Photograph

The Weed-Klamath
Cut-off
took us near Shasta's
north side

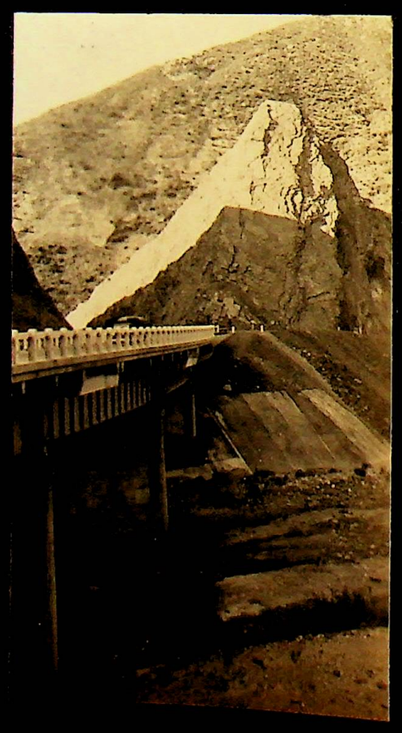

En route to the Sierras,
We drove, straight through,
from Government Camp,
to Los Angeles

535

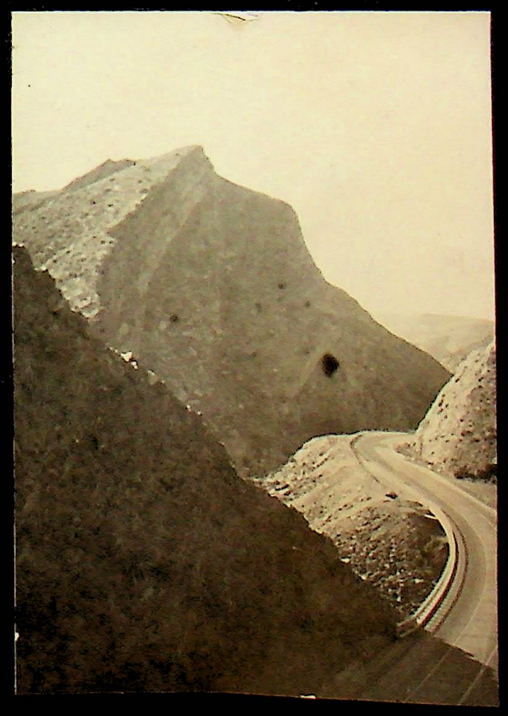

Castle Crags

lv. Gov't. Camp ..... 6.30 a.m. June 7
ar. Los Angeles ..... 7.30 a.m. June 8

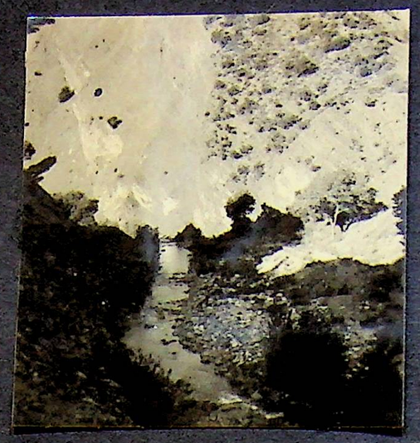

Elevation of road
at summit:
4500 ft.

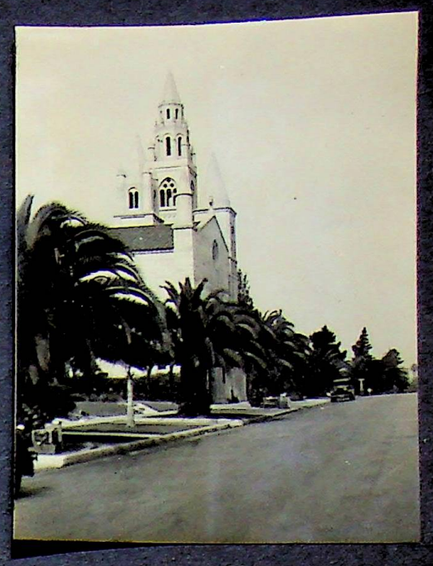

The Tehachapis

We drove thru this range (between Bakersfield and L.A.) in the early morning.

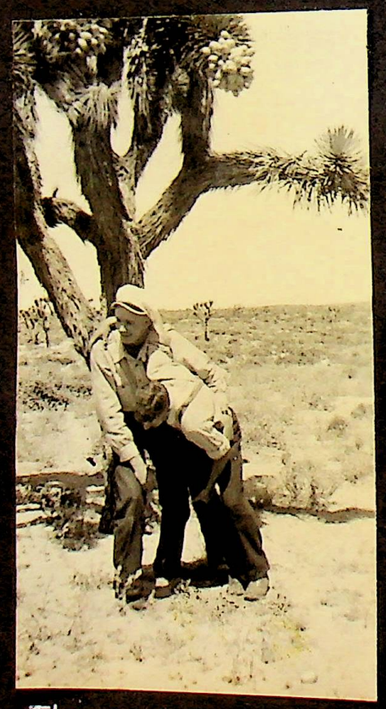

In the Tehachapis

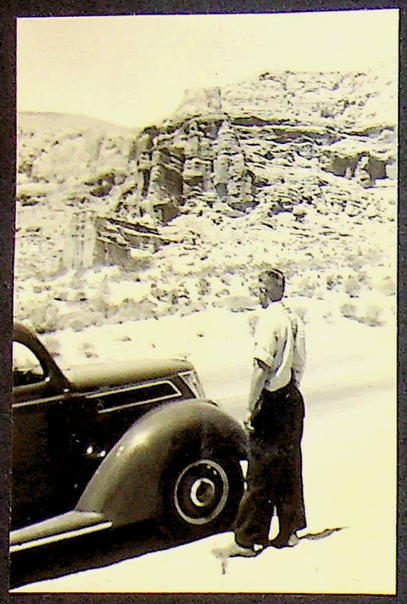

We stayed over nite
in Los Angles

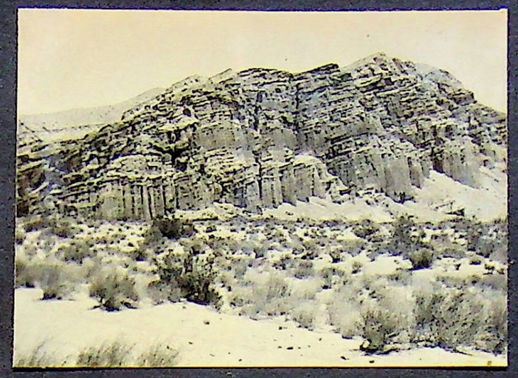

These desert rats
were found gasping
For water!

After posing in front
of the flowering Yucca,
Hubert backed into the
Spanish Bayonet, behind him.

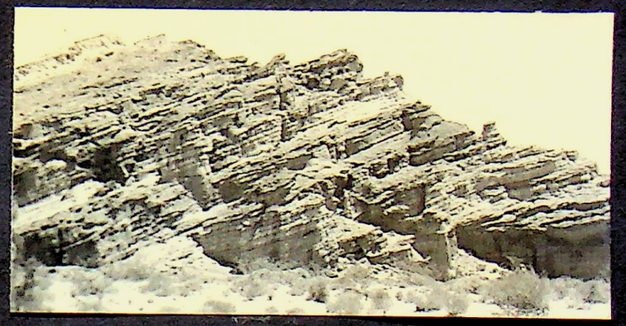

We stopped at Red Rock Canyon

535

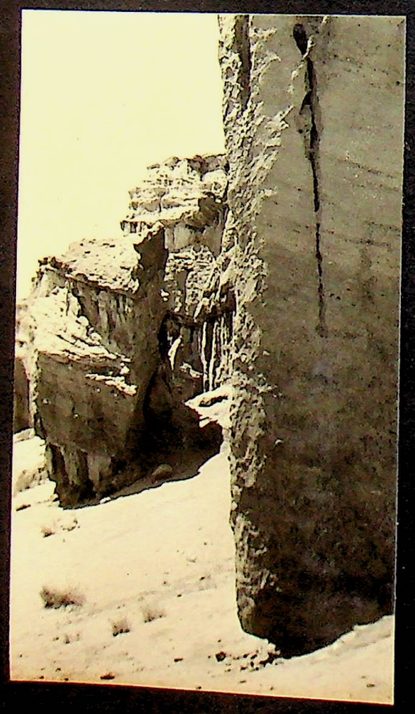

Little Lake
A lava dam made this.

Tilted strata – Red Rock Canyon

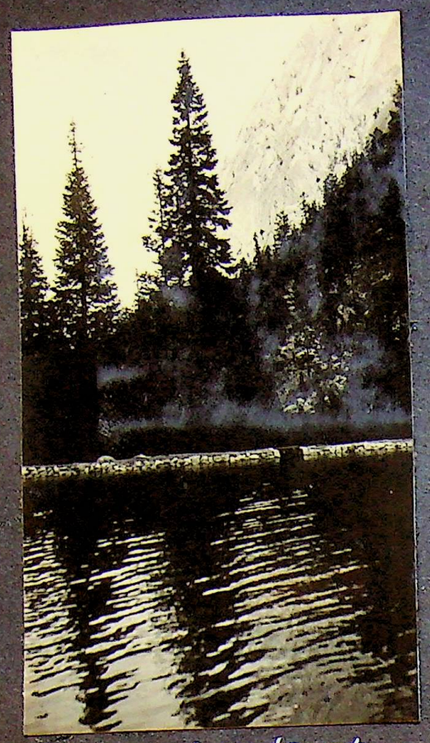

Volcano

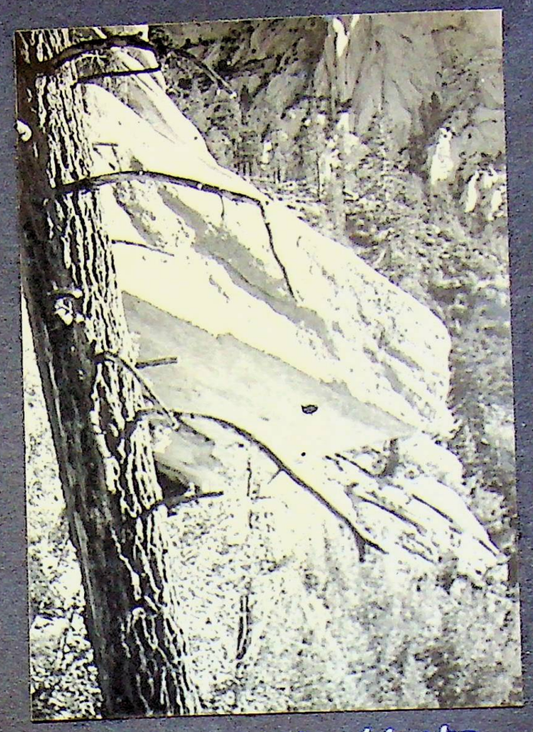

Looking toward miles of blistering wasteland. An ancient lava flow can be seen in left distance.
Mojave Desert

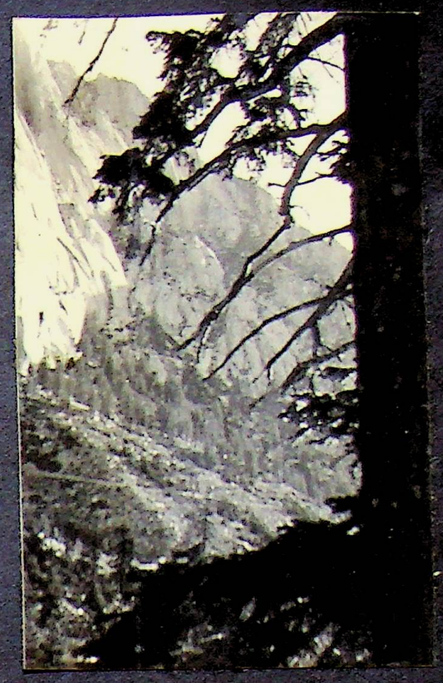

Packing in, June 10

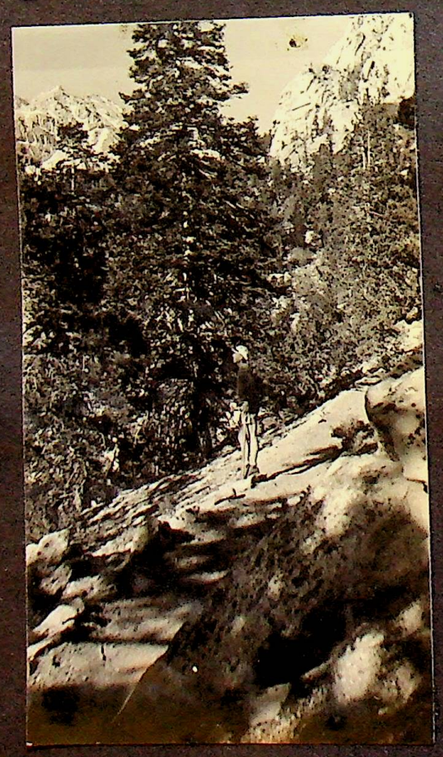

The road ends at
This Lake
8200ft.

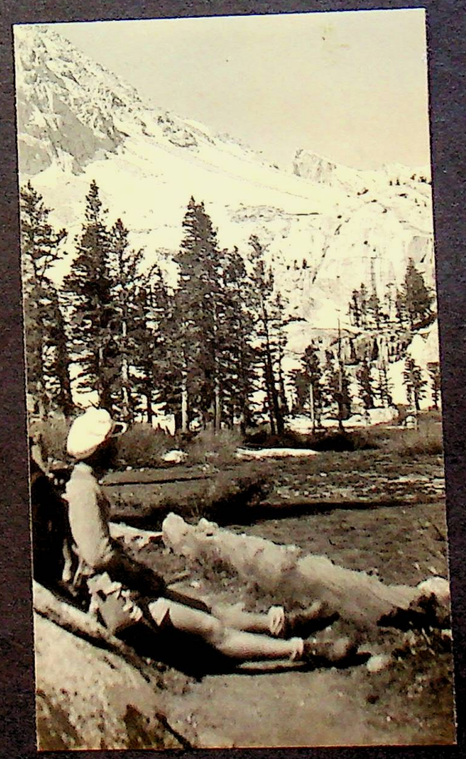

Huge granite blocks
overhung the trail

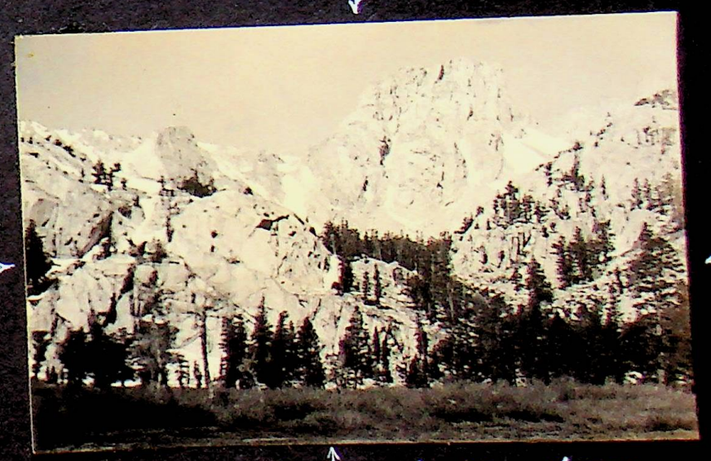

North Wall of
Whitney Portal

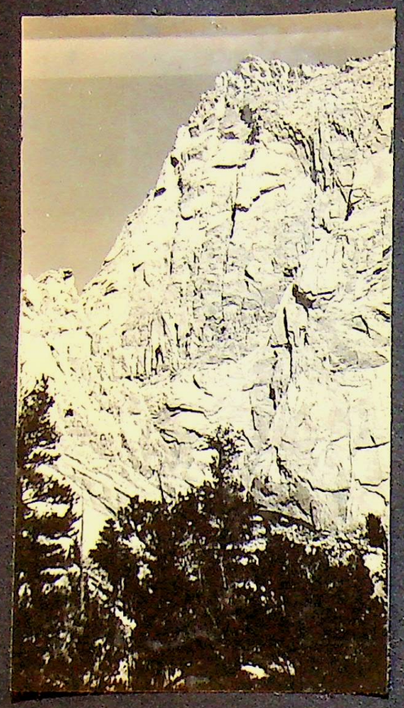

A much needed rest.

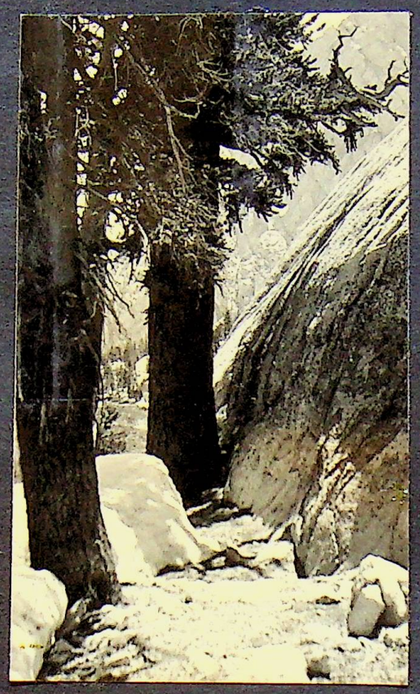

Whitney Outpost Meadow
our base camp was located
on the bench above

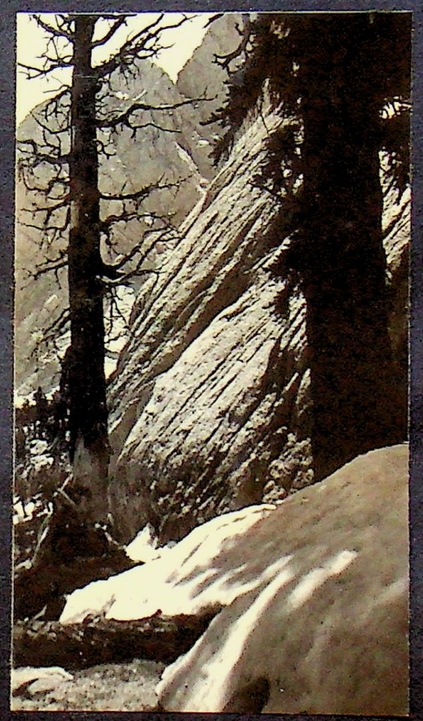

WHITNEY GROUP
BASE CAMP

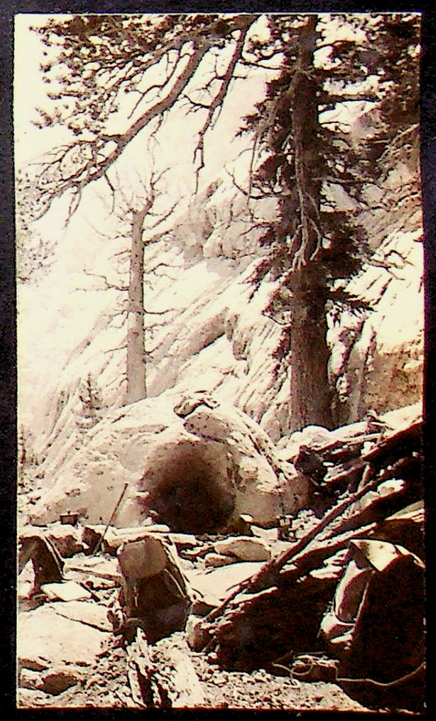

Mirror Lake, 10,600 ft.

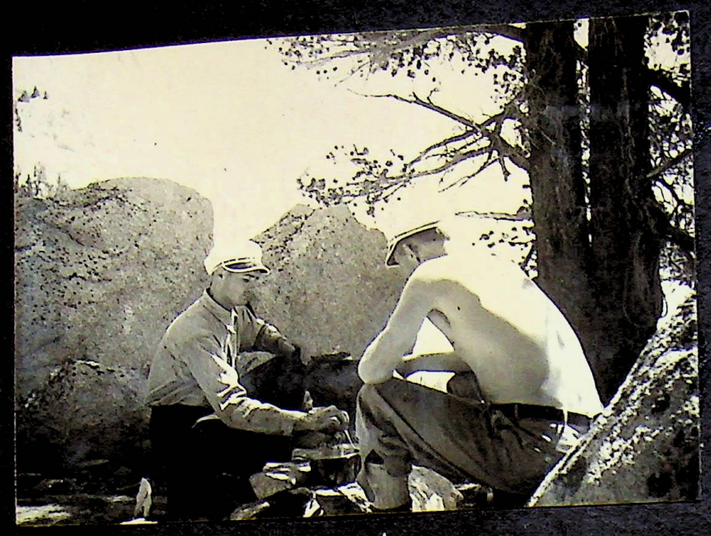

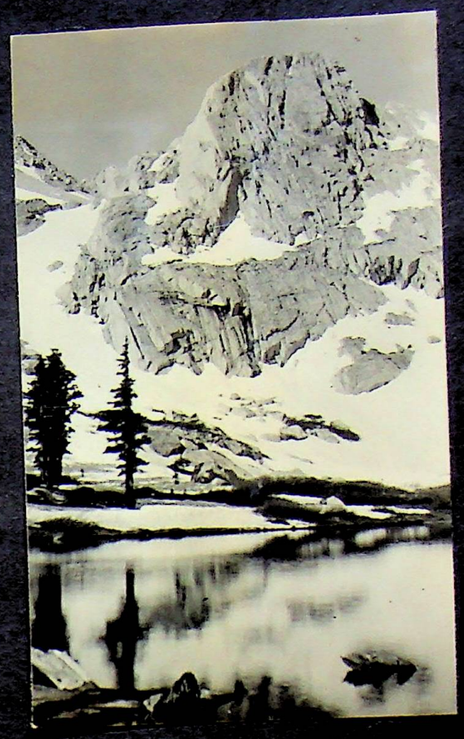

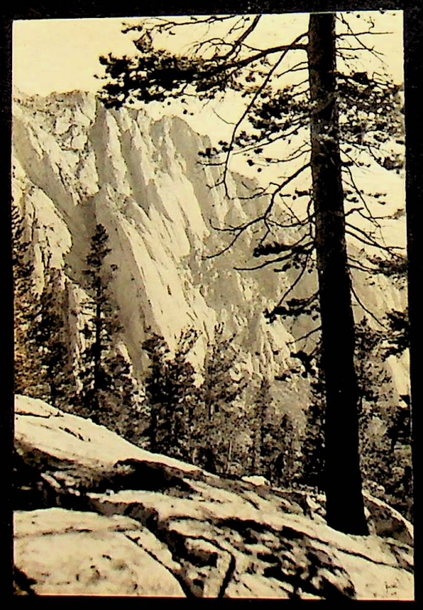

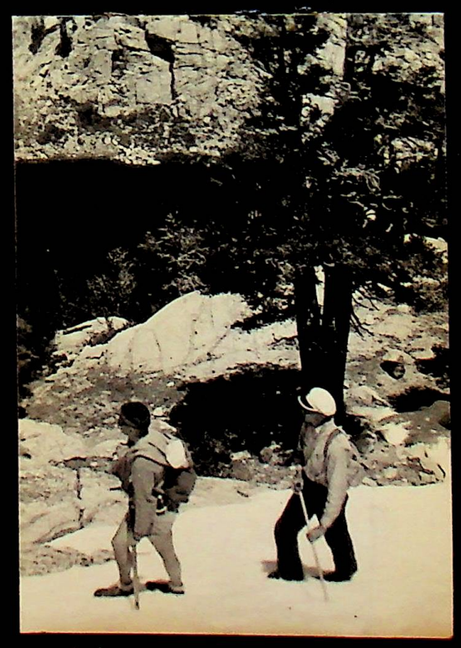

Lunch

Mirror Lake

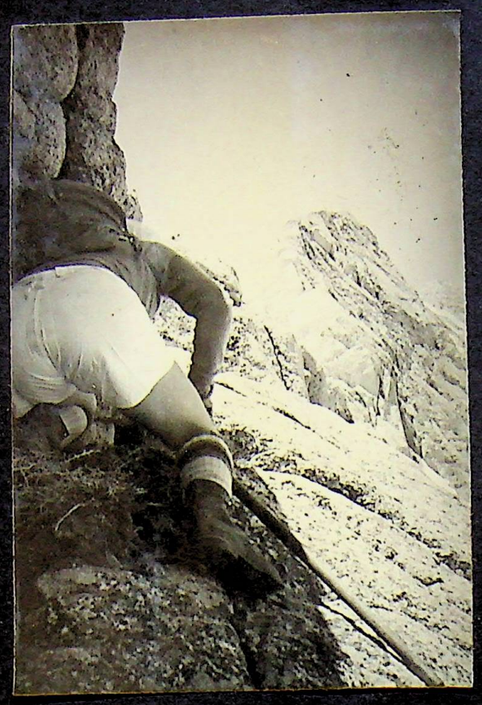

Starting up for
The first climb

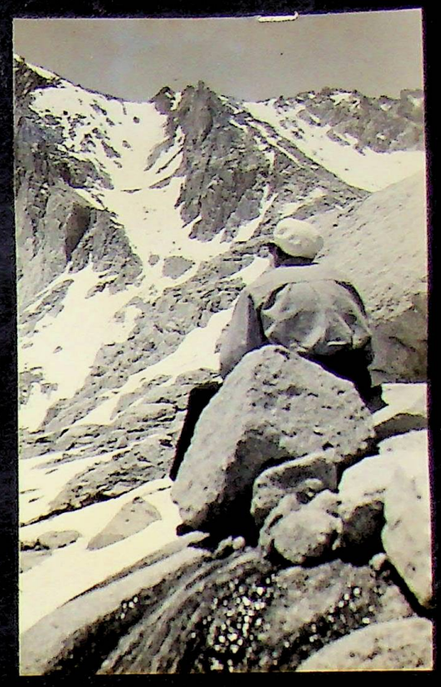

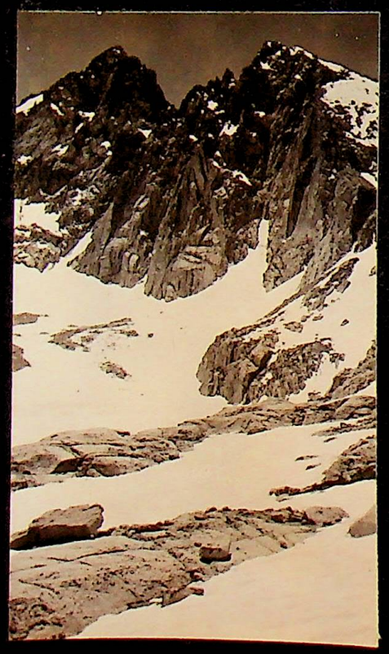

10 minutes out of camp, the work began 554

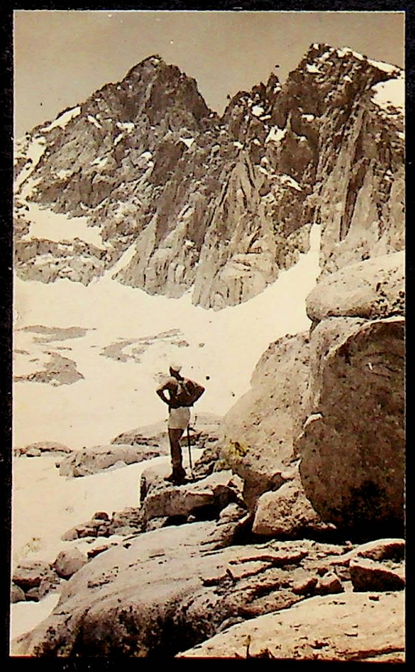

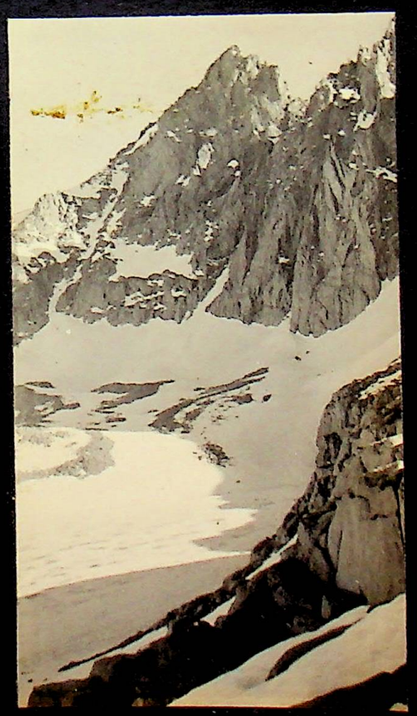

Our way led over snowfields and granite pavement

559

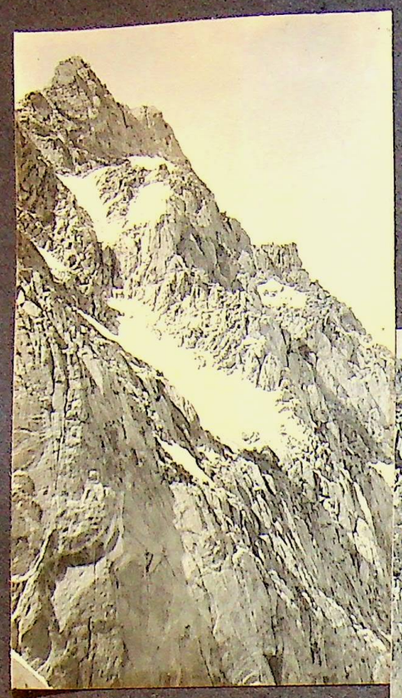

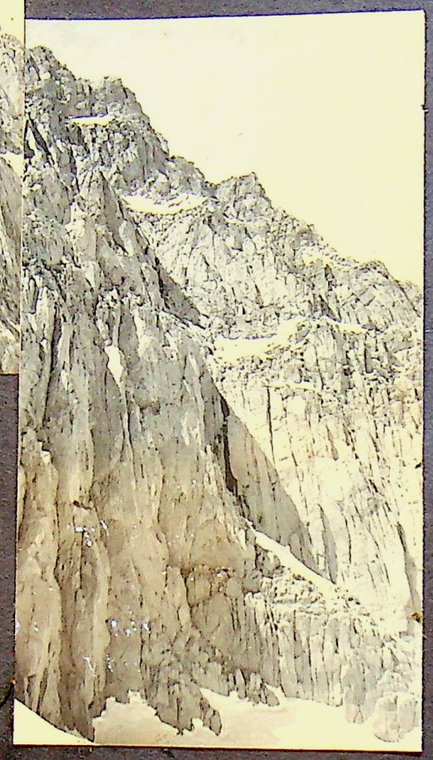

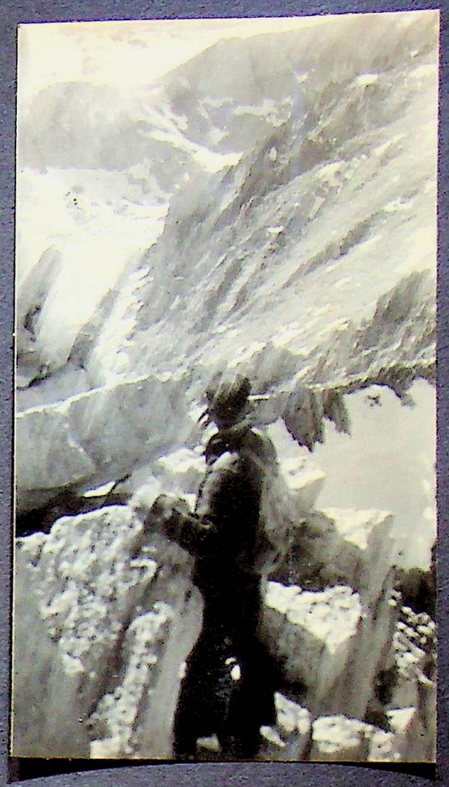

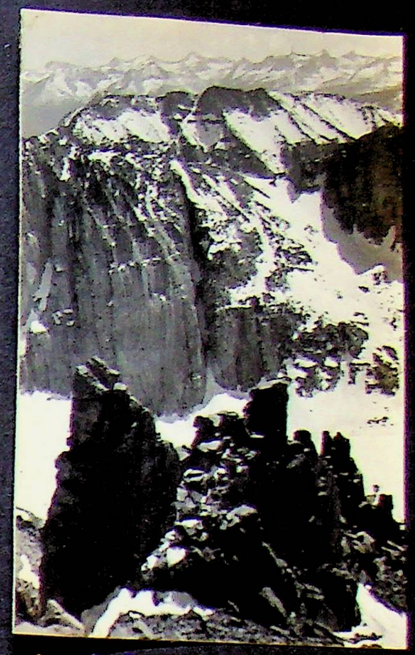

We noticed the effects of the altitude while traversing this snowfield 12,500 ft.

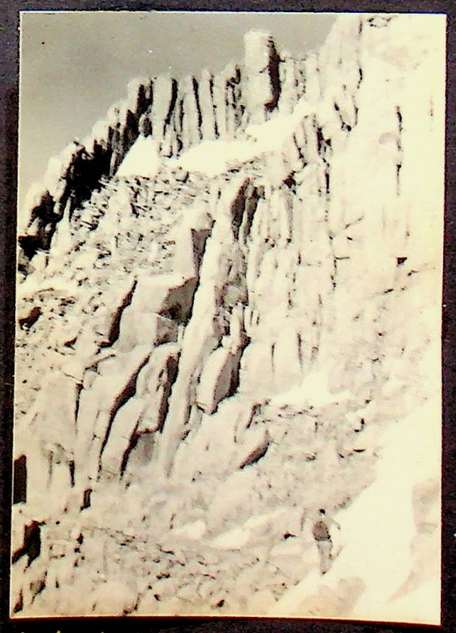

Muir, 14,025 ft.
Our first Sierra Peak

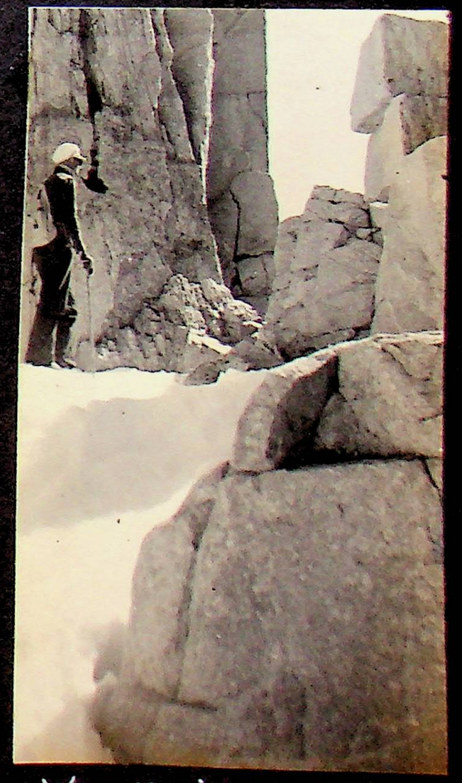

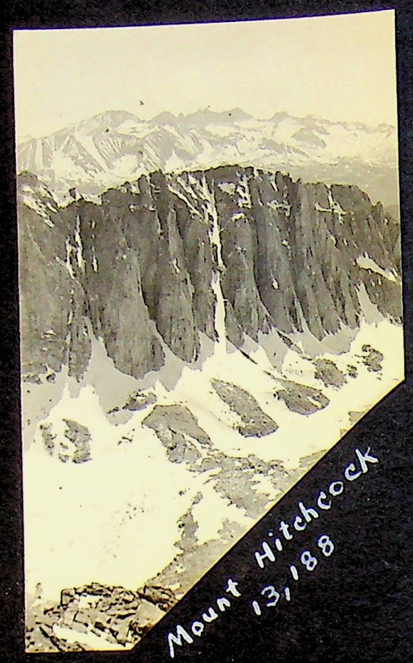

Looking toward the Kaweahs.

Working along the western side of Muir

We attained the Crest, north of Whitney Pass, at about 13,600 ft.

Mount Hitchcock
13,188

Hawieah Peaks in distance.

South from Muir's Summit. (The high Wind is responsible for the camera jiggle.)

Leaving the Whitney Group

Evening Shadows

This is an example of
Bill's uncontrollable energy
On the morning of a climb.

We threw together this wind-
break to ward off the cool,
evening, down-mountain breeze.

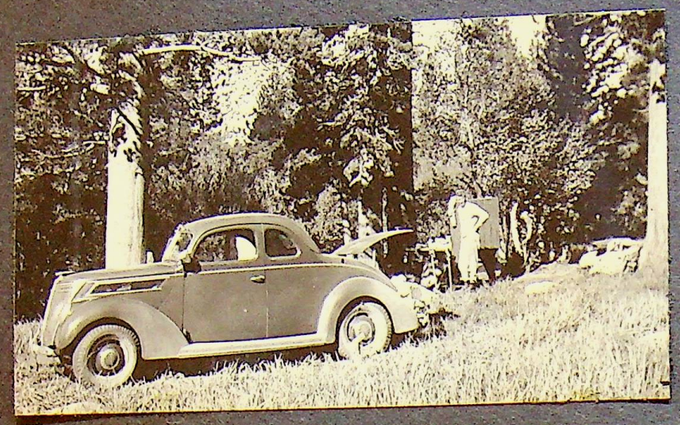

Climbing Enthusiasm

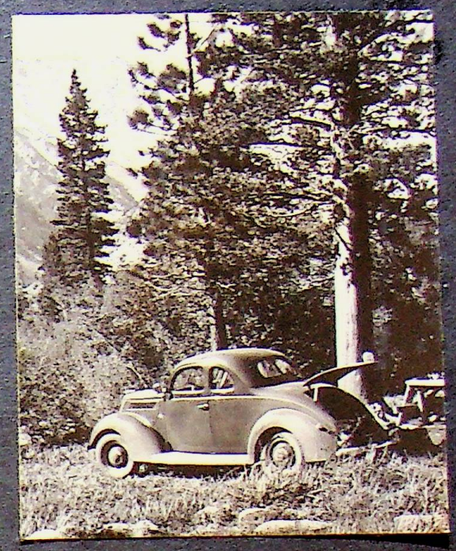

The granite shelf which we
camped on provided a natural
lookout.

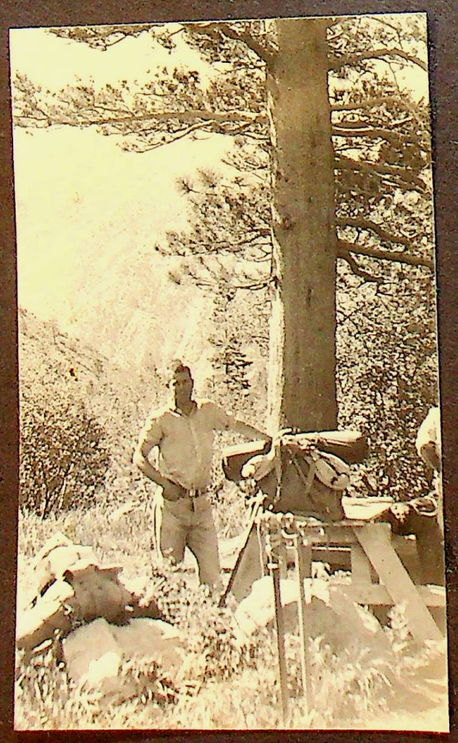

PALISADE GROUP

Fortunately we were able to drive to 8200 feet

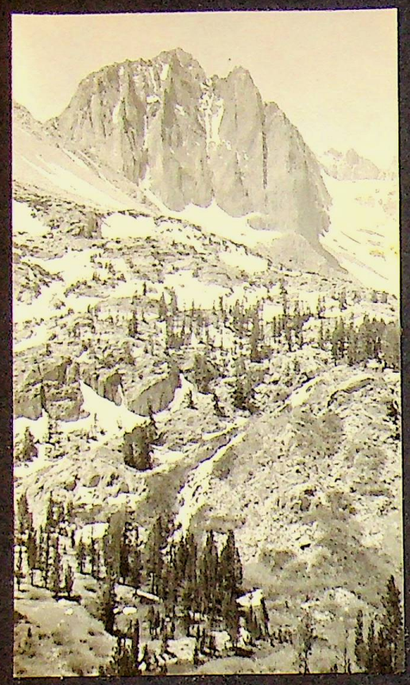

We left the car two miles up the north fork

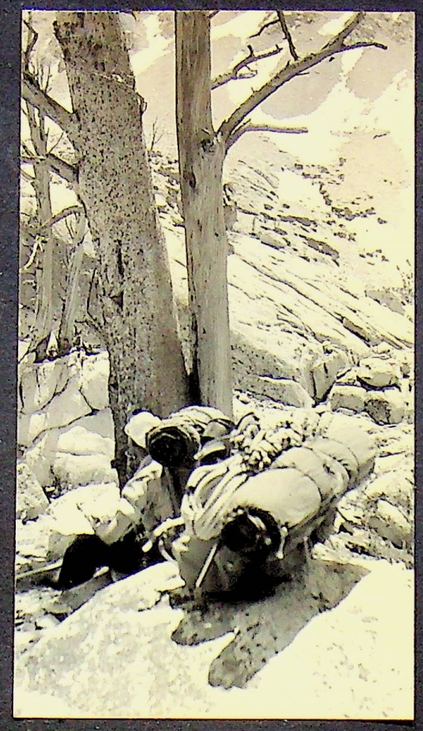

We followed roaring Big Pine Creek up into the high country

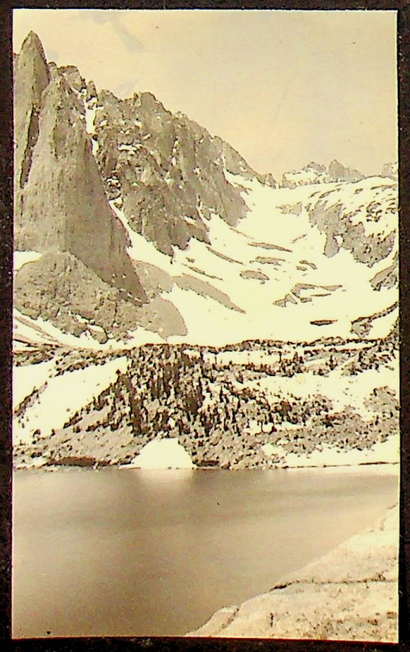

Temple Crag
13,016
The first big peak to
loom up from the trail.

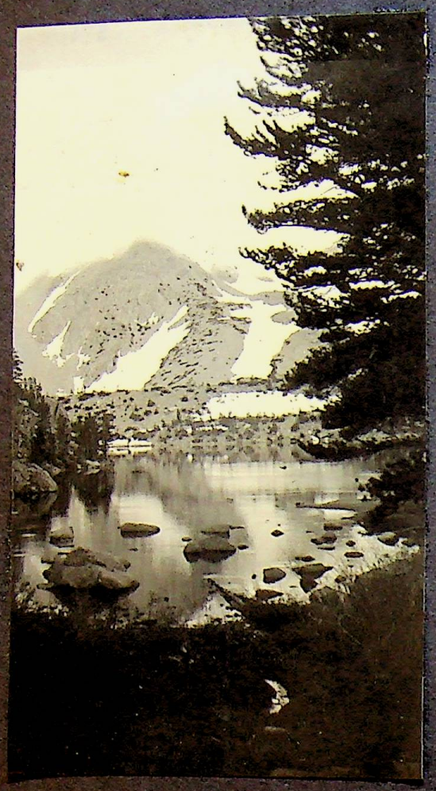

We rested at Second
lake. Hubert is sound
asleep. As usual.

Huge granite spires
faced us across
Second Lake

Third Lake, 10,300 ft.
Although it proved to be a most
inconvenient location for our high
base it was supplied with shelter
against the wind

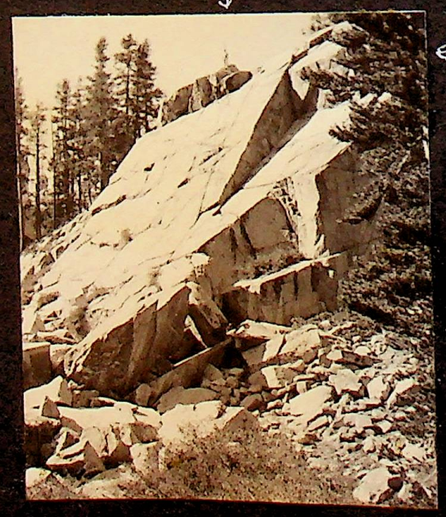

Buck Mountain

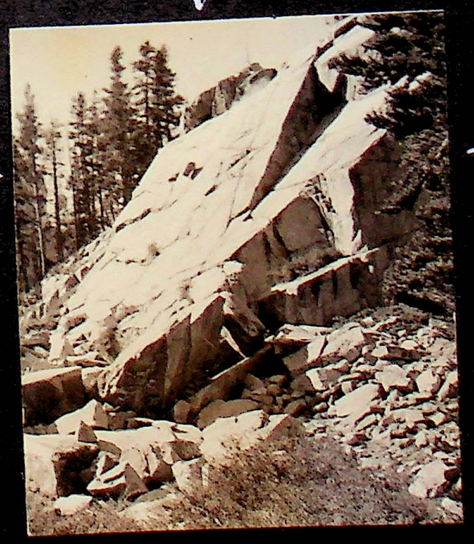

Temple Crag

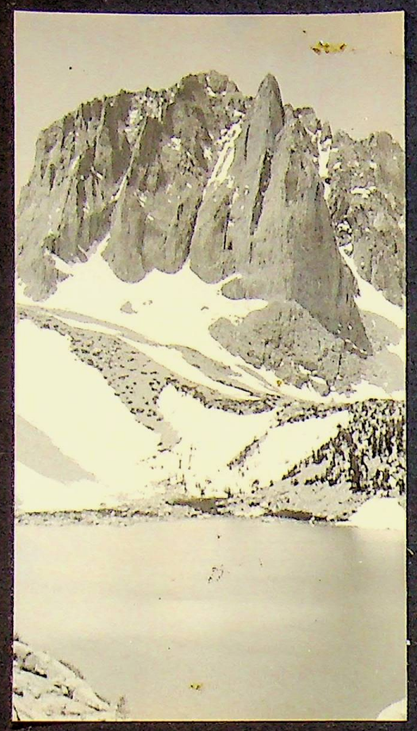

Mt. Alice

View across Third Lake
from our Palisades base camp

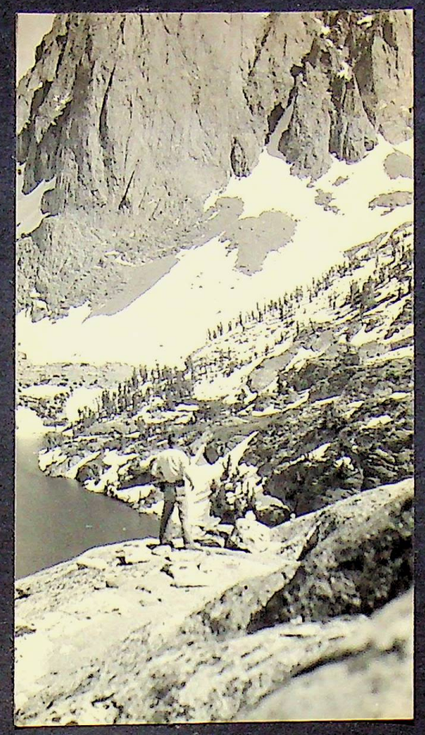

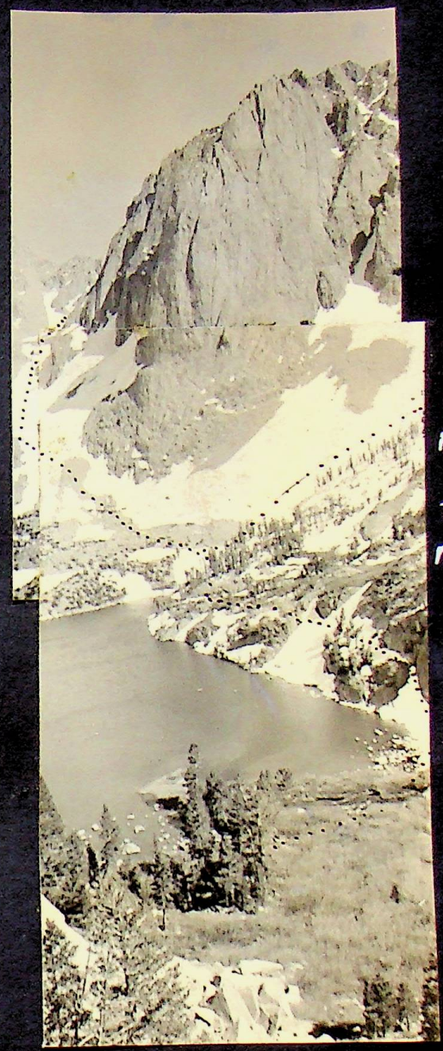

Granite bench near camp
After the Labor of packing in we relaxed
in the innocent sport of rolling rocks

Temple Crag
