Dear Brother Joe:—

To answer your letter of yesterday and to show you I can write even though I am as busy as you. Leave your old stuff go for me once in a while, can't you?

That picture is pretty good. I thank very much for sending it to me. I hope I can get the other pictures before I leave. I am glad you like my pictures so well. I did not know you folks would like em so well. One never knows.

I will take your advice old top and mail you the telegram. I believe that is the best. I know mother will feel badly enough any way.

That is what they all

say. No time for girls. I wish I could believe that. Not on your life old top. There is always some time I know. How about it?

We drew our winter clothes last night and today we drew our sea bags. It looks like we may leave soon. (a rumor) is that our company is to stay over here and be a home guard company. That will be to stop these I. W. M. etc. They fall as hard as a German. Will you send me a box of Mrs. Snyder's candy. Love to you all.
 Your brother,
 Dave.
