Hi Kristin,

Thanks for reaching out, congratulations on the purchase! I am cc'ing the head of our collections committee, Claudine Klose. It may take until next week for us to get back to you, because our volunteers have some ongoing projects, but I wanted to acknowledge that we got your email.

In the meantime, I do know that there was a brief description of the house mentioned in Edmund Basset's early 20th c. Reminiscences:

"The home on the corner of West Market and Church Streets was built by Norman Kilmer, but later Andrew Gedney bought same and lived there for many years until his death."

On an 1867 map its labelled "N. Killmer"

best,  
 Elisabeth

Hello,

I hope you are well. I received your contact details from Lara at the Red Hook building department. My husband and I are purchasing the beautiful and historic Gedney House at 51 West Market Street. I wonder if you happen to know if you have any old photos of the home in your archives. I would really love copies or scans for my records.

Please let me know your thoughts or if I should schedule time to come in once we close.
