

Conn. Storrs.

	1913		1914	
	No. bbls.	average price.	No. bbls.	average price
Apples	650	3.00	230	2.00
State Peaches	about 200,000	bskts. 70	about 15,000	bskts. 75

Remarks regarding market conditions, quality of fruit etc.

If you mean figures for the state, ^{of apples} we have none. I give our personal crop. State crop probably larger this year than last, decreased much less. Peaches nearly a failure this year but prices not much better.

Yours truly
