My Dear Grace:

Received your letter
this morning including the snapshots
I think they ^{are} very good, was surely
glad to get them.

There was not
any one that you or I know
in that wreck on the Oak Park
Bl. It was rather serious 50
people got hurt + 1 reported
killed. ^{not any of ours} We sure can be thankful
as it happened during morning
rush hour.

I enclose a copy of the
funeral notice in the Constructive
in case you want to let
Millers read it. If you want
the copy you had better bring
it home again.

I am glad you are having such
a splendid time and feel fine

I am leaving for Terre Haute
the 11th so you must get
home before then let me
know what train we will
meet you. I was to ^{Miss} C. F. Nelsons
birthday party yesterday, left
Monday we are going to Thomas to
celebrate Miss Thomas birthday and
try to cheer them up - he
is very poorly.

With love with love to you
and all from us all
Expecting to see you soon
it seems so long ago since
I saw you.

I guess this will be the last
letter you get before you leave
as it will be too late to
write any more.

With much love
Mother
