## *Dedication*

*Mrs. Elizabeth McGurk*

Your warm greetings and friendly smile are familiar to all R.H.C.S. students. As an English and French teacher, we rate you par excellence; as a friend, keen-witted, helpful, and sincere, we value highly our association with you. It is our hope that our years of working together were as pleasurable for you as they were profitable for us. To you, Mrs. Elizabeth McGurk, whose mission, more than teaching, more than cultivating a love for learning, is to inspire us to better and nobler deeds, we, the class of nineteen hundred and sixty-six, do lovingly and proudly dedicate this, our HARDSCRABBLE.

A yearbook is supposed to represent the sum total of the activities, the achievements, and the life of the school and the people in it. When you consider the number of pages available, and the size of those pages, it is easy to realize that it is a physical impossibility to include all that 600 people must do in a school year.

The staff of a yearbook, therefore, must try to hit peaks, pick out the important things, and make them as meaningful as possible to all the readers of the book. It is a monumental task to choose what gets attention and what is left out. Fortunately, there are certain customs that make the job a little simpler. One of these is that of devoting a good part of the book to the Senior Class, and that is right and proper.

The graduating class of this school has a long and impressive record of achievement. Most of its members have attended this school since kindergarten—thirteen long, good years. Yes, they have been good years, and now they are almost gone. We have tried to capture them on paper, that they may be remembered.

## *In Memoriam*

September 3, 1947

November 1, 1964

MARVINA L. JORNOV

On October 31, 1964, Marvina accompanied several of her friends out for an evening of Halloween fun. It was a trip from which four never returned. Marvina and three of her friends lost their lives in a spectacular tractor-trailer-car crash early Sunday morning, November 1, 1964, on Route 9 in the Columbia County community of Livingston. Marvina had established close friendships with those who were associated with her. We of the HARDSCRABBLE Staff take great pride in paying this small tribute to a most beloved classmate.

March 11, 1962

ALFRED LASHER

Another of our beloved actors on Life's stage is missing today from among us of the Red Hook Central High School, and has taken with him his bit of sunshine. Alfred lost his life in a tragic automobile accident in March of 1962. But now, though the sun has gone, the shadow of sorrow has also passed, and has given way to a perpetual rainbow of memory. Reverently, we pay tribute to this loved member of our class.

## *District Principal's Message*

MR. RUSSELL J. KEEFE  
District Principal

The entire staff of our school and the members of the Board of Education wish the members of the class of 1966 success in all future ventures.

We hope that we have been successful in helping to prepare you to cope with the many complex problems of our present day society.

The final answers will be found in the contributions each of you will make toward solving these problems. We have great faith in the future and great faith in you.

RUSSELL J. KEEFE  
District Principal

## *Secondary Principal's Message*

MR. RICHARD W. BARRINGER  
Secondary Principal

As you, the members of the Class of 1966, grow older, you will look back upon your high school years with nostalgia. You will travel about and settle in various parts of the world — many, many miles from Red Hook Central High School and from the friends you have made here.

Thus, your yearbook will help bridge the gap between today and that tomorrow. It is a book that will be treasured as a complete record of the achievements and aspirations of each member of your class. The staff and Mr. Haines, the advisor, have worked diligently to produce this fine book. I congratulate them and the Class of 1966 for the product of their efforts.

May you always do well those things to which you aspire. May you also make a contribution toward improving the world in which you live. May you look back on your high school years not only as an enjoyable experience but also as a time when you received the preparation for the achievement of your goals in life. I wish every success to each member of the Class of 1966.

RICHARD W. BARRINGER  
Secondary Principal

## Board of Education

MR. DANIEL P. GRIFFIN; MR. H. WILLIAM KESSLER, Clerk; MR. HERBERT PETZ; DR. GEORGE MICHAEL, President; MR. FRANCIS A. RABBETT, Vice President; MR. RUSSELL J. KEEFE, District Principal; MR. LLOYD W. HAPEMAN.

These, the elected representatives of the voters of the Red Hook Central school district, hold all that Red Hook Central is within their hands. Theirs is the duty of preserving all that was good in the past, tempering it with the struggle for the present, and enriching it with dreams of the future.

The year we first entered kindergarten at Red Hook Central, 1953, is a long way back, and it is even a longer trip back to 1906 when the first class graduated from Red Hook High School. Sixty years have now passed since that first class graduated, and, from those first steps when the first class graduated, our Alma Mater's story has been one of success.

However, success does not always progress smoothly, and when, on April 2, 1936, the Red Hook School was destroyed by fire, the loss was deeply felt. "On October 26, 1937, teachers and pupils, with banners and placards, marched to the Methodist Chapel where voters from eleven districts were to decide the fate of the proposed Red Hook Central School. When the votes were counted, 866 voted Yes; only 117, No. The new school board was elected the same evening and the work of the old Board of District Number Four for centralization was successfully completed." So it was that a larger and more permanent structure was erected. The building was dedicated in September of 1939 and, because of the tremendous increase in the student enrollment, an addition of seven rooms was made in 1953.

The ensuing years gave Red Hook its share of growing pains and, although the building was enlarged, we still felt the stress and strain of an ever increasing enrollment. In November of 1963, the present high school building was dedicated. In 1965 we witnessed the merger of the Tivoli Union Free school district with the Red Hook Central school district and the renovation of the Tivoli school to house the entire third grade of the Red Hook Central school district. In the fall of 1965 the voters of the district approved a proposition to build an elementary school building which will be called the Mill Road Elementary School. Upon completion of the new elementary school, the present elementary school will become a junior high school.

As we leave our Alma Mater we can look with pride upon the administration of the current members of the school board. We have witnessed phenomenal growth under their able hands and skillful leadership. To them we stretch forth our hands in sincere gratitude for their efforts in making possible educational opportunities not available to many, for being in a larger sense the watch guards of all our school possesses and all it hopes to attain.

JOHN C. GLOWIENKA

To the Class of '66:

When I was first notified of my going to Austria as an American Field Service student, my emotions were of joy. Later this joy was tempered with a touch of regret. I was to spend one marvelous year in Vienna, Austria and go to school there. This, however, also meant that I would not be able to graduate with my class, the Class of '66. However, I will say that although at times, I was a little homesick and yearned for a familiar face, I would not give up this marvelous year, this chance of a lifetime!

Here in Austria I live with the family of Dr. Diplom Ingenieur Herbert Rasinger in Mauer, Vienna, Austria. My father is the head of the purchasing department for Graf & Stift, an automobile company. My mother, as well as being a housewife and mother, owns a large vineyard and a Rental Development of Apartments.

As for school, I am in the 'seventh class in the *Gymnasium des Kollegiums Kalksburg der Gesellschaft Jesu*, a Catholic boarding school for boys run by the Jesuits. I have thirteen subjects, although the others have fifteen, for I do not take Latin or Greek.

As I look back on my high school career, I see the fun and work that we have done together. I want to wish you, Class of '66, the very best of luck and success in the future.

John C. Glowienka

ISABEL PENAHERRERA

Dear Fellow Students:

This has been the most wonderful year of my life. I remember my first few days here—far from home—and how startled I was by the strange environment. Your warmth, friendship and comprehension soon made me feel very much at home. You have been very patient with me. Whenever I needed assistance, there was always someone to guide me. There are many fond memories I will cherish the rest of my life. You have taught me many things about the American way of life that I could never get in textbooks. I hope that someday you may visit Ecuador so that I can repay your hospitality.
