

I wrote to Goldie (Miss Lundin) several weeks ago and told her about the end. I suppose you have seen the letter. Will you please tell her that I could not obtain any more details concerning their death??

Most of their keepsakes were lost but I have gotten control of them and will see that you or their parents ^{get them}. The diaries could not be sent home because they contain military information but if the Lord spares me, I will surely visit you when I return home and bring those keepsakes with me.

You have my hearty thanks for your prayers for me, it was like dear heaven to ask you to pray for me. Please excuse this letter, I am nervous tonight.

Will close wishing you the best of luck,

Yours in heart-felt sympathy
