

Richmond, Ill.

April 2, '18.

My dear Grace,

You may be sure I was very glad to get your letter. I have heard of you and Dave a great many times. Bob seldom writes a letter but what he mentions Dave and Eun. He surely was happy when he was able to see the boys "Over There".

You will perhaps be

surprised when you see that I am at Richmond, Illinois. Your letter was forwarded to me. I spend most of my time here for the reason that I am teaching here. I like my work very much because little children are so interesting. Teach the first and second grades; have eleven pupils in the second grade and nineteen in the first. One of the teachers rooms with me. I am glad that she does for I am afraid I would get lonesome otherwise. We both finished in the same class at De Kalb so we knew each other before we came here. Almost every night after school we take a long walk. I think I am improving very gradually. The girls say that I am getting to be quite a fast walker and I know I don't get as tired now

as I did.

To-morrow night I am going to work at the Red Cross rooms. We go there every Wednesday night to make bandages. I find that some of them are quite hard to make.

You'll have to thank Mr. Thor for asking you to write to me. I am very glad that he did and it was very thoughtful of him. I hope that we all may be the best of friends sometime.

Sincerely,  
May Woodrich.
