Police diffuse riot supporters

The march began outside St. Brigida's church about 9 p.m. after a Mass celebrated by about 8,000 supporters, friends and relatives of Walesa, who like other union leaders has been interned since the start of martial law Dec. 13.

Witnesses said a crowd of about 1,000 then began marching toward a monument. The crowd planned to lay flowers at the monument, but was blocked by police lines.

Gdansk suffered far more serious incidents including riots on Aug. 13 and 31 and during the early days of martial law. Riots and protests on Aug. 31 swept Gdansk and scores of other Polish towns.

Walesa led the August 1980 shipyard strikes in Gdansk that led to the formation of Solidarity, the only independent union in the Soviet bloc.

Walesa has been held since May in a remote government resort house near the Polish-Soviet border south of Przemyśl.

GREEN RIVER, Wyo. — A former Lorain woman was shot to death by her husband Sunday in their Green River, Wyoming home before he killed himself.

Green River Police arrived at the home of William Linton, 42, to find him and his wife Alice Marie Linton, 39, dead. Green River Police Chief Reed Hayes said this morning the shootings took place about 10:30 p.m. Sunday, apparently following an argument. The coroner ruled the case a murder-suicide.

"A neighbor heard an argument next door and then heard shots," Hayes said. "She called the police, and when we got there, we found them both dead. He (Linton) had been out of work for a couple of weeks, so that possibly had something to do with it."

The Lintons had lived in Green River for one year.

A native of Lorain, Mrs. Linton attended St. Stanislaus School and graduated in 1961 from Lorain High School. She majored in home economics at Ohio University in Athens and

graduated from there in 1965. She taught at John Marshall High School, Cleveland, and also high schools in Sandusky and Toledo. She had taught in St. Louis, Mo. for six years before moving to Green River, where she was a substitute teacher.

Mrs. Linton was a member of Immaculate Conception Catholic Church, Green River, St. Ann Lodge Br. 75 of Lorain, and was a former member of St. Stanislaus Church.

Survivors include her parents, Henry and Mildred Rogalski of Lorain.

Friends may call today, 2 to 4 and 7 to 9 p.m., at the John R. Dovin Funeral Home, 2701 Elyria Ave., Lorain, where a Rosary service conducted by St. Ann Lodge will be at 7:30 p.m. Rites will be at 12:45 p.m. tomorrow in the funeral home, followed by 1 p.m. Mass at St. Stanislaus Church. The Rev. Michael Dyrz, pastor, will officiate. Burial will be in Calvary Cemetery, Lorain.

Services for Linton, her husband of 13 years, were conducted in Green River.

Lottery settles election tie

By The Associated Press
EUREKA, Nev. — The ace of spades defeated the seven of hearts as a winner was declared in the Democratic primary for Eureka County clerk.

Charlotte Crutchley drew the ace yesterday to take the party nomination over opponent Dorothy Moyle as the two candidates settled their election tie according to county law — by lot.

Mrs. Crutchley was originally declared the winner by one vote in the Sept. 14 primary, but a recount turned up another ballot and the two women ended up in a 109-109 tie.

They tied again yesterday in the first draw of the cards at the county courthouse, both drawing eights, before a second round gave victory to Mrs. Crutchley.

Ex-IRS chiefs benefits of flat

By The Associated Press
WASHINGTON — Two former Internal Revenue Service commissioners say a single-rate income tax for everyone would only simplify the tax system if there is a wholesale elimination of credits and deductions.

The former tax collectors, Sheldon S. Cohen and Jerome Kurtz, agreed with growing complaints that the income tax has become too complex and filled with inequities.

But they cautioned against substituting a single or flat-rate tax for the progressive system that is based on ability to pay.

"If we are seduced into believing that simplification requires a flat rate, we will unnecessarily sacrifice substantial equity for minimal gains in simplification," Kurtz told the Senate Finance Committee yesterday.

Added Cohen: "Virtually all of the promised simplification in the flat-tax proposal arises from eliminating the bulk of the deductions, credits and so on now found in the income tax."

The testimony was presented as part of the Finance Committee's consideration of several proposals for simplifying the income tax. Most of the atten-

tion has plans (cent or law) the most or a There Congress chiefly duce a income pense families But of ing cons by Sen and Ric would deductio interest member income most pe rate an families But a of the t least se Reagan planning the fors If a indicati ger for told the recent shows single- rations at Bradley

Hurricane Paul leaves five dead

By The Associated Press
LA PAZ, Mexico — Hurricane Paul slammed into northwest Mexico today, packing 112 mph gusts and heavy rains that reportedly left at least 5 people dead, damaged homes and telephone service along the coast of Gulf of California.

The national weather service in Mexico City said the vanguard of the storm passed over the Baja California peninsula late yesterday and smashed into mainland's Sonora state in the early morning hours, heading north-northwest at 14 mph.

The Red Cross in La Paz, state capital of Baja California, said the winds were felt since noon yesterday. A spokesman who did not give his name, said about 100 homes were damaged by the winds and heavy rains.

Mexican television stations said at least five people were killed as the storm ravaged Baja, but the Red Cross spokesman said he could not confirm any deaths.

He also said late yesterday telephone communications to San Jose del Cabo, about 70 miles south of here on the peninsula's tip, had been interrupted.
