ALMA MATER

As Freshman first in High School
We start our noble way
And we learn to love old Tivoli
This world's not meant for play
And we learn to love old Tivoli
To her be true for aye
We'll give three cheers for our
School, forever and a day.

After years have passed us glided
And we are youths no more
Our memories will be brightened
With the best school on our shore
We'll recall our Alma Mater
To her we will be true
And cherish friends we've made there
'Neath the colors Gold and Blue.
