Dear Marshall,

Thank you for joining with us last Friday night. I think that people who did not have much knowledge about the issue came away both elucidated and also got a gut feeling for the people in the U.S.S.R. by listening to your stories and looking at your pictures. There is no substitute for connecting people with the plight of individuals or families.

I hope that you and Elana enjoyed the evening, the food, the services, and the company. Your presence certainly enhanced things!

Well, I will see you soon, I'm sure. Keep up the good work, and  
KEEP ON SPEAKING!

Sincerely,
