

Dear Dorothy. I've been at
this all day and havn't
made a dent in the pile
before me. Put a little note
in all of them and you
know me, when I get to.
gabbing with a pen. Well
I could be with you on the
January trip. Saw all those
petroglyphs when I used
to ride all over my home
country hunting horses. The
ones in Rand Canyon are
about the finest to be found
anywhere. I suppose that
is the Canyon the Navy has
hung the name "Petroglyph"
on to - always changing
our old names! I know
all that Wild Horse Springs
country also - some of that
Malapea country is rough
especially between Gore Hot
Springs and over to the east
all the way to Cole Springs - not cold.
Do hope Candy is better - more
in my nest! Love from Elizabeth

*...behold, there came wise men
from the east to Jerusalem."*

MATTHEW 2:1

*Wishing you a blessed
Christmas Season
with love from
Elizabeth*
