out. They all come here t' have their cigarettes. Yup, the most dedicated people in the entire school; out here rain or shine, puffin' away . . . and chuckin' the butts on the ground!

And, that just about completes our tour. Parkin' lot's right here. It's amusin' ya know, these people that complain 'bout how bad Red Hook is? Well it couldn't be THAT bad. These folk that do the complainin' they're the one's ya see every day after they graduate, hangin' out in this same parkin' lot!

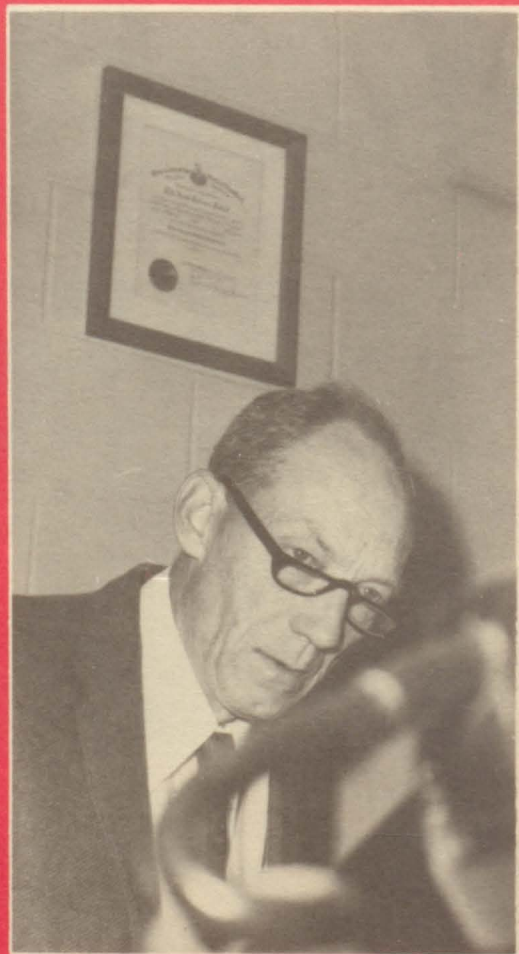

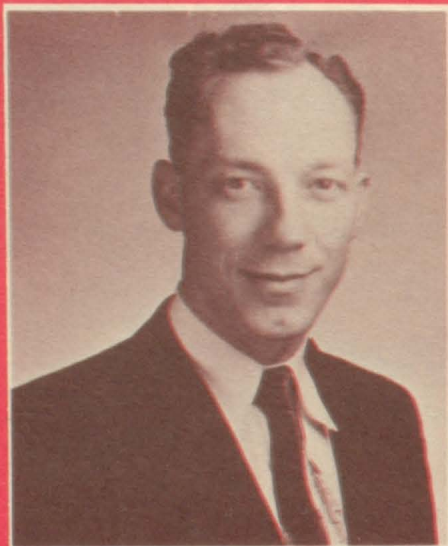

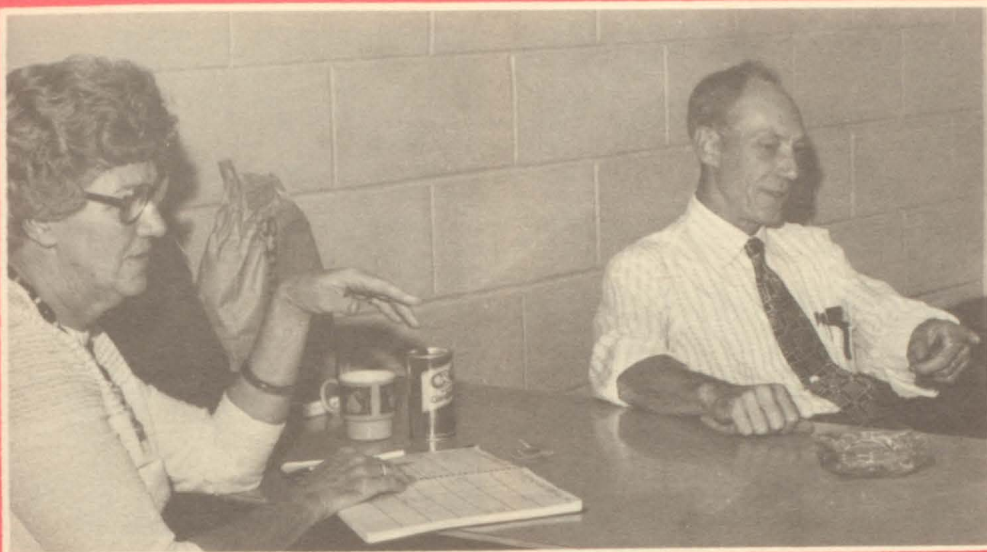

DEDICATED TO OUR PRINCIPAL

We, the class of '77, dedicate this, our yearbook, to a very special person who has devoted his life to the counseling, guidance, and instruction of the many students who have passed through our school system. Mr. Richard Barringer has not only been an administrator and educator but also a friend.

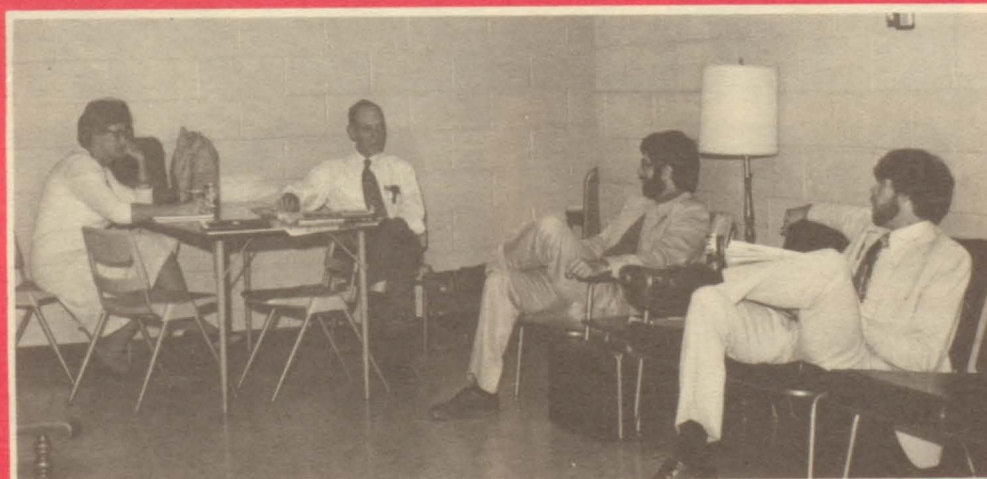

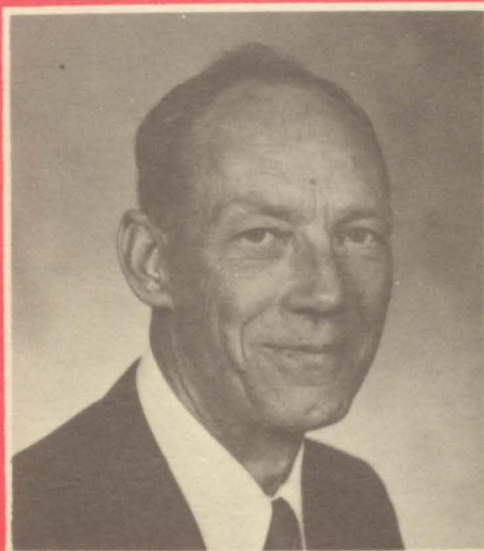

We leave RHCS with many fond memories and we take you, Mr. Barringer, with us in our hearts.

You've done more than your share for RHCS, and unfortunately we only have these two simple words to express our gratitude . . .

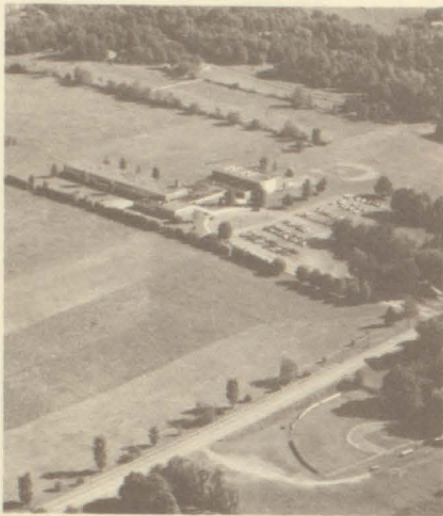

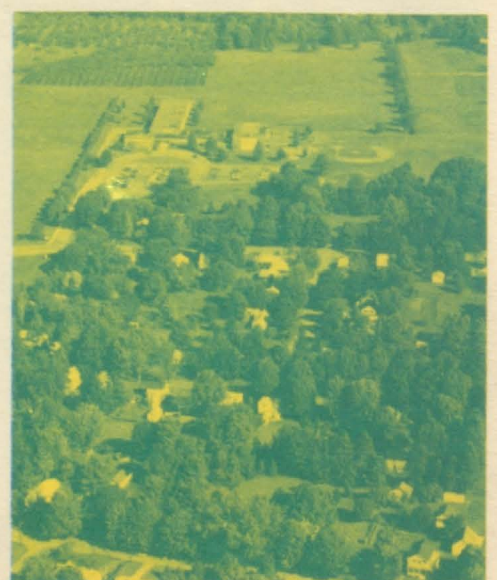

Mr. Barringer has been with Red Hook Central School since 1947. He started as a social studies and driver education teacher and became High School Principal in 1959.

... THANK YOU, MR. BARRINGER.

OUR TOWN

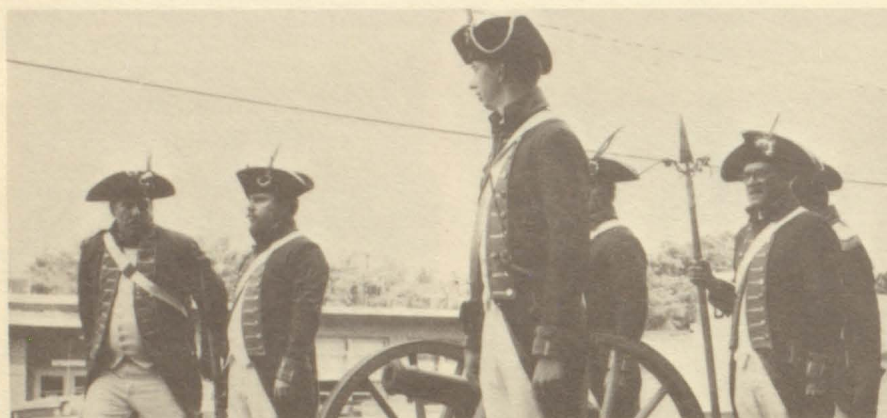

SUMMER . . .

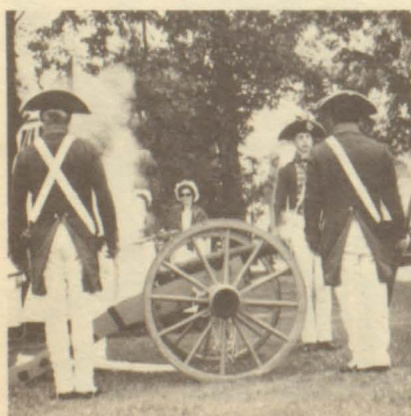

The Red Hook Sea Raiders splashed through the '76 season. For those who have been on the team since 1970 it was a rewarding season. We can still feel the hurt of that first year when we were 0-7. But endless practices and many grueling miles of laps have turned the Raiders into a winning team.

This year's edition of the Dutchess County Fair was special to all of us in that it marked our nation's bicentennial, and as always, the end of summer. It also signified the start of a school year; for many of us our last at R.H.C.S. In addition to the usual rides and exciting attractions this year's fair exploded with bicentennial color. It was a thrilling end to summer and an invigorating start for this year.

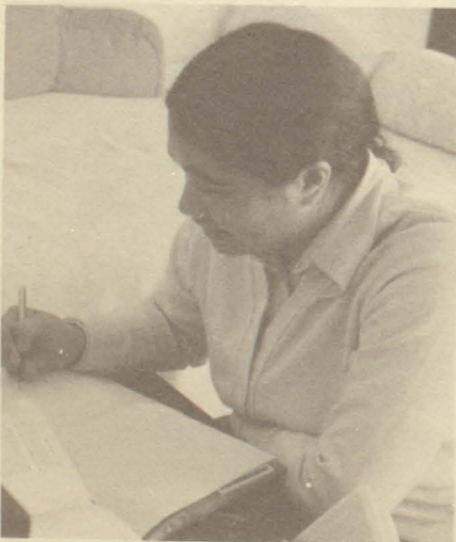

It's 6:00 already? Where is my lunch? Oh no, is the bus here? My locker combination, what is my combination? First period, where am I going? Yes, I am sure I'm in this room--at least I think I am. I hate this class--Mr. Nagel, where are you? Yes, that's right, I want to drop first period and take photography. Second, third, fourth periods. Lunch, boy am I starving. Fifth, sixth, seventh, whew, I thought I would never make it. Now what am I going to do for the next 184 days?

SEPTEMBER 8, 1976

ATTENTION . . . ALL SUBJECTS OF THE REALM!

The class of 1977 proudly proclaims the arrival of Elaine Koopu from the kingdom of New Zealand and Lars Kjaer from the kingdom of Denmark. All the Lords and Ladies welcome you.

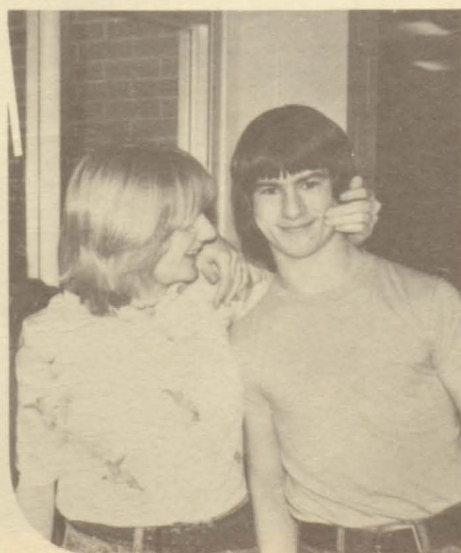

THE CLASS OF 1979

After a very memorable sophomore year, we the class of '79 can look forward to our junior and senior years and the challenges that lie ahead as a class and as individuals.

Just a warning, the class of '79 will self-destruct in two years, spreading its many talents among the unsuspecting world. Look out world-here we come!

VARSITY FIELD HOCKEY

Sacre bleu! That was the cry of the undefeated varsity field hockey team. In keeping with the true Raider tradition, they won the UCAL championship with an 8-0 record. But the season's highlight was decimating arch-rival Onteora in the Section IX final, avenging the painful losses to them in the '74 and '75 Sectionals.

Three of the members of the team were named to the first team All-UCAL: Denise Sevigny (halfback), Patty Kowalski (center forward), Diane Fenaroli (wing) and Cindy Rhodes (fullback). Kelly Mosher was named a second team halfback, and Dina Veldman, Jean Glowienka, and Jill Conn received Honorable Mention.

First Row (L To R): Connie Vosburg, Cindy Rhodes. Second Row: Kendall Martin, Jean Kolos, Diane Fenaroli, Donna Schultz, Chris Jordan, Jean Glowienka, Mary Anne Kane. Third Row: Pat Kowalski, Barb Skiba, Jill Conn, Denise Sevigny, Kelly Mosher, Ann Hoch, Dina Veldman, Sandy Stash.

Go Sevig!

Oh my God, here they come!

"Well, Gang, it's like this . . ."

I hope she's on our side.

"Get it out of there, you guys!"

Sacre bleu, Jean!

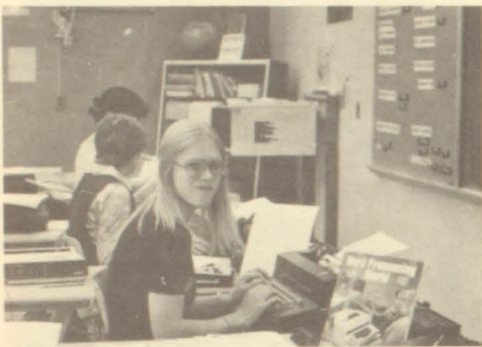

First Row L To R: Joan Lynch, Barbara Roberts. Second Row: Paula Veldman, Cory Miller, Sue Gehrler, Ann Vosburgh Kathleen Gilfeather, Jean Crane, Lynn Staats. Third Row: Mrs. Weiss, Rose Fritz, Mary Odak, Lorraine Salmon, Julie Vellake, Chris Arends, Michelle Sevigny, Sue Mergendahl. Fourth Row: Sharon Stash, Cindy Warnimont, Ann Durst, Cindy Crotty, Peggy Brown, Karen Schwamb, Tracy Mahoney, Lori Appleby.

J. V. FIELD HOCKEY

The 1976 J. V. Field Hockey team led the UCAL with an undefeated season. This victory was especially sweet because this was the first time in recent years that this first place honor was not shared with Onteora.

After the successes this year, it looks like Red Hook's history of victory in field hockey will be upheld.

DUTCHESS COUNTY BOCES-- DCS

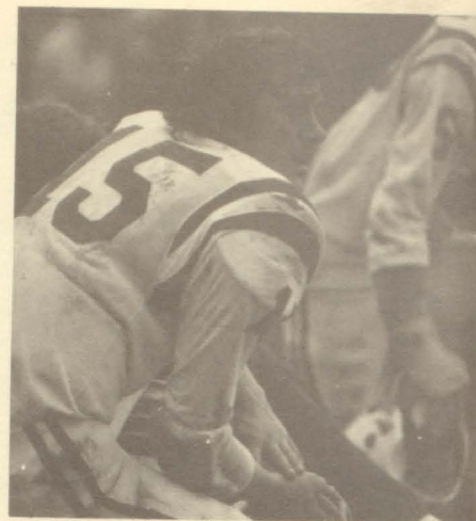

Boces is a place where students from area schools come together to learn a specific trade, whether it be Auto Mechanics, Plumbing and Heating, Food Service, Office Practice or Horticulture, to name a few of the trades offered. Here you learn through actual work experience by doing things related to that field. Through your contact with other students in your class, you learn how to work with others in a job situation. Boces is not as easy as many people think. Instead it takes a special kind of person to go there: one who knows what career he wants and is willing to work hard at learning it.

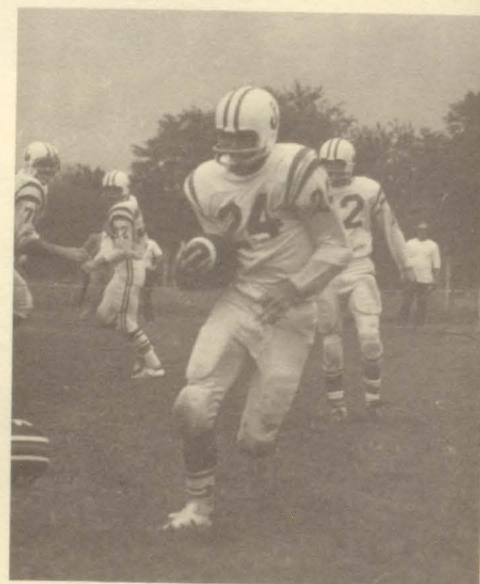

BOCES is like um . . . like

VARSITY FOOTBALL

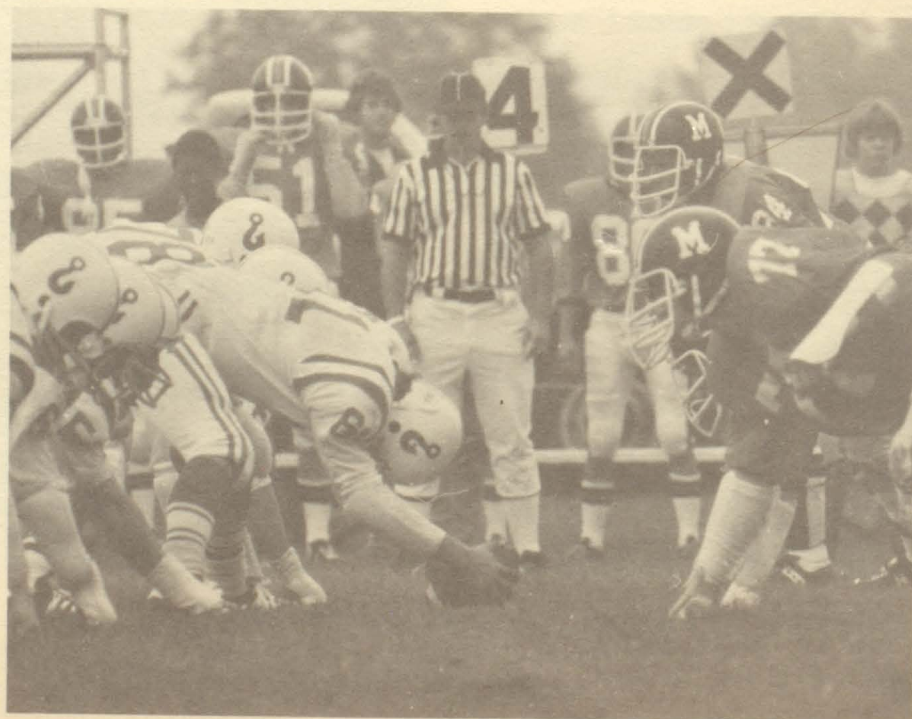

After a stunning loss in the opening game, the small but aggressive Raider Machine came back to become the spoilers of the UCAL. Led by one of the top defenses in the league, the Raiders defeated Rondout 12-8 in Week 6 to knock them out of the title race. In the Raider's final game of the year, they rose to the occasion again to knock Highland from a possible tie for the UCAL by beating them 19-14. They ended with a 5-2-2 record to finish in fourth place.

This year, three Raiders made first team All-UCAL: K. Gilfeather, J. Coons, R. Goodrich.

Second team all-UCAL went to Marty Smith, Joe Smith, and Marty Higgins. Honorable Mention was received by Al Moore and Kenny Staats.

His head is on the field.

J. V. FOOTBALL

The record in this case certainly doesn't indicate the performance of this particular team. There were several close games which, if they had gone the other way, would have put them over .500. However, They never lacked the spirit of competitiveness and aggression which are essential. We look forward to an excellent season next year because of the return of a large number of eighth and ninth graders who played so well this season.

EDITOR RELEASED TODAY

Red Hook, NY (RHAP) The chief editor of SUNSHINE was released today from an insane asylum, a top asylum official reported along with half a dozen others who are currently working in positions on the SUNSHINE staff. The release was an unexpected move since the asylum candidates were considered "irreparable."

When asked for the reason behind the release, chief psychiatrist Demois Bush noted, "We felt that although the patient's condition hadn't improved, our facility could do nothing for them, and the treatment of other patients was suffering as a result."

Citizens of the Red Hook area are warned to be wary of the influence of these persons, who have been labeled "dangerous". It is suggested that if spotted, the best thing to do is immediately run the other way.

SUNSHINE editors search for material for the next issue.

Most school newspapers are of general facts. Schools nowadays censor almost everything students say about the school (whether good or bad, general or informal). But not so with this newspaper. SUNSHINE introduces a new form of press printing--Truth. However funny it may seem, it is true.

SUNSHINE exercises the students' rights to their own personal viewpoints. Seemingly trivial, but unbelievably true, this paper is the ONLY outlet of suggestion and viewpoint in RHCS.

However controversial the articles may seem, they come from the students as individuals. The future is undetermined for SUNSHINE. Will the school suggest other means of student journalism? For the students' sake, let's hope not. Because of SUNSHINE many truths have been revealed that would have normally been forgotten. Hail to SUNSHINE! We need you!

Dear students and faculty,

This newspaper is not started with the intention of offending any person or group of people, or starting trouble. It is merely to provide a place for students to express their views without fear of censorship, and to provide a medium of entertainment for all. This, to us, is a reasonable and honorable endeavor.

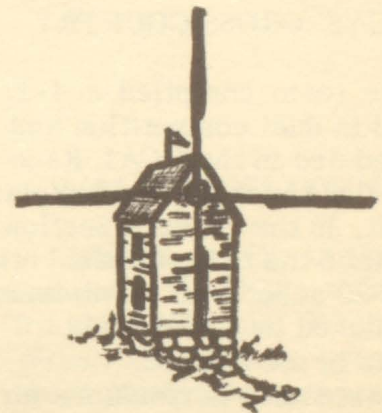

It takes students, though, to make it work. We want you the student body, to contribute any ideas, criticisms, or articles about anything, anonymously or otherwise, and to encourage anyone you might know with an original, interesting, or humorous idea to contribute. We hope we can make SUNSHINE a success!

Yours truly,
 The Editors

GUYS' CROSS COUNTRY

The team compiled a 4-1 record in dual competition and finished 3rd in the UCAL Race which tied the team for 2nd place overall. In the Class A Section Nine Race the team finished 5th out of 20 schools in its division, but finished 1st of all UCAL schools in the section.

Outstanding performers for the season were: Mark Gravino, who compiled his 3rd consecutive UCAL championship, finished 1st in his Section 9 Class A Race, finished 4th in his division of the State Meet and finished 9th overall making him a member of the All-State team. Rick Hoss finished 4th in the UCAL Race, 10th in the Section Nine Class A Race, and 55th in the State Meet in his division. Carl Schneider, Joe Kilmer, Jon Dalzell, Ralph Pulver, Pete Kelly, Eric Whipple and Dan Thiesen also turned in a fine year and will return next year to form a strong nucleus.

CLASS OF 1978

Even amidst widely circulated rumors that we were going to pot, the junior class came on stronger than ever this year. 1976 brought one of our strongest class governments, spearheaded by our ever-enthusiastic advisor, Herbie Elsemore.

The class came up with new and interesting money making schemes. Under the watchful eye of directors Alan Hill and Chris Haddad, the play THE NATIVES ARE RESTLESS TONIGHT became the longest running play in Junior history.

Juniors excelled in other areas too. In sports, the class of '78, playing along with the seniors, helped make this a successful year for all the Raider teams. Scholastically, the class once again depended on that diligent group of girls whose 99 averages keep the class average from slipping below the level of legal mental retardation.

All in all, it was a good year: the parties, sports, and activities helped bring the class a little closer together so '78 will be even better yet!

VARSITY CLUB

The Varsity Club is a group which is "sports" orientated. To be a member, one must have participated in a varsity sport and earned a varsity letter. For the school year 1976-1977, Mr. Sheehan became the Varsity Club Advisor--taking over the position Mr. Mallanda has had for a number of years. This year's officers were elected at the first meeting and chosen were: Kevin Gilfeather, President; Matt Kurdziel, Vice President; Dave Wright, Secretary; and Bob Skelly, Treasurer.

GAA President, Denise Sevigny, as she receives the 1976 "Outstanding Athlete of the Year" award.

GIRL'S ATHLETIC ASSOCIATION

The members of the Girl's Athletic Association have participated in various sports throughout the school year: Field Hockey, Cross Country, Volleyball, Basketball, Gymnastics, Softball, Track, and Tennis. We enjoyed very much partaking in these activities and would like to thank all the coaches and all the other people who are responsible for girls interscholastic athletics. The different teams have accomplished much in improving skills and especially in developing good sportsmanship. Congratulations to all the girls who have competed for Red Hook Central School. We hope for continued success in the future.

--D. Sevigny

THE MUSIC DEPARTMENT

All the music department is: Maynard Ferguson, Buddy Rich, and Stan Kenton; not only top-notch performances but picnics too.

Never have you tasted a better hotdog or hamburger (for generalization, let's say FOOD!) We also specialize in Sand castles--best this side of the Hudson!

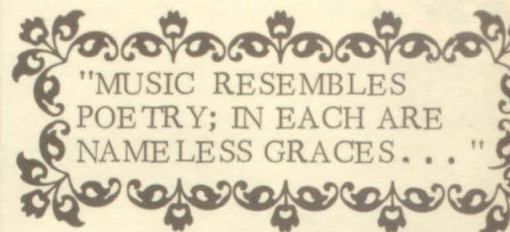

We brag about our permanent passes to the music Room (just don't get caught throwing snowballs!)

Our exchange concerts are terrific (the bus rides aren't bad either).

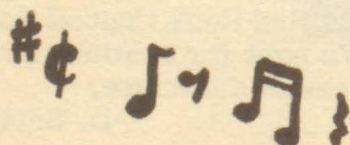

But when it comes to a concert, seriousness is our number-one priority. We give our top-notch concerts year after year. We practice at least three times a week in school, twice a week at home. We practice hard, and we perform well, and deserve what we earn.

Mr. Van Ness is our ringmaster. He makes great Hot dogs and hamburgers, sails a boat, boasts a library of magic and can take any song off the television and in no time at all arrange it for the band to play.

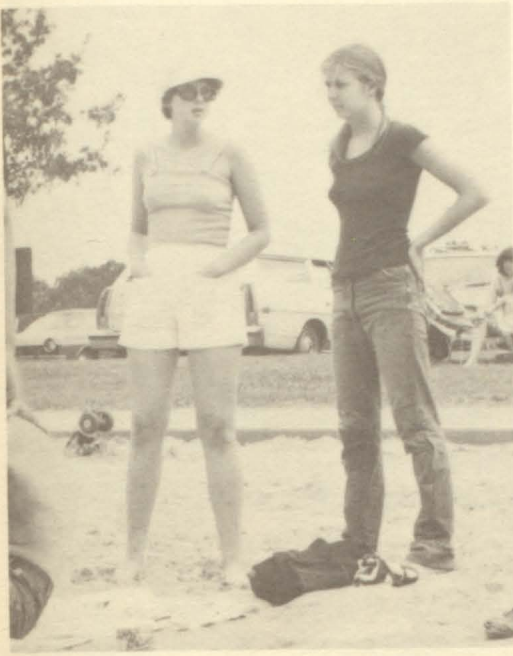

A top-notch leader, a top-notch organization, that's us (plus a lot of fun!)

RED HOOK HIGH SCHOOL BAND

When it comes to bands, Red Hook's band is a superior organization of highly skilled musicians. Their ages range from 15-18, but the ability is far surpassed by any age bracket.

The instruments range from baritone sax to flute; from trumpet to drums, but the ability remains the same.

Through the organization of Mr. Van Ness, the High School band has made itself known throughout the state as one of the best area bands. The musicians are honored as top-notch students who have a will to set examples for others. Because of music teachers like Mr. Van Ness, the Red Hook band has been able to achieve much success and fame. The students who play for Solo Competition never come back without a score above a "B". Nowhere else but in Red Hook has this been accomplished.

When fun and games are in order, the band, as you can see, ranks number one. However, in reverse, when serious work has to be accomplished, this organization tops them all.

Thank you, Mr. Van Ness, we deeply appreciate your service!

STAGE BAND

The Red Hook High School Stage Band is an extension of the regular band with a distinction of its own. The group performs usually without a conductor since Mr. Van Ness is also the lead trombone player.

The band adopted a new technique this year--improvisation. Between this improvising and their genuine jazz sound, this band has gained considerable recognition as a very "professional-sounding" group. Need I say more.

"Do, me, sol? Man, I'm so confused."

CHORUS

Um, let's see . . . up a half step gives you 'Fah', down a step gives you 'Ray' . . . or is it 'Me'? But then that would result in 'Lah' if you go up three whole steps and down two half steps . . . wouldn't it? Of course it could very well be 'Doh' if you had gone up two more whole steps after going down three and a half whole steps and over five more half steps . . .

And so goes the thinking of your everyday chorus participant. Between thinking of how many "steps" you must vocally traverse and whether it is you who are off key or the person next to you, you pull off a decent job of singing!

Besides sending some kids to solo competition and to the All-State Sectionals, the choir sang in Winter, Camelot, and Spring concerts, all of which were greatly enjoyed by all.

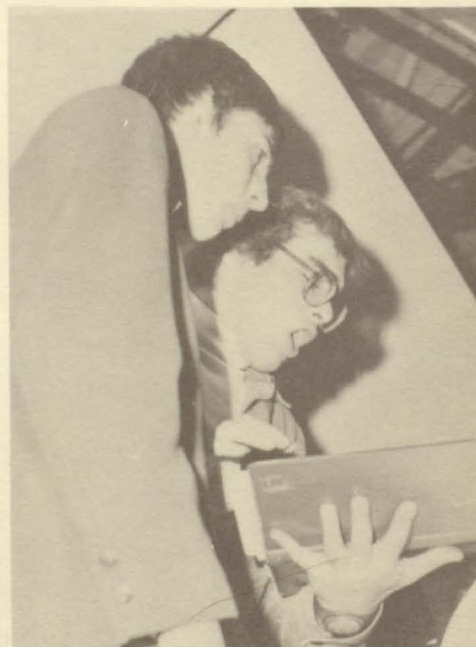

This year we were endowed with a new choir director, Ms. Connie Numbers. The constant encouragement and the many "faces" helped us through the rough times.

"BYE-BYE BIRDIE" CAST

MESSAGE FROM THE DIRECTOR

The cast and production staff of any musical cannot relate to others all experiences they've been through. An audience may appreciate a show and imagine what has gone on to produce it, but only those involved can share among themselves what went on before the performance.

To the production staff I offer (along with the password into the cast party) a lot of appreciation and assurance that I, if no one else, fully realize that you are as important as the cast. I am especially grateful to Mr. Lawson for his cooperation.

A thousand thanks to Lynn-Rachel ("... in a towel and that's ALL?") for unmatched enthusiasm and support. I give Matt my sincere--and You Got to Be Sincere--apologies for what he couldn't but should have had. To Connie N. I give lots of love and thanks for the listening ear. M. J. V., the one who praises a good temper tantrum now and then, "just to keep them on their toes", deserves one MAMMONE thank-you.

To one SASSY cast with a ton of spirit, I thank you for want of an excellent show. If nothing else, I hope that in the end you will come to realize and make the audience realize that it should always be the REST of the world that's inhibited. Built on remembrances, successes, efforts, and applause that rips the ceiling off is an immense pride which will obliterate any regrets. Were you to try, you couldn't share it with one not involved. You shouldn't want to; it's all yours.

BOY'S VARSITY BASKETBALL

This year the Varsity basketball team had its best year ever! With a little help from "Rod the God" Chando, as he is referred to by his players, this year was one to remember. The guys on the team had some outstanding features that made them number one in their division.

"Chip" Kurdziel was a standout with precision passing to the feet of the other players; "Italy" Gravino kept the team spirit up by supplying pizza and spaghetti to everyone; and "Birdman" Burud had trouble staying in games because of his beating on his opponent.

Larry "Lunch" had numerous moves, mostly to the bench; Dennis "The Buns" came off the bench to put more points on the board; Mike "Turkey Trot" Hart received the most yelling at from the coach with his great plays; Dalzell had the big gun for the team and the biggest knuckles; Ken Staats usually played on the floor rather than on his feet.

The rest of the team, "Red Neck" Baines, "Slick", "Mergie", "Oakie" O'Connor, and Glen made the team successful throughout the season.

Mark leaves him leaning.

Dalzell dominates.

JV BOY'S BASKETBALL

The JV Basketball team did not have an astounding record this year, but this is in no way an indication of the spirit of the team. Vinny Vellake led the team in rebounds, while his co-captain Mike Keeler was the leader in assists. Many great players came up including freshmen Brian Longobardi (who was the team's top scorer), Tom Gallagher, and "Jake" Mosher. It is the spirit and enthusiasm of the entire group, however, that shows promise of a great team next year.

"It is not my fifth foul and I won't leave."

An unstoppable move.

WRESTLING

1977 was the year that Wrestling finally came to Red Hook. We started in November to find ourselves up against seemingly overwhelming odds. The budget cuts had slashed our schedule in half leaving us with no scrimmages to use as warm-ups for the more important league matches and with no tournaments to keep morale high! Our schedule itself was not encouraging. Our first match turned out to be against our toughest competition who had had five matches and a tournament for experience. This was undeniably the most thrilling match of our season, and it brought the home fans out in record numbers. As if the schedule problems weren't enough, we had no 98, 167 or 177 pounders and our only three seniors, Jeff Miller, Mike Friery and Matt Oja met with injuries and health problems early in the season. Jeff's knee and Mike's shoulder put them both out for the season creating two more holes in our lineup.

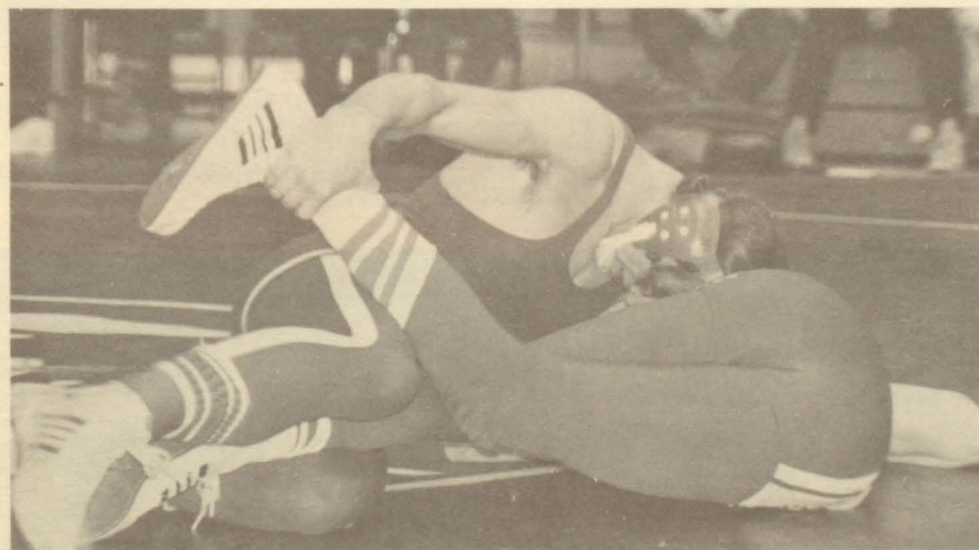

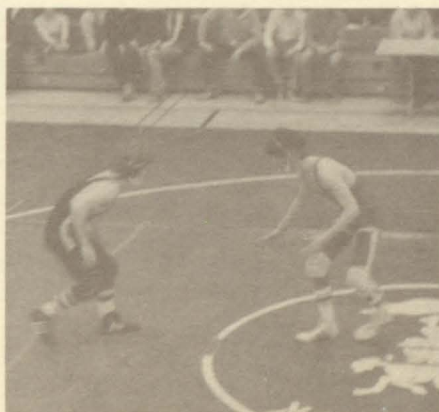

As our season started, it didn't look promising, but determined coach Andy Seidel knew that we could win it and went about it the right way. He recruited "The Golden God" Billy Hladik whose great strength and quickness helped us out of more than one tight situation. A few Junior High kids filled in: Art Shad did a fine job at 98, pulling off several up-sets and . . .

... always coming through under pressure; hard-working "game Lance Sterling" saved us numerous pin points in probably the toughest weight class of the league and has the potential to go to the States before he graduates. Larry Cambalik decided to muscle in on Handsome Heavy weight position and did an admirable job against stiff competition. The Major boys, Tom and Jim were the most outwardly formidable of our squad, each blowing away all competition and racking up undefeated records. Peiter Staats (pronounced stawts) helped out with his dynamic winning style on the mat and his comic disposition off. For 132 pounder Keith Grant, there is only one word: slick. His smooth heads up, mile-a-minute wrestling earned him respect of everyone who grapples against him. At 155, Stan O'dell had some problems throughout the season but always worked hard and has a lot of future potential. And last but not least, Scarface Higgins, though off to a slow start, kept the crowds cheering with indomitably greasy style and ham bone showmanship as well as with his undefeated record.

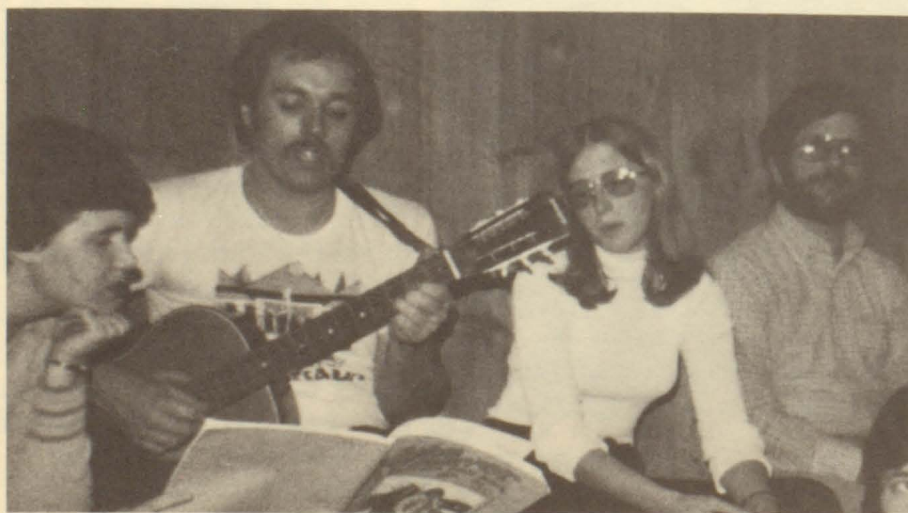

As for coaches, Andy Seidel and Nick Ascienzo, I can only say that the reason we came through as best team in the UCAL is that we have the best coaching in the league. Between the two of them, there was enough coaching Knowledge, wrestling savvy, and downright sadism to allow us to overcome all our problems and make us win it all. Well not all--next year maybe it will be "Red Hook Grappling Section 9 Champs . . . " Senior Captain Matt Oja

SKI CLUB

This year's Ski Club, with the addition of many new members from the Junior High, worked harder than ever to raise money for their annual trip to Vermont. Washing cars, selling candy, and baking brownies all paid off when the bus was packed and headed for Smuggler's Notch.

After a long bus ride through a bad storm, the skiers reached the Red Fox Ski Dorm Friday night, January 28, and awoke to some fantastic skiing Saturday morning.

The group was able to relax in the saunas and swimming pool of Smuggler's Village Saturday night. Everyone had a great time in the pool--especially Jean Everard who enthusiastically jumped into the pool fully clothed (with a little help from her "friends"). On returning to the dorm, more ping-pong challenges were made and new pinball records set, until the group retired late that night.

Sunday proved to be another great day of skiing and reluctantly the bus was filled for the return home. After three hours of "Big Mac Attacks", the skiers stopped at McDonald's and then piled on the bus for a long, quiet ride home.

"Ah, nuts."

STUDENT GOVERNMENT

STUDENT COUNCIL

The 1976-1977 Student Council upheld the traditional role of student involvement in Red Hook High. As usual, they were instrumental in the picture-taking program, donated money to the elementary school for assemblies, and put on the annual Christmas Assembly, which was presented this year in the form of a "Gong Show."

The annual "Teach-In" program brought persons of varying talents and occupations to Red Hook to provide a unique type educational experience to the student body for a day. Modern and traditional dancing, various crafts, and cooking were some of the many courses offered.

This year's council was under the leadership of Lynn Gallagher, president, and Jim Amrod, vice-president.

SENIOR CLASS

With the senior year come the biggest class activities. The traditional fund raising activities are conducted: selling refreshments at football games, bake sales, selling carnations on Valentine's Day. But the activities everyone looks forward to are the Senior Prom and class trip. This year it's finally our turn!

JUNIOR CLASS

The Juniors, not yet realizing what lies ahead for their future, failing to realize that there is only ONE MORE YEAR LEFT, have already placed their mark upon the school.

It was early October when the Junior Class was assigned to sell refreshments at a football game. Ideas for refreshments sprang forth like a river, and before anyone could realize, the Junior Class has set records for the amount of food sold and, needless to mention, the amount of help that was present.

Late in December, the Junior Class pulled off a feat that will inspire future classes for generations as well as set basic standards for the activity; The function: The Christmas Ball. Seniors as well as sophomores commended this activity as the best social event in the school's history. Attendance records were smashed and the total atmosphere of the ball was of unbelievable brilliance. Again, needless to say, because of vast numbers of students who helped with the ball, it became an immediate success. Let's prove it, '78 is great!

Soph President Tracy Sterling and officers

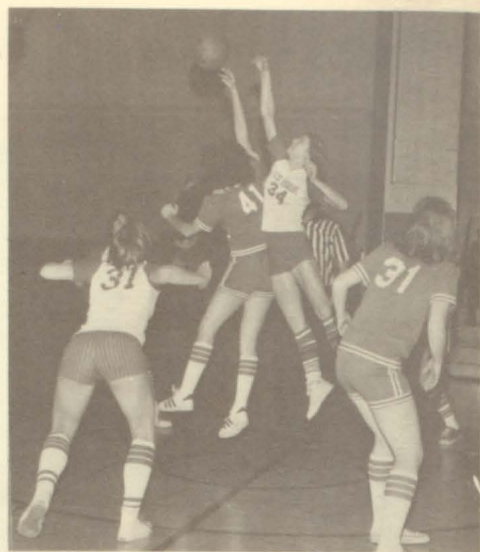

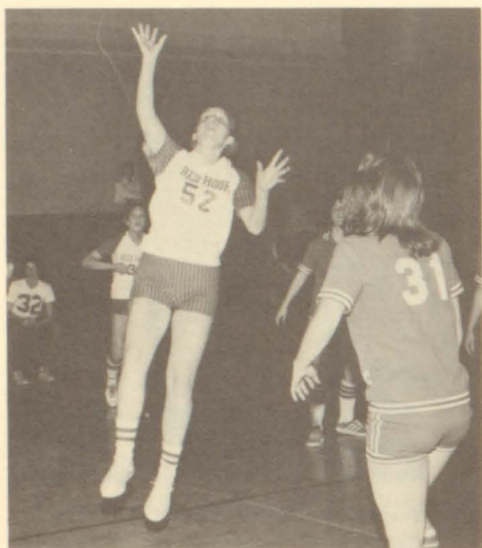

SOPHOMORE CLASS

Although the class of '79 had had more than its share of problems this year, we can still safely say its been a year we won't soon forget. Times like the football game, where we ran out of food before halftime and we had to run to the store twice for supplies. It was well worth it, though, as we were \$200 richer than when we started. "What a class!"

We wish the seniors much luck in whatever or wherever they go, and we hope that the up-and-coming sophs will have as good a year as we have had.

"Ho hum, another class meeting."

VARSITY BASKETBALL

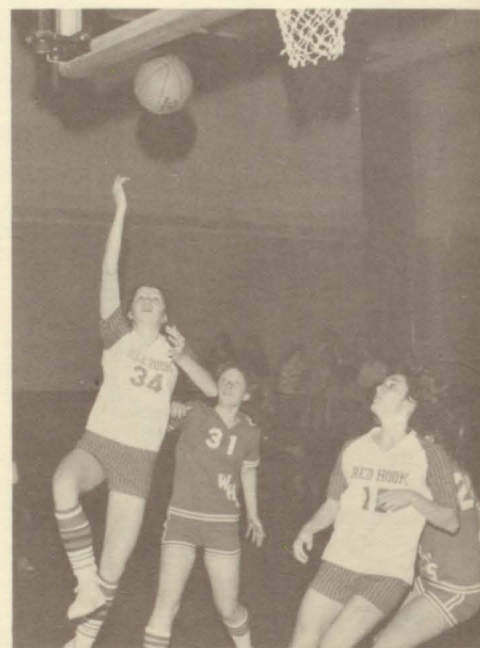

Can the girls do it three years in a row? I say they can. The Red Hook Girl's Hoop Team was off and running towards their third UCAL championship by midseason. The key game against Coleman was easily taken by a score of 55-40.

Kelly Mosher led the team in scoring with a 23 point per game average with Denise Sevigny close behind. Sandy Stash, Barb Skiba, and Pat Kowalski turned out to be the team's top rebounders. Ellen Tuohey shared the ball handling position with Kendall Martin while Lisa "Wolfie" Theberge, Ann "Mama" Hoch, and Lynn Gallagher contributed their part playing forwards and on the wings.

Much of the team's success is attributed to Mr. John Kuhn (and his Saturday morning donuts, of course). He single-handedly turned a bunch of high school girls into a "fine ball club" for which the school and especially the team are eternally grateful.

JV BASKETBALL

Members of the JV Basketball Team had a most outstanding season. It could not have been done without the effort, time and encouragement of Mr. Kuhn.

The purpose of a JV team is to not only develop individual skills but also a sense of teamwork. This goal was certainly accomplished by this year's team, and Red Hook can look forward to many more outstanding performances.

THE MOUNTAINEERS

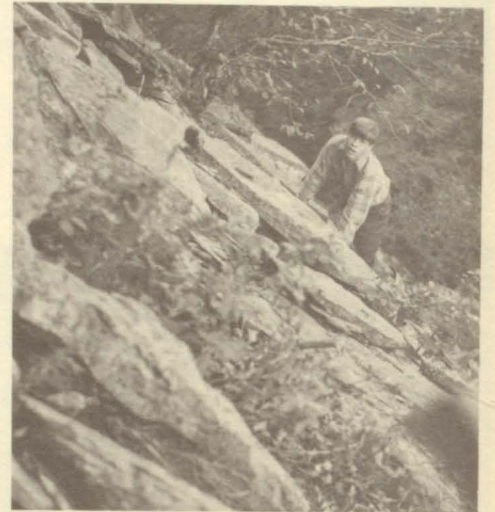

What do we do? We don't have cheerleaders, we don't bring home trophies, sometimes we don't even bring home everything and everyone we left with.

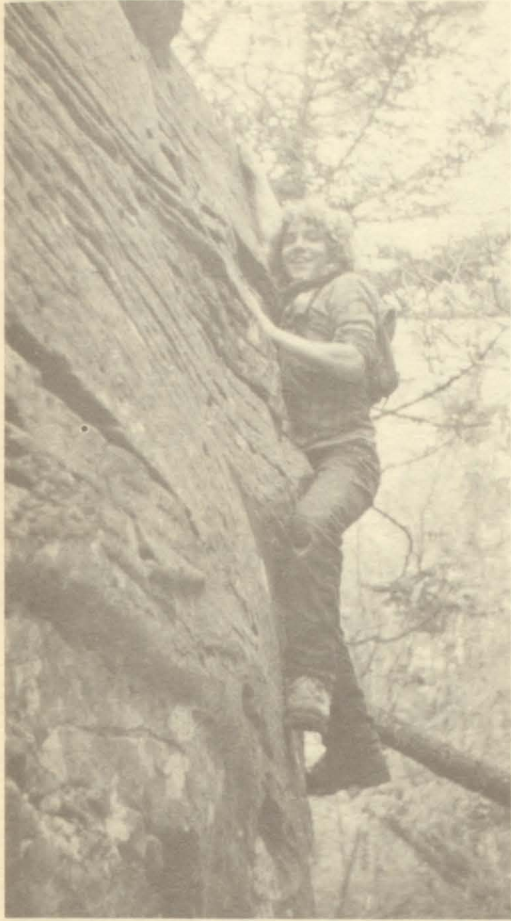

We do walk a little, climb a little, and eat a lot. We develop new sports: mountain jumping (could be painful), "bombing" Platteau to Mink Hollow, snow diving, and groveling for Twinkies (all very useful in later life.) We have wild, spirited discussions (fights), snowball fights in November, and blisters on the Long Six.

With all this and our incomparable leader, Mr. Fish, (or is the true leader Willie, his black Lab?), I ask you, how can we possibly miss?

"They don't have mountains like these in Denmark."

"Should we drink it?"

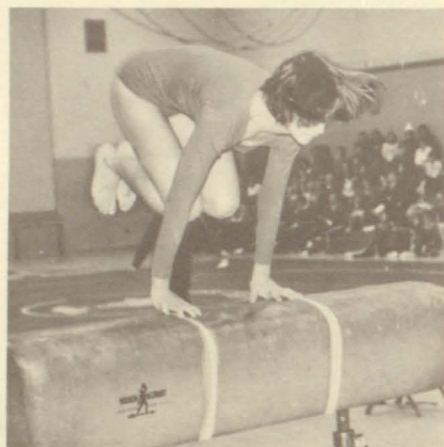

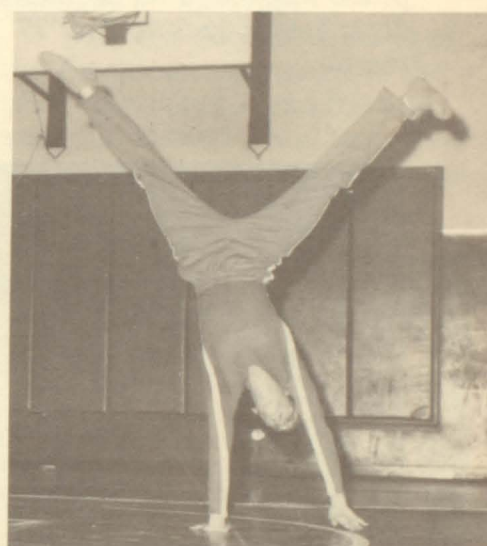

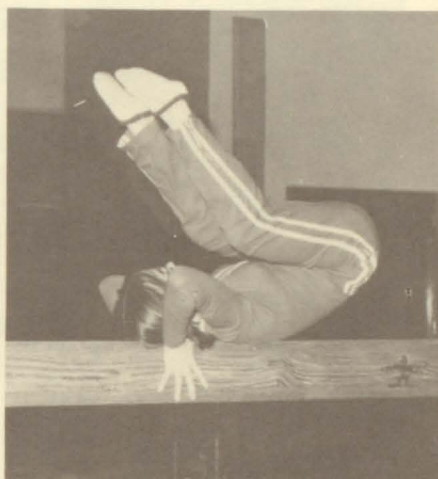

GYMNASTICS TEAM

This year's gymnastics team has come a long way from previous years. We've worked and doubled our scores in the past few years. But even with this work, we've had fun, and things would have gotten dull had it not been for Tim's humor to keep us going. All in all it's been a successful year.

VARSITY VOLLEYBALL

For the 1976 volleyball team, it was a sweet and sour season. The team started the season with two forfeits, dampening chances for a second straight UCAL championship, but the team came back to win their last ten matches and take third place.

The high point came with wins over previously undefeated Fallsburgh and second place Marlboro on the same day. Better luck to the '77 team.

Under the coaching leadership of student coach Jim Amrod, the 1976 Junior Varsity Volleyball team managed an undefeated season. Denise Zimmerman led the UCAL championship in scoring.

TO THE CLASS OF 1977

Congratulations on having completed your secondary education.

I hope that you have the basic skills and knowledge to enable you to continue toward the goals set by yourself, and that in the years to come you will be able to reflect on the time spent in high school as time well spent and enjoyed.

MESSAGE FROM THE BOARD

We hope that we have been able to provide the staff, program and facilities to give you the background and techniques to enable you to obtain your maximum potential.

Best wishes for success in all future endeavors.

Difficult times for young people about to graduate from high school? Yes, these are difficult times.

We are all aware that our graduates will face a nation and world troubled with many problems.

We are also aware that the future of our nation depends on a generation of young people with the intelligence, imagination and dedication to overcome existing problems and to plan a positive approach to the future.

We hope, that through our school program, we have been able to contribute, in part, to your ability to intelligently approach problems that confront you and to develop sound approaches leading to solutions.

RUSSELL J. KEEFE
District Principal

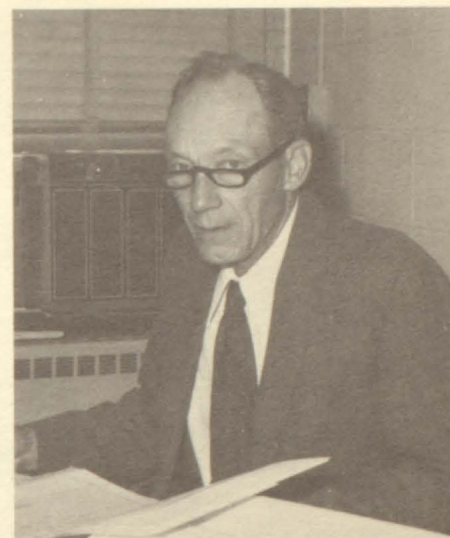

Dear Mr. Keefe:

We would like to take this opportunity to thank you for 31 years of dedicated service to the students of Red Hook Central School.

As we start a new phase of our lives come September 1977, with your retirement so do you; and we sincerely wish you the best for the future.

The class of 1977

MR. RICHARD BARRINGER
High School Principal

How distant this day seemed in the fall of 1964 when you first entered school. I'm sure it seemed an eternity away when you entered tenth grade, just three years ago.

Graduation time, the time you thought would never come, is upon you and I'm sure you will at times reflect back over the past thirteen years. All of the crises that you experienced seem to be so minor now. The sports contests where winning was so critical to you may even be forgotten.

All of these things were the learning experiences that go together to make you the person you are.

It is our hope that your experiences at Red Hook have made you a person who is prepared to go on to other, more difficult experiences and that you will be able to draw on those things you learned here to overcome all difficulties, make wise choices and lead a happy, fruitful life.

Our good wishes go with all of you.

TO THE FACULTY,

George Bernard Shaw once wrote, "He who can, does. He who cannot, teaches." One can tell directly from that statement that Shaw was no great admirer of the professors of his time. However, his assertion would find greater dissent today than the period from which it came. Today's generation of educators are as different from their predecessors as the latter were from theirs in the 50's and 60's. Today's teachers are, for the most part, a group more involved and concerned with their work and students--a plus for both teachers and students.

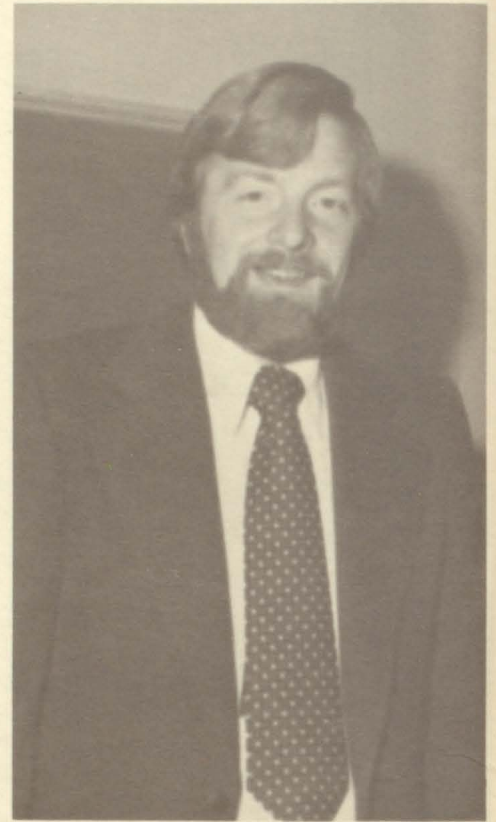

The concept of a teacher as a talker rather than a doer is somewhat of a fallacy in our modern educational system. True, one could take Shaw's statement for its face value--namely that a teacher of, say, anthropology is inert compared to the field anthropologist. Teaching today, though is a profession in itself, rather than a refuge for a phlegmatic professional--"he who cannot."

Regardless of all that is said, we, the students, want the members of the faculty to know that we very much appreciate them, and, that in 1976, difficulties notwithstanding, we realize that we have it better than we could ever have had before. Although not all of us may feel this way, we want you to keep up the fantastic work. It's something we'll all be better for.

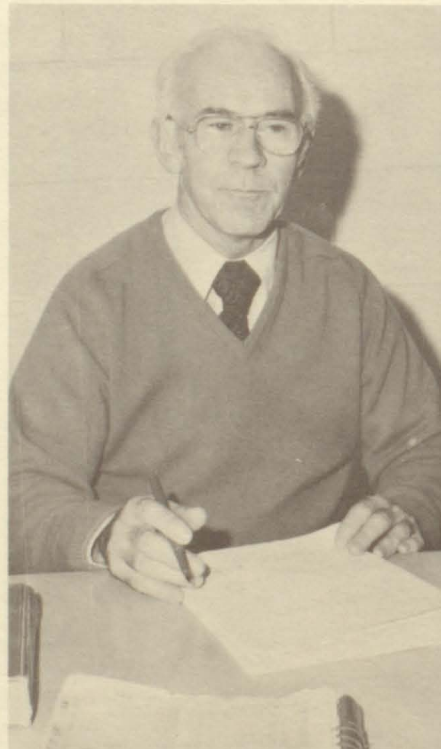

And above and beyond this professional level, we want to thank you for being our friends.

TO THE STUDENTS,

Have we, in any way large or small, helped you to find yourself, to see yourself as part of your home, your community, your future world? Have we acknowledged your weaknesses and ours and told one another that we all can and will do better? Have we shared, in some way, your problems, your laughter, your hopes? If we have been able to do any of these things, then we have begun to fulfill our role as your teachers.

Have we welcomed your suggestions, offered help when you needed it, been understanding of your likes and your dislikes? If so, we have moved in the right direction. Have we been able to nurture your priceless assets: your energy, enthusiasm, search for fact and truth, idealism, and above all, your dreams? To foster these assets is our job at hand.

We have found pleasure in and taken inspiration from the development of your young minds. May we remember with mutual satisfaction the years we have spent together.

VARSITY BASEBALL TEAM

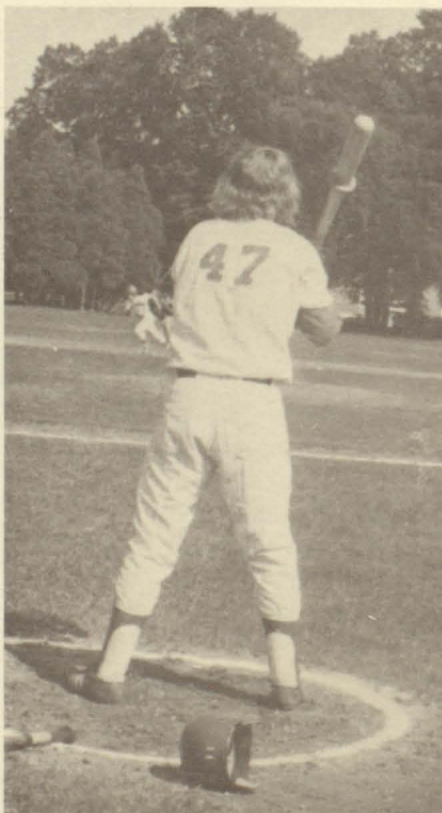

With only four returning lettermen, Doug Traudt, Brian Moore, Ron Coon, and Tim Moul, Raider Varsity Baseball turned in a surprising record in 1976.

In what many people thought to be a rebuilding year, the Raiders finished with a league record of 12 wins and four losses and an overall record of 18 wins and 4 losses.

The timely hitting of junior Kevin Gilfeather and sophomore Ken Staats (both hitting over .350) and Senior Traudt and sophomore Jeff Martin (both hitting over .270) along with the power pitching of Coon, Staats, and Junior Ray Keeler, the Raiders proved to be a fine team. With the emergence of juniors Marty and Joe Smith, Dave Wright, Al Moore, and Larry Launhardt and sophomore Glen Coon (all lettermen) the Raiders should be headed for the UCAL championship which has evaded them ever since they joined the UCAL.

JV BASEBALL TEAM

The 8-7 record in no way indicates the talent on this squad. Four games were lost by one run in the last inning, and in one game the umpire made a mistake which brought in the winning runs. In my opinion, we had the best defensive team in the league, starting with sure-handed Jon Dalzell at third base, speedy Bob Gehrer at short stop, one-hop Johnny Moore at second base, and co-captain Mike Hanley at first base.

In the outfield, the duties were shared by 5 Doug Pitcher, John Gall, Bill Pease, eighth grader Chris Fenaroli, and Chris O'Connor. Co-captain Glen Coons, who was promoted to varsity midway through the season, was the best backstop in all of the UCAL.

The pitching was shared by aces Mike Hanley and Glen Coon, and a splendid performance by Jon Dalzell. This team should be proud of it's accomplishments and should make a strong bid for a varsity UCAL championship.

You got him licked!

BOY'S TRACK AND FIELD

In 1976 the Red Hook Raiders again turned in an enviable record of 21 and 5, with the UCAL total 15 and 2. With this record they finished second in the league title chase to Pine Bush. This group was also second in the Dutchess County Invitational field of 15 teams and fourth at Arlington Relays (Class III in a group of 28 schools.) They broke Wallkill's winning streak at 42 straight.

The following were chosen as first team All-UCAL performers: Mark Gravino-1, 2 mile Mike Friery-330 Int. Hurdles, 880 relay-Dave Fein, Tim Bradley, Larry Haase, Darryl Mosher. Gravino was a repeater on the All-League team during this year. He is a holder of three school records due to his achievements while at Red Hook.

GIRL'S TRACK AND FIELD

The 1976 girl's track team finished up the girl's athletic program this year with the fifth UCAL championship. The team remained undefeated in all their dual meets and came in second in the UCAL meet, thus tying Onteora for the championship. Two of the most outstanding athletes were Chris Arends who as an eighth grade high jumper, came in second in the UCAL and Barb Skiba who came in first in the Section 9 meet and qualified for the state meet. The heart-break of the season occurred when Barb sprained her ankle before this meet and never did compete. But, she's got 2 more years!

"Do I really play like Jimmy Connors?"

TENNIS TEAM

The 1976 Tennis season was a time of rebuilding for the three time champion Raiders. But despite this the team did manage to win a few matches. Prospects for the future look really bright with the return of Patrick O'Farrell, Gregg Hansen, Harold Davis, Greg Wiles, Ron Dupont, Dan Miller, Guy Yarden, Scot Traudt, and Scot Smith.

GIRL'S TENNIS

Last year the girl's tennis team made a lively recovery, giving them their first winning season in several years, thanks to the leadership of Judy Dupont, who from the beginning of the season greatly improved and played first singles, as well as Pat O'Toole, who played second singles, and Kim Schwamb who played third singles. Last but not least were first doubles couples Nancy Hart and Cheryl Lewis, and caboose couples Sue Campo and Leslie Coons. "Now that we've acquired the needed experience, we expect to have an even more successful season next year."

SOFTBALL TEAM

The 1976 space edition of the Raider's softball team was the most successful, winning the UCAL championship for the first time. The team put it all together in compiling a 9-0 league record. They topped Pine Bush for the first time ever, winning by one run in extra innings. The season ended a year in which the Red Hook girls took every UCAL championship.

A tough act to follow.

SPRING SPORTS SUCCESSES

What a season! Red Hook managed two UCAL championships in girl's athletics and similar successes in boy's sports. Also eight Red Hook students received the coveted "Athlete of the Year" award: Denise Zimmerman, Vincent Vellake, Pat Kowalski, Ken Staats, Denise Sevigny, Mark Gravino, Jo Green, and Ron Coon. Way to go!

"Putt-putt-putt goes the trolley . . . "

"Congratulations Willie. "

You "drive" me crazy.

"What do you mean come here "Boy"?"

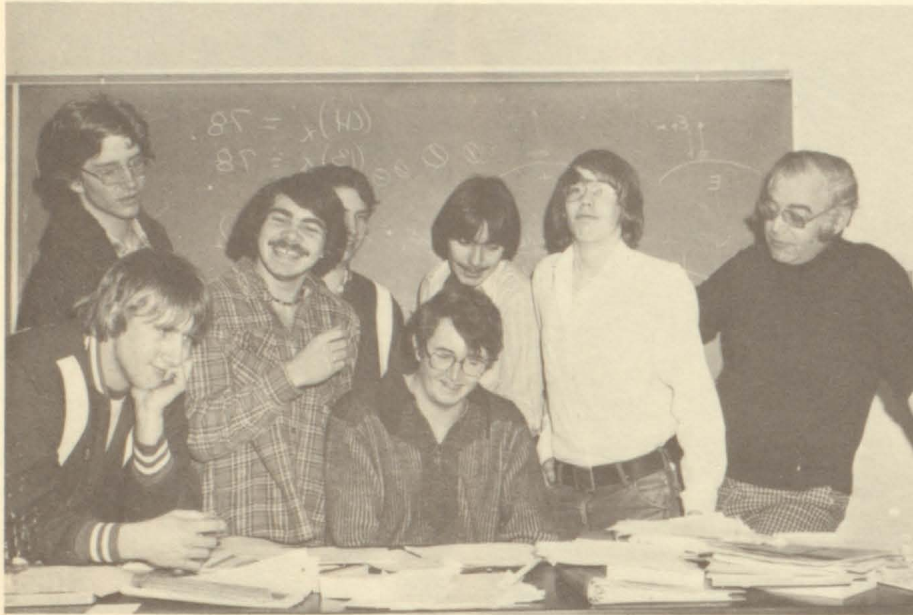

Things really SWING around here

GOLF TEAM

This season was the best that the Red Hook Golf team has had in 7 years. After losing 42 straight matches, they finally became victorious. Finishing with a 5-7 record, they lost the last match by only one stroke. Although everyone contributed to the team's success, major accomplishments were made by Bob Skelly, Gerry Kane, and Tom Skelly. Bob went to the Section 9 tournament, Gerry scored the lowest score at Red Hook in 4 years with a 38 and Tom, as a freshman, had an excellent year. Next year they have an excellent chance at a UCAL title since everyone will be returning (except Bob).

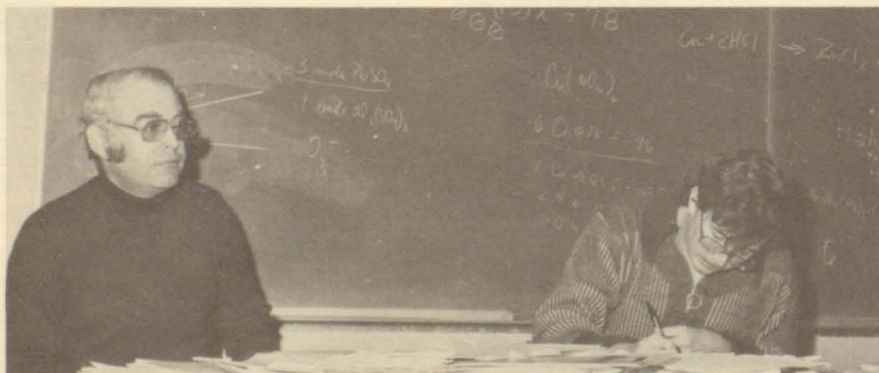

ACADEMIC PAGES

The Quiz Bowl Kids and Coach: E. Foster, A. Hill, J. Amrod, T. Skelly, B. Skelly, Coffey, M. Barrett, Mr. Barrett.

QUIZ BOWL

The 1977 Quiz Bowl Team started its season with a record-breaking score of 640-340 against Kingston. The starting lineup included co-captains Ed Foster and Bob Skelly, Mike Barrett, and Dave Appell. Ed led the group with 400 points and Dave was the first freshman on the team to start.

SENIOR SEMINAR

Senior Seminar is a worthwhile half-year course that helps seniors prepare themselves for college. In this course you not only learn how to research a paper, but also learn how to present yourself along with your research effectively before a group. It helps in the technological aspects of a research paper, but more importantly it helps a student in his dealings with people.

Mr. Walker makes this course what it is, for he makes it interesting and enjoyable and very educational. Wouldn't you like to sign up for this course?

This is a picture of Laura Beebe from Lynn-Rachel Ary's oral report on fashion of the nineteenth century. She had original dresses from this period that women of the community lent her.

"... Since study was a vehement application of the mind, the scholars are forbidden to attend more than two or three lectures a week."

Fifth row: Judy Dupont, Gregg Hansen, Bob Skelly, Mike Friery, Ed Foster.

NATIONAL HONOR SOCIETY

During a special assembly June 7, 1976, twenty-three Red Hook Students were inducted into the National Honor Society. They were chosen by the faculty on the basis of their contributions to the school.

Proud Dad watches as Lynn is inducted.

FENAROLI CHOSEN DRIVER OF THE YEAR

On the same night Diane Fenaroli was inducted into the National Honor Society, she also was named "Driver Education Student of the year" by the Driver Ed Department. At this assembly, she was presented with a plaque. Diane was chosen on the basis of her performance in class and in lab. Congratulations!

MERITS COMMENDATIONS

Nine students were give com-
mended student ranking by the
National Merit Scholarship Com-
mittee. They were chosen on the
basis of their performance on the
Preliminary Scholastic Aptitude
Test. Eleanor Oakhill led the
students with a score of 193.

Front (L-R): K. Mosher, K. Hoch, S. Thomas, E. Oakhill. Back: D. Kilmer, D. Cohn, E. Foster, M. Oja, K. Hejnal.

IBM COOPERATIVE PROGRAM

Four Red Hook students,
Catherine Kelly, Marjorie
Shanley, Marion Cole, and
Sharon Tetro were chosen
to participate in a secretarial
work-study program at the
local International Business
Machines company in Kings-
ton. These students spent
half of each school day at
IBM working as secretaries.

REGENTS SCHOLARSHIP WINNERS

Red Hook Central High
had fourteen recipients of
the New York State Regents
Scholarship this year. Also,
four alternates, Judy Dupont,
Linda Brammer, M. Friery
and Mary Ann Schussler
were chosen. Ed Foster led
the group with his score of
269 out of a possible 300.

Patrick O'Farrel acci-
dentally became the first
RHCS male recipient of the
Regents Nursing scholar-
ship (shall we say a slip of
the pen), but subsequently
turned it down because he
found it hard to use at an
architectural school.

Congrats to all!

A senior at Red Hook
Central School, Donna Major,
won recognition in the Natio-
nal Poetry Press Contest.
Her poem will be printed in
this organization's publica-
tion. Congratulations, Donna!

I'm Here!

Sitting silently
Away from everyone
Watching other people
Having all the fun.
Never participating
Always sitting out
Never making friends
Wondering what it's all about.
Wanting to join them
Wishing to belong
But always afraid
Of saying something wrong.
So, alone here I sit
And watch them all walk by
As the tears begin to fall
And I start to cry.

"In my end is my beginning."

Mary, Queen of Scots

Granted, Mary Stuart is hardly an example to follow. After all, she did end up on her sister's chopping block. Nevertheless, the thought is a good one, and worth paying heed to. It epitomizes the idea that the termination of one marks the start of another, in a continuing cycle. This idea can be applied to the annual event that marks the end of one's primary education, and the beginning of things to come--Graduation.

This section, which devotes itself to the various aspects of the senior class, thus depicts what is, in a sense, the last stage in the first part of one's life. The members of the Class of 1977 are, at least for this year, the cream of Red Hook Central School. They are, by and large, individuals of merit in many diverse fields--athletics, art and culture, engineering, and academics--and Red Hook is invariably proud of them. Every year our school produces a senior class which demonstrates time and time again its versatility and promise. We here at Red Hook Central can truthfully boast that ours is an exceptional educational system that is on par with any other public school in the state, if not the Nation.

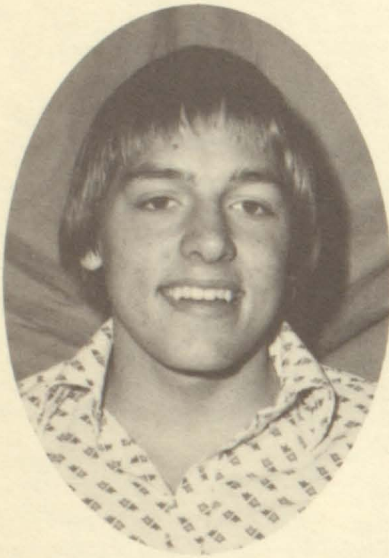

When confronted with a graduating class, some people will say that "it's just another bunch of seniors." But, as much as these people have a right to their opinions, the fact remains that every class that has gone through our school has some unique attributes. The Class of '77, like its predecessors, has contributed twelve years toward the betterment of this school system. Its contributions may be subtle and not easily recognizable at first glance but they are extant in our school today.

Certain members of the senior class have participated as integral parts of Red Hook's champion football, field hockey, basketball, and track teams, among others. Some have received honorable notice in county and state musical competitions. In addition, the scholarships accorded its members are numerous. All these contribute to the respect and prestige of Red Hook Central. They will always be a part of it, to be built on and followed up by future generations of seniors. They have helped make a name for this little rural school and should receive credit for as much.

So, with these credentials, the members of the class of '77 will go out into a new beginning in these trying times--to universities, to factories, to professions--but persevering as befits their character. And, in the future, when these alumni look back to their Red Hook School days, they will realize that, in the words of Friedrich Nietzsche, "Every tradition grows ever more venerable . . . The reverence due to it increases from generation to generation."

AFS STUDENTS

LARS KJAER

An Afs year isn't just a year and then it's finished. It involves a lot of people and different factors, which all have an influence on the AFS'er. Everybody who talks, smiles, and greets and AFS'er helps to make it an experience in life.

Therefore, I want to thank the teachers, friends, my host family and everybody else who helped make my AFS experience the experience of my life. I'll soon go back to my homecountry, Denmark, thinking back on my year in this community and hope the new exchange students from all over the world will have as great a year as I had.

--Lars Kjaer

My year as an exchange student has taught me so much about a different culture, much of which has been simple, basic things. Because of this, I feel I have become a richer person inside through what I have learned and experienced. I owe it to you all for making it possible and for helping me make this a year I will not forget. I would like to thank my host family, my teachers, and all of you for your help and kindness.

When I return to my home country, New Zealand, I will always have fond memories of my stay in Red Hook.

MEMORIAM

BONNIE JORNOV

You left us early,
But you left us a legacy
By which to learn
And to carry on to others.
You left us fighting
And though you fell hard
And felt much pain,
You would never complain.
You left us lonely
But not alone.
Your message was one of
 love,
 understanding,
 and respect
For all mankind.
Your extreme wisdom at 18
Was something we all
Strive to achieve
All our lives.
I didn't understand
 while you lived,
But now I've learned
How late it is to
Sing your praises.
Your spirit shall live forever.

Murray's bod.

"Don't you dare!"

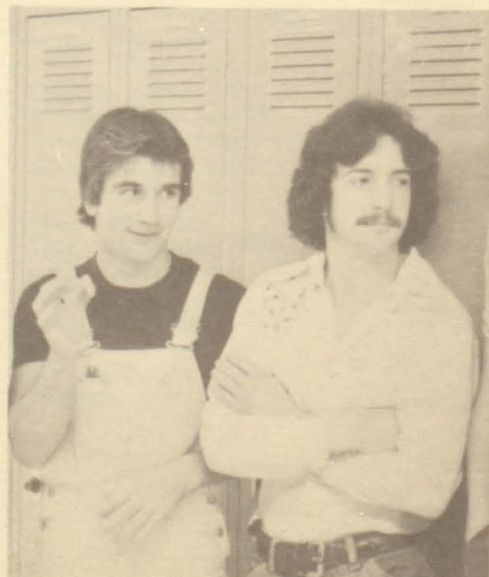

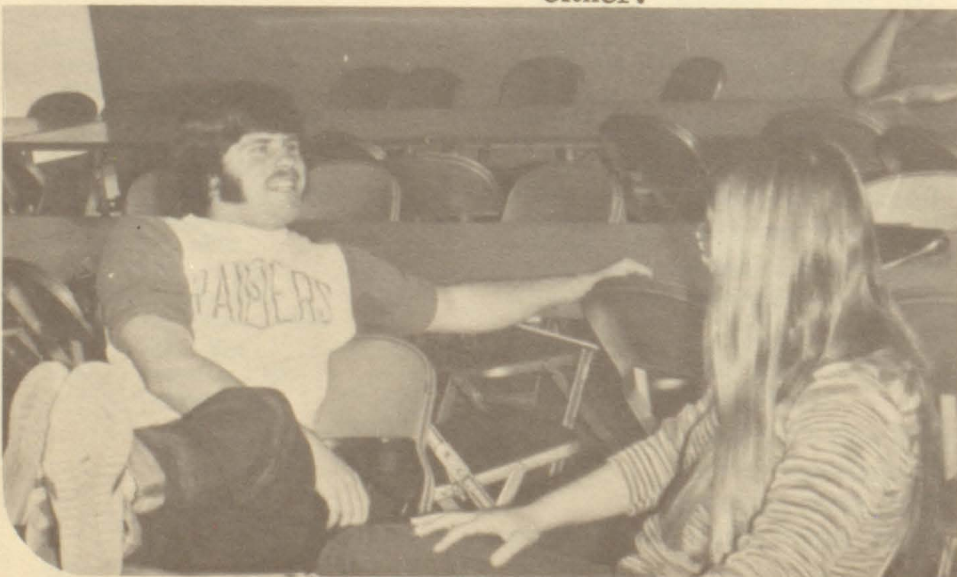

Asi es

Friends are for keeps.

Would you believe Olga, Nadia, and Nellie? No, I wouldn't either.

"Hotsie Totsie?"

*"SOME ARE GAMING,
SOME ARE DRINKING,
SOME ARE LIVING
WITHOUT THINKING."*
..... Student's song from
Medieval times

Yep, we're the Raiders--take it or leave it.

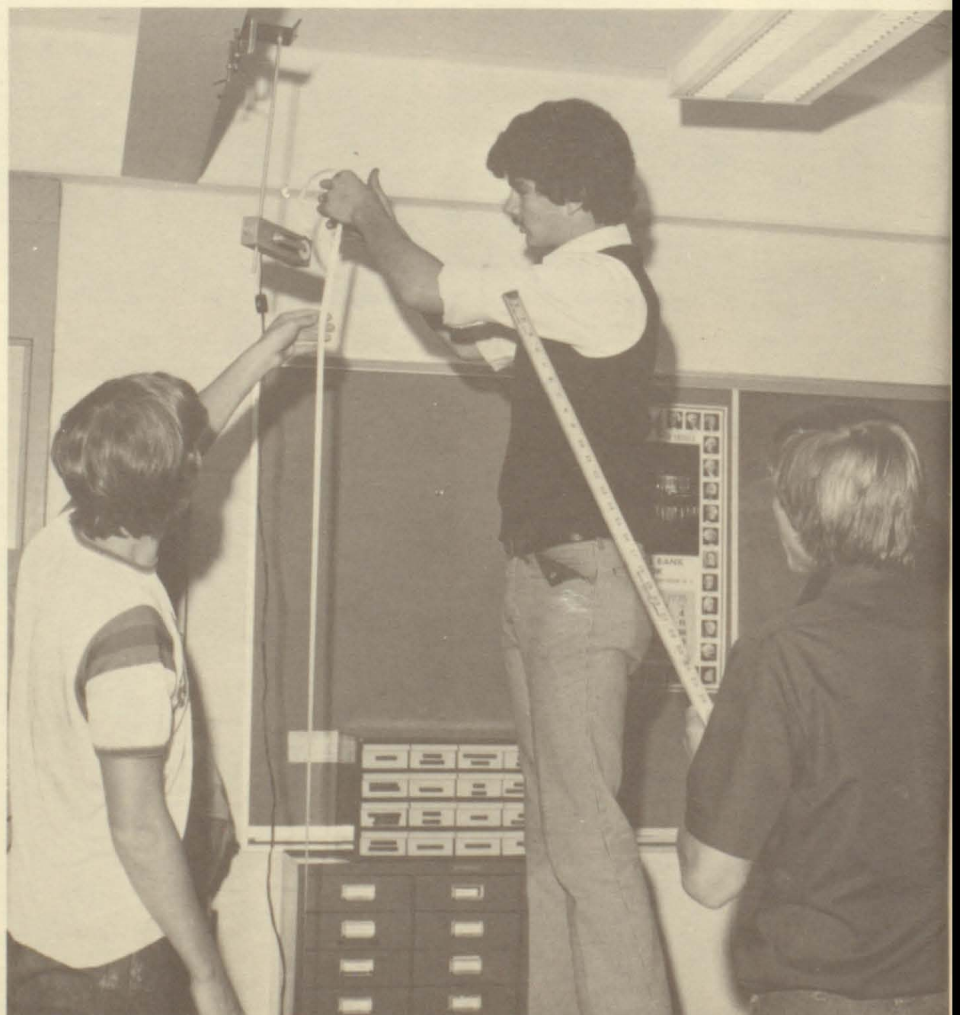

"Good to the last drop!"

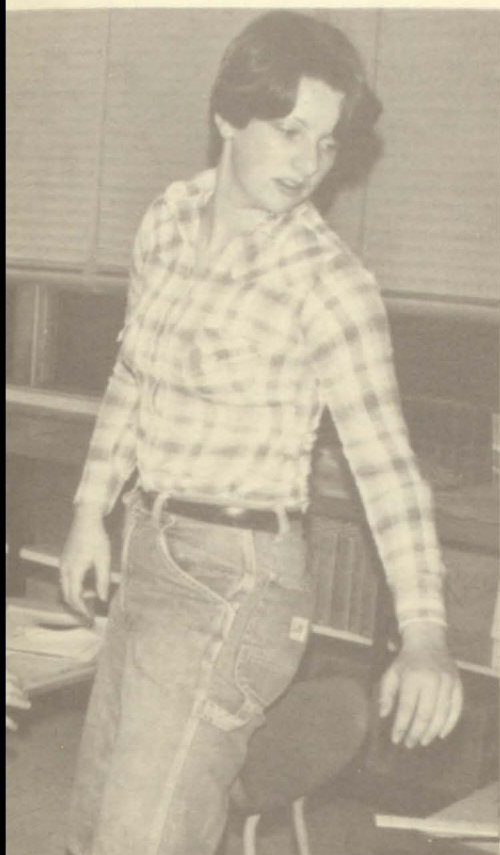

"I'll drink to that."

"Look serious, yep, and most important, look tough. Yeh . . . "

"O.K., I'll be Einstein, you be Newton and you be . . . "

"What did you put in there?"

"It wasn't me." "Me either."

"Give my regards to Broadway."

Hmm . . .

February 23, 1977

This book is an experiment; an experiment and an attempt to capture true student creativity within the covers of the book. It is an attempt to reduce and simplify a yearly tradition into its elements and indeed an attempt to discover the meaning and purpose of a yearbook.

But before a purpose can even be discussed there are so many obstacles to overcome. They come in the form of opposition to change, misconceptions, and overgeneralizations.

"The yearbook is strictly a senior affair--no underclassmen allowed . . . Each yearbook is dependent upon the previous ones for style, content . . . its merely the students attempt at production, amusing isn't it? . . . We're the Class of '77 so lets do the yearbook like the Class of '76, '75, '69, '53. . . We're seniors . . . No change, change causes confusion which . . . a yearbook should have pictures and plenty of white space for autographs . . . No change . . . seniors . . . Class of '77."

--A barrage of misconceptions. A yearbook is not, or at least should not be a yearly chore, an annual habit. It is not created by a "bunch of seniors" in the name of a class year.

A yearbook has a simple purpose apart from all these misconceptions; it is a true expression of who we ARE and what we DO. We are not a block of humanity bearing the label Class of '79 or '78 or '77. We are six hundred different individuals with six hundred different sets of values, dreams, hopes, ideas, and each having a style of his or her own. The purpose of a yearbook is to demonstrate this array of ideas and to catch people in the act of being themselves, doing what they do. It seems odd that something this simple should be experimental, but nevertheless it is, and the success of this experiment is entirely in the eyes and heart of the beholder.

Because of this redefinition of the actual purpose of a yearbook, a totally different approach was necessary this year. The yearbook was not put together by ten seniors in Room 265 on a Monday night late in February. It was created, first of all, (rather than put together) by freshmen, sophomore, junior, senior, and faculty members throughout the year. Individuals involved in various organizations wrote from within the activity about the activity rather than having "staff writers" objectively view what the club accomplished this year. It would be difficult indeed for me to mention every single person who has contributed an article, an idea, or a part of themselves to this book. It is truly a school effort, and I believe that the variety of writing styles is evidence enough of this fact.

This yearbook was named THE LEGEND OF OUR YEAR, and rightfully so for it is a legend, a legend not to be confused with '76 or '69 or '53 or any other high school. Red Hook High in 1977 is unique and has a style of its own, and more importantly each person in the system is unique and has a style of his or her own. This yearbook has a message. Who we are and What we do--THE LEGEND says it now. I can only hope that this spirit remains with this book as its most important feature.

Sincerely,
Sandra M. Stash
Editor
