II. SCHOLARSHIP

Five grades are given:—AA, excellent; A, very good; B, good; C, passing; D, failing.

If the mark is C, the work is of a passing grade, but is too low for admission to many colleges on certificate.

If work is marked D, this indicates that there must be an **immediate, decided and permanent** improvement if the pupil is to complete the study with credit.

If work is marked Withheld, this means that the final assignment of a grade is withheld for a certain fixed period until work lost can be made up; if not made up within that time the grade may be D.
