GREETINGS:

To all our member clubs, loyal soccer fans and friends, we extend cordial greetings, on this the occasion of our dance.

It is our earnest hope that in the future this will be made into an annual affair, for the presentation of medals and trophies.

To the medal and trophy winners we offer congratulations and to those less fortunate, better luck next time."

We feel that soccer people are among the best sportsmen in the world and this occasion is one where we all can meet together as sportsmen and friends.

The past year of 1948 was a good one for the National Soccer League and for the great game of soccer.

Let us all unite our efforts for the coming season and make it the biggest one in our history.

Our sincere thanks and good wishes to you all.
