Organized in 1882, Svithiod Singing Club has held to its original purpose of perpetuating Scandinavian tradition, culture and music. From its modest beginning in a small, rented hall to the present beautiful clubhouse, lies a span of decades of devotion to purpose.

Through the years, the Club and its members have played an important part in the history of Chicago, participating in both national and local civic affairs.

The renowned male chorus, which regularly entertains at club functions, as well as appearing in concert, has traveled extensively throughout the United States and the Scandinavian countries.

The clubhouse, although relatively new, is undergoing a continuing improvement program to provide better service and facilities to keep pace with the needs of its members and guests.

Famous for its cuisine and service, the staff of European-trained chefs is dedicated to the imaginative preparation of food to please the most discriminating gourmet.

The club facilities, cuisine and convenient location provide an outstanding meeting place for luncheons, dinners, banquets and meetings for its members and guests. Ample parking space is adjacent to the club.
