

Hi Mr. Raub -

the Continental card

How is this for ginger
bread - Eureka's pride &
joy - now The Engemar
Club - for Men Only! and
the Libs are screaming to
get in - I am sorry that
you are retiring - you have
done a fine job at Our Museum.
Too bad my old school home
in Darwin couldn't be with
the ghost town - it is falling
to pieces - no one cares.

CARSON HOME, EUREKA, CALIFORNIA. Built
by William Carson in 1885 - a real pioneer of the
redwood lumbering industry.
