

Chicago - June 21 - 1918.

My dear David -

I am feeling rather tired today and just a wee bit blue. I did not get home from the wedding until late so I suppose it is no wonder that I feel tired and dear you know why I feel blue.

Well I will try to tell you about the wedding. One captain and two lieutenants acted as ushers and his brother in law as best man. Elizabeth's two sisters and two other girls I did not know acted as bridesmaids. They had one flower girl. The bride was beautiful. She wore her sister's wedding dress and of course the men were all in uniform.

2006.6.18.F17-

Pastor Gordon tied the knot and  
you never saw two happier  
people in your life. It certainly  
made one feel good to see  
how happy they were. But oh how  
short that will be for he is leaving  
Sunday for camp at Pittsburgh  
and then in a week or two  
will go across.

Dr. Lundberg spoke and  
he certainly was good. He  
made mention of you boys  
and said he that and  
prayed for you often. Rev. Nahl  
also spoke but his speech was  
mostly foolishness and jokes.

The church was packed to  
the doors as I understand  
there were 500 invitations  
sent out.

Dear they were so happy but  
then some day we too can  
rejoice in one another's  
company without the pain

2.

pain of parting soon <sup>can't we?</sup> Dear  
I dream of that time a great  
deal and oh how I hope  
it will be a reality soon.  
Dare sometimes it seems so  
dark but then I go to God  
and I know he is going to  
answer prayer and somehow  
the burden is lightened tho  
the ache is still there and  
will be until you come  
home to mother and

me. Roy Nelson has been  
sworn into the Ensign school  
and is subject to call.

There is no other news to  
tell you now sweetheart  
so will close for this  
time.

all the love and trust one  
heart can hold are all  
for you dear from your  
little girl back home

Grace
