AUGUSTANA'S MANDATE FROM ITS 1882 CHARTER

Augustana is a 304-bed general hospital in the Lincoln Park area of Chicago. It is owned and operated by the Illinois Synod Lutheran Church in America.

The hospital has a medical staff of 139 and employs about 825 persons, who care for some 10,000 patients annually.

Now observing its 90th Anniversary, the hospital is completely renovating all areas directly serving patients.

The goal of renovation is to enable Augustana to continue providing her traditional skillful and compassionate care in modern, comfortable surroundings.

AUGUSTANA HOSPITAL AND HEALTH CARE CENTER

CEREMONIES MARKING THE HOSPITAL'S 90TH ANNIVERSARY

Place: Solarium, Eighth Floor, East Wing

Date: Sunday, September 29, 1974

   Reverend Philip Anderson, Director of Chaplaincy, Augustana Hospital

Augustana Hospital and Health Care Center
411 West Dickens Avenue Chicago, Illinois 60614 (312) 975-5000

President's Newsletter

From the Desk of Genevieve Carb

September 24, 1974

TO: ALL EMPLOYEES

Augustana Hospital recognizes that its success and progress depends largely on the work of its many capable and dedicated employees. It is important to the hospital that we maintain and improve this effective work team and one of the best ways of doing so is to make sure that our wages are fair and competitive.

For that reason we are now beginning a study of all the jobs performed by our employees. The major aims of this program are: (1) to set a wage rate for each job that is fair in relation to all other jobs in the hospital; (2) to make sure that the wage rates for all of our jobs compare favorably with the wages paid for similar jobs in this area.

We expect the study will show the need for some wage adjustments, but until it is completed we won't know what adjustments will be necessary nor how many. However, we can guarantee right now that no employee will be hurt financially by the Job Evaluation study.

To help us conduct the program, the Hospital has engaged John Conway Associates, a Milwaukee-based Management Consulting firm that has completed Job Evaluation studies in a wide range of hospitals and institutions.

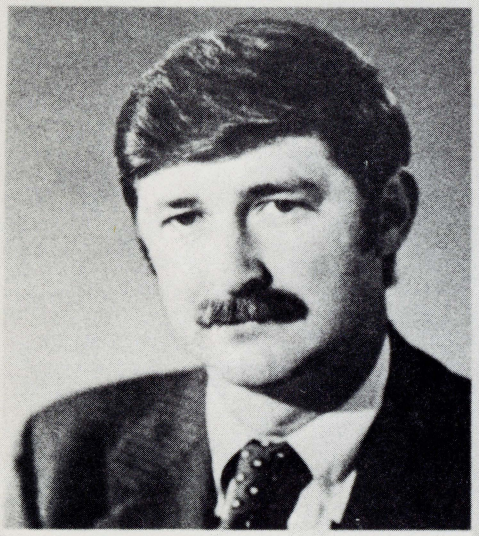

We are confident of the full cooperation of all our employees and that this project will be another major step in the hospital's continuing program of upgrading employee status.

CURRENT AUGUSTANA LEADERSHIP

"We are all proud of Augustana's past and present and look with pride to the future. Renovation is on schedule and will be completed by mid-1975. D.U.R. land for future needs was purchased in 1973 and the largest parcel west of Lincoln Avenue will be the site of new construction. The precise form of that construction is now being discussed by the Board of directors. It will be in accordance with our needs and community standards."

■ **JERRY H. PEARSON,**
Chairman of the Board of Directors

"Augustana's tradition is made up of men and women whose high standards and abilities are a credit to the medical profession. Renovation will provide us with a comfortable and up-to-date hospital for our patients. I hope that many young physicians, seeing our Renovation will seek staff affiliation here."

ROBERT G. BARRICK, M.D. ■
President of the Medical Staff

"In the years to come a renewed Augustana will maintain her high standards of patient care. Renovation will add more comfort and attractiveness to that care. We will continue to earn our reputation for the dignity and compassion we extend to all who come to us in need."

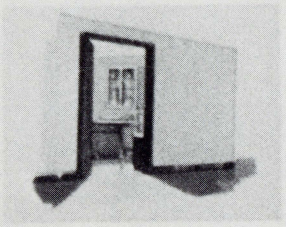

■ **GENEVIEVE CARB,**
Acting President and Chief Executive Officer
