HARDSCRABBLE

WARDS CRABBLE

1958

Edited by the

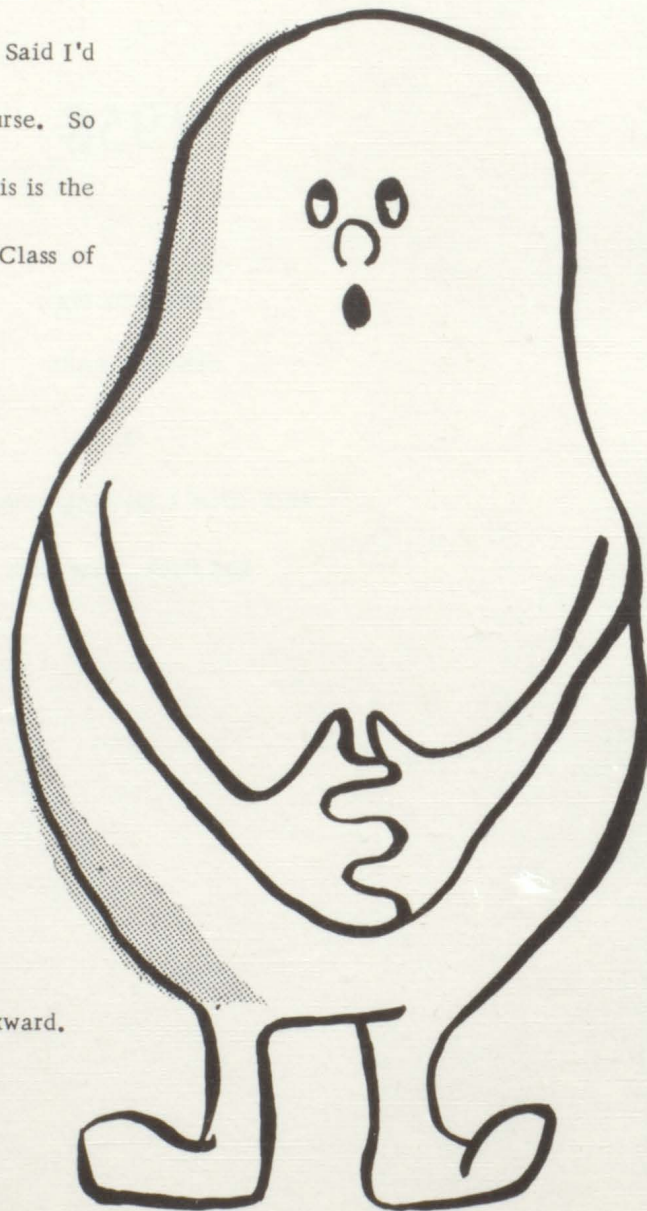

SENIOR CLASS

of

RED HOOK CENTRAL SCHOOL

Red Hook, New York

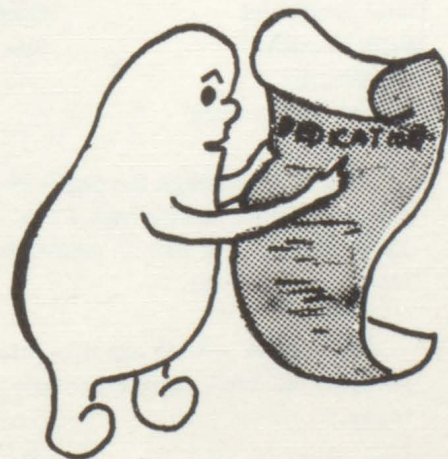

My name is Koohder!* I'm the spirit of the Class of '58. I've been with this class as long as I can remember. Grown sort of attached to them, I guess. Seems that whenever there's a job to be done, or fun to be had, or any kind of class get-together, I pop up. The class asked me if I'd sorta show you around this yearbook. Said I'd be glad to do it, of course. So just turn the pages. This is the HARDSCRABBLE of the Class of 1958!

* Red Hook, spelled backward.

To you, Mrs. Schreiber, we proudly dedicate this yearbook. For two years as our patient advisor you have guided and directed our actions. The class of 1958 has greatly benefited under your supervision. We truly thank you.

As you go through the pages of this book we hope it will recall many pleasant memories and perhaps a few amusing ones. We have done our utmost to make this the best senior annual ever published here, and hope you will think we have succeeded.

We wish to extend our appreciation to all who have in any way helped to compile this book, and especially to Mr. Fisher for his help with our photography.

PRINCIPAL'S MESSAGE

It was one of my regrets, as a young boy, that there was no longer a western frontier. The West had been conquered, the Indians were relegated to reservations, the buffalo were almost extinct and the remnant of the herd was confined to Yellowstone where hunting was outlawed. It appeared to many young boys that the red-blooded challenges of the old days were gone forever.

How wrong we were! Today, our young men and women can look forward with a certainty to facing challenges in the frontier of space that make the challenges of the old West appear as nothing. Who will be the first to establish a space platform? Who will be the first earthman to explore the moon? And what earthman will first introduce himself in a Martian home? You smile, this does still sound fantastic, but our competent science people tell us that some of these things will surely happen during your lives.

If you are to contribute to the realization of these conquests, you must continue to strive more diligently than before to equip yourself mentally and physically for the rigors of a frontier society. The need for well educated, healthy men and women is greater than ever before. This situation will become more pronounced. The strongest and the best equipped are the survivors in any frontier society.

You have established a strong foundation for life in a space frontier in your years at the Red Hook Central School. We extend our congratulations to the staff of Hardscrabble, 1958, and to the advisors whose skill and patience have made the publication a success. We would add our sincere best wishes to each member of the Class of 1958. You will be missed at R. H. C. S. We invite you to return whenever possible.

"Walk together, talk together, O ye peoples of the earth; then and only then, shall ye have peace." - Sanskrit.

Last summer Judith Walsh was sent as Red Hook's first Exchange Student under the A. F. S. program, to West Germany, where she spent a most interesting and enjoyable six weeks as a member of the Ahlers family of Olpe.

"If someone were to ask me now what my most wonderful experience was, I could answer him immediately. Without a doubt, the trip I was privileged to take this summer far surpasses anything else I have ever experienced."

Judith D. Walsh

The Seniors have been proud and happy to have Dagfinn Albrecht-
sen, of Bergen, Norway, as a member of their class this year.

"It has been wonderful for me to come here to Red Hook and to go to Red Hook Central School. Surely, throughout my life I will always have good memories from Red Hook and remember the happy days from my year in America."

Dagfinn Hosteng Albrechtsen.

CLASS MEMORIES

To guide us as the verdant Freshmen,
O'Leary and Staley took their places.
Jim Hardin was chosen our president,
And from Tivoli came many new faces.

Imagine us as teacher's pets?
We dressed that way one day in May
And proudly marched in green and gold
As our part in Moving-Up Day.

Biology we took and liked,
Won prizes at the science fair.
Art and Roxie joined our group
'sides earning money, we hadn't a care.

Kane and Schreiber were our guides,
Roff was elected our leader.
We juniors welcomed to our clan
Anne Grandbois and Shirley Beller.

Our brainiest were tapped in May;
Our prettiest attended the queen.
That Moving-up-Day we dressed
"Calypso," all in gold and green.

Hardin was president of the class,
Klose, of Student Council.
Mrs. Schreiber alone in the lab,
Helped us over the hill.

Dagfinn came to us from Norway
Pauline from good old Conn.
With these two members in our class
Our number totaled fifty-one

We had a good and friendly class,
And so we'll truly say
These last four years in high school
Have been the best, haven't they?

We had a square dance in the fall,
And a movie in the spring,
Spaghetti supper, candy sale,
Earning for our Washington fling.

James Rabbett was our president,
Gay young sophomores were we all.
To act as homeroom advisors were:
Brave Aiken, Ruby, and O'Leary, Paul.

Two years of memories were behind us,
Only two more left to go.
Into the gym on Moving-Up-Day
We "Rocked and Rolled," just so.

Bonnie was chosen for lab in Maine,
Roff and Hardin for All-State Band
Judy Walsh for Germany!
They all deserve a hand.

A Shadow Hop on Ground Hog Day
Netted us, in cents, 28.
We helped the seniors with the prom.
Our rings came three weeks late.

Remember how we tried and tried
To make the Christmas tree turn?
It didn't work; we didn't fret--
That's why we live, to learn.

Called "Stranger in the Night,"
Our play deserves a line,
Mr. Kessler directed the cast;
We thought it was just fine.

Just a word about the future,
For who knows what's in store?
We each will go our separate ways
That R. H. C. S. has well prepared us for.

We, the members of the class of 1958, county of Dutchess in the state of New York, being of sound mind and memory do make, publish, and declare this to be our last will and testament, in the manner following, that is to say:

I. We hereby request that all our just debts be paid by the class of 1959.

II. We, the class of 1958, hereby bequeath to the class of 1959 our outstanding scholastic, and athletic ability, our great musical, artistic, and journalistic talents, and our fun-loving spirit.

for those 'trying' moments the day of the deadlines.

for the 'heart' that the staff put into the book.

goes to everyone who gave of time and effort.

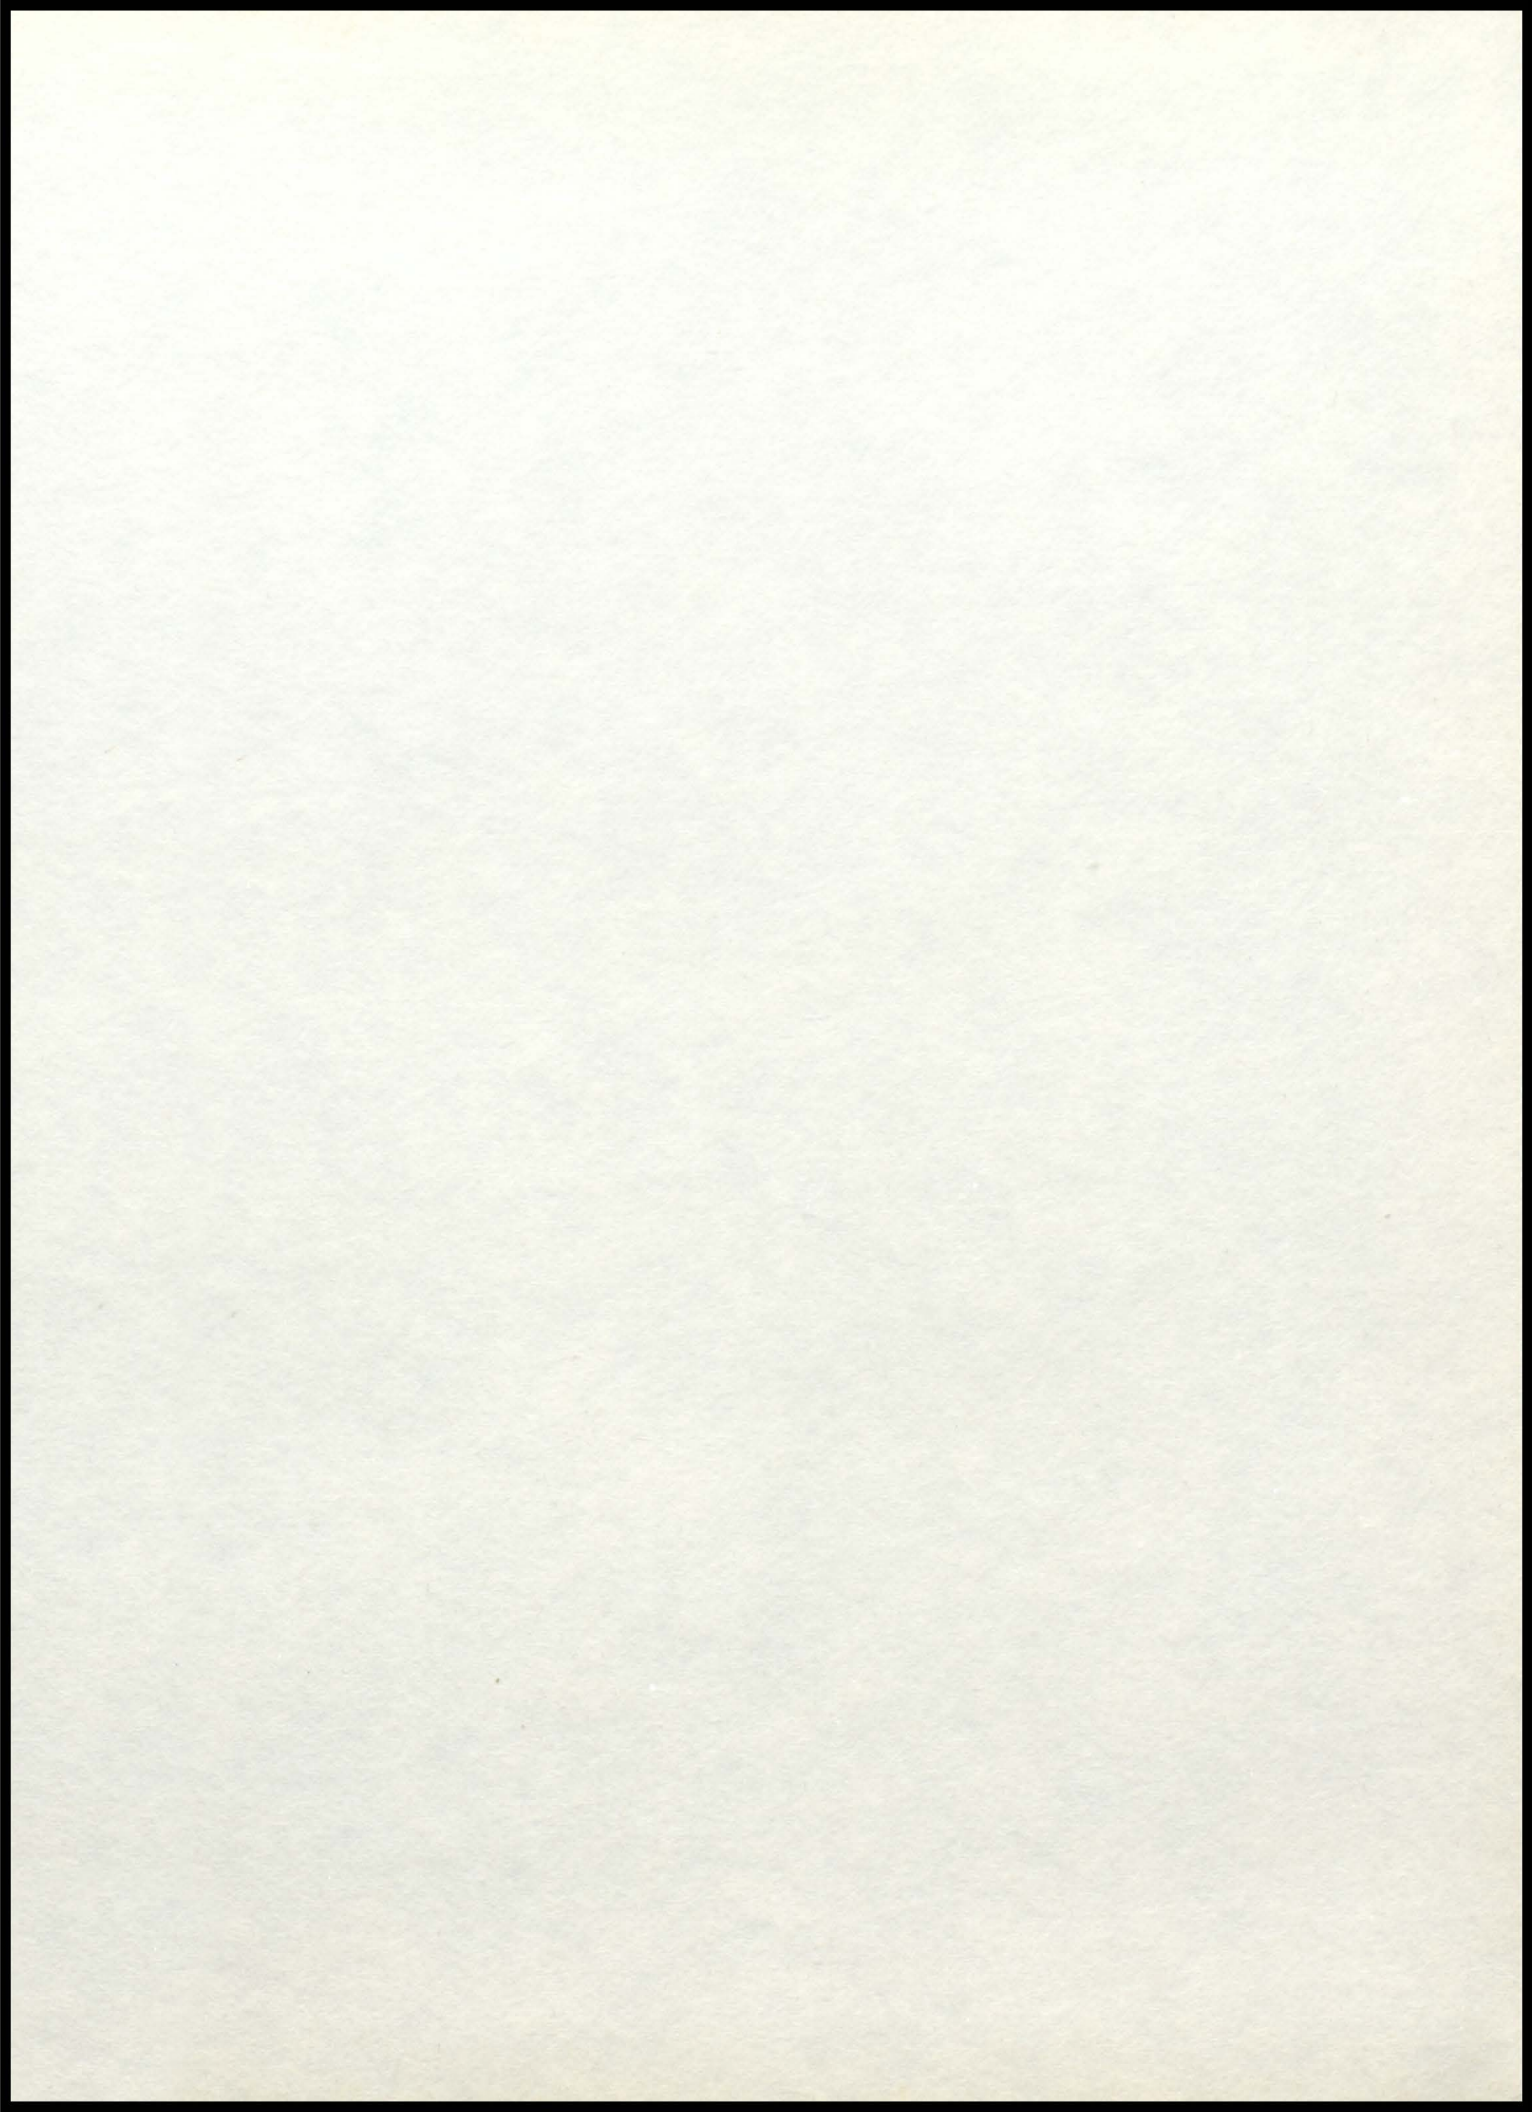

for the 'nifty' way the whole school cooperated.

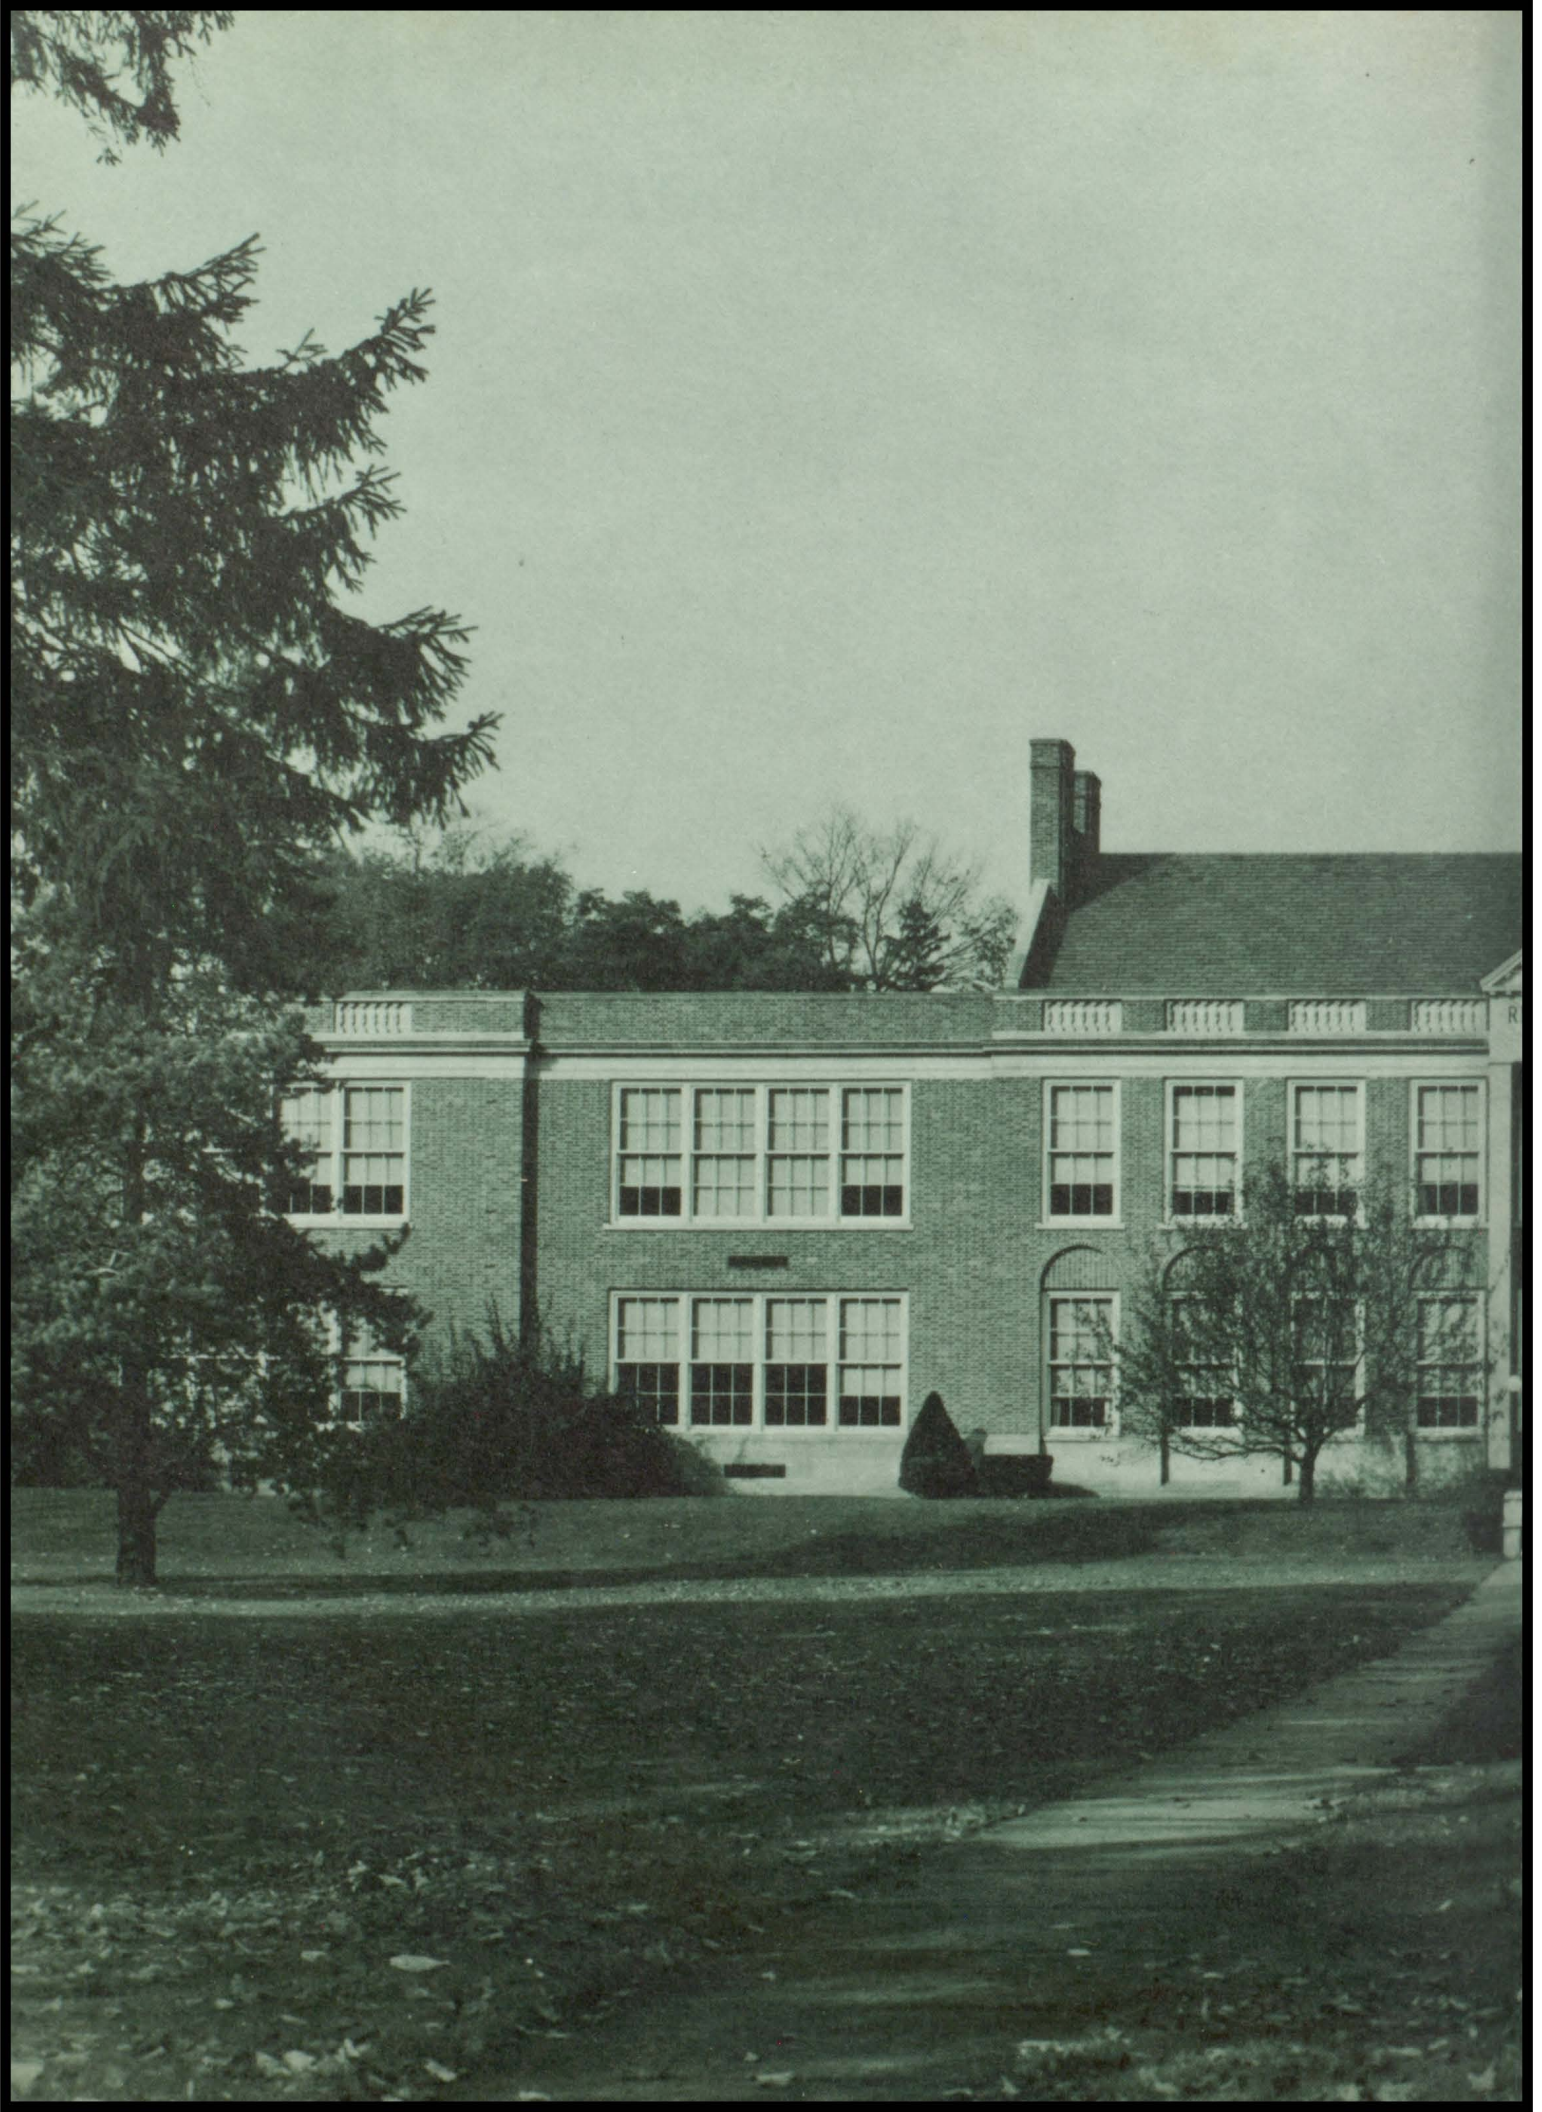

for 'Koohder' without whom we couldn't have made
the book.

for the big 'smiles' the 'staff' is 'sporting' now.

Sincerely,
Ann Horak
