The 2 for 1
The
Siamese Rig

No. 135. Decatur Combination Buggy

IN building the above buggy, which is our famous combination buggy, we have made it possible to practically purchase two jobs for the price of one—in other words, on account of the extremely low price that we make, you get an Open Stick-Seat Gentleman's Driving Buggy and a Top Buggy (rubber tires) for what is ordinarily paid for a single rig. Handsome, well-built goods—as we always make.
