Notice of Location

QUARTZ CLAIM

Notice is hereby Given: That El the undersigned citizen... of the United States, having made discovery of mineral and rock in place, do locate and claim by right of discovery and location, the within mentioned Quartz Mining Claim, and upon the discovery monument have posted a duplicate notice and do hereby give Notice of its location in accordance with the U. S. Revised Statutes, and with local laws and customs, and with the rules and regulations of this Mining District. The measurement of this claim is 1500 linear feet, in length on the vein. The East erly end line is 1500 feet East erly from the discovery monument, and the East erly end line is 1500 feet East erly from the discovery monument, and said end lines are parallel. The general course of the vein is East erly and West erly. The width 300 feet on the North erly side, and 300 feet on the South erly side, measuring from the center of the said quartz lode, vein, ledge or deposit, and it is more particularly described as follows:

Commencing at the Point of Discovery and running 1500 feet in a East erly direction from the discovery monument, 8 feet therefrom and about 10 1/2 miles in a Southerly direction from the Old Base, and about 3 miles in a Westerly direction from Louisiana Peak This claim joins on the Easterly end of the Earnest claim

And all the dips, variations, spurs, angles, and all veins, ledges, lodes or deposits within the lines of this claim, together with all water and timber and any rights appurtenant, allowed by law, are hereby claimed.

The Name is the Altosona Mining Claim.

Said claim is situated in the Base Mining District,

County of Imperial State of California

Located this 14 day of April, 1925. This discovery is

made and this notice is posted this 17 day of April, 1925.

LOCATORS

W.P. Harrison W.P. Harrison

The exterior boundaries of a Quartz Claim cannot be limited by any local mining regulation to less than 25x1500 feet, measuring from the center of vein on either side. If the rules of the District require it, a duplicate of the location notice should be recorded with the District Recorder; and whether the local Rules require it or not it is safer to record with the County Recorder because the County records are less liable to be destroyed by fire or otherwise. If possible have the signatures witnessed. The above Form conforms to the requirement of the U. S. Statutes. See Wolcott's Mining Manual pages 74, 75 and 76.

QUARTZ CLAIM

Notice is Hereby Given: That we the undersigned citizen... of the United States, having made discovery of mineral and rock in place, do locate and claim by right of discovery and location, the within mentioned Quartz Mining Claim, and upon the discovery monument have posted a duplicate notice and do hereby give Notice of its location in accordance with the U. S. Revised Statutes, and with local laws and customs, and with the rules and regulations of this Mining District. The measurement of this claim is 1500 linear feet, in length on the vein. The West erly end line is 1500 feet West erly from the discovery monument, and the East erly end line is 300 feet East erly from the discovery monument, and said end lines are parallel. The general course of the vein is East erly and West erly. The width 300 feet on the North erly side, and 300 feet on the South erly side, measuring from the center of the said quartz lode, vein, ledge or deposit, and it is more particularly described as follows:

Commencing at The Western end of the Bell Claim in a West erly direction from the discovery monument, 1500 feet therefrom and running parallel with the

Caldorado mining claim with monument

of stone on both ends line and center

This claim is about 10 miles in

North direction from the old

mine and about 3/4 mile from

the Louisiana Park.

And all the dips, variations, spurs, angles, and all veins, ledges, lodes or deposits within the lines of this claim, together with all water and timber and any rights appurtenant, allowed by law, are hereby claimed.

The Name is the Stedelia Mining Claim.

Said claim is situated in the Los Mining District,

County of Inyo State of California

Located this 15 day of Dec, 1925. This discovery is

made and this notice is posted this 15 day of Dec, 1925.

LOCATORS

W. P. Harrison
L. W. Thompson

The exterior boundaries of a Quartz Claim cannot be limited by any local mining regulation to less than 25x1500 feet, measuring from the center of vein on either side.

If the rules of the District require it, a duplicate of the location notice should be recorded with the District Recorder; and whether the local Rules require it or not it is safer to record with the County Recorder because the County records are less liable to be destroyed by fire or otherwise. If possible have the signatures witnessed.
