*Charles Plass*

You will remember talking with me several times in connection with my buying the Boice farm you are on. I understood from what you said the last time I saw you that you would be willing to stay on the place longer. I should like to hire you by the month, if we can reach a fair agreement as to terms. I expect to be up this week and shall see you then.

I am inclosing a copy of Mr. Boice's list of his equipment and stock. I should appreciate it if you would go over the list and see if it is complete. He reserves his road horse and some wood and grain that is sold. I shall ask you about the list when I see you.

Hoping that you have not made other plans,  
I am,

Very sincerely yours,
