Rt. #1, Box 416
Bayside, California 95524

Dear Mrs. Mecham:

Thank you for your letter dated December 6. Yes, we received the photographs of Darwin before 1917. Did you intend to donate them? If so, please sign the enclosed form and return a copy to us.

I am working on a manuscript of Shoshone and Paiute Indians for publication. The museum will benefit from this since all profits will be returned to the building fund. Perhaps you can help me by supplying what data you have on George Gregory and Charlie Wrinkle as well as information on the customs and biographies of the Shoshones of Coso, Saline, Panamint and other areas. I will credit you with any contributed information.

I wish you a delightful winter season and New Year.

Sincerely,

Charles N. Irwin
