

Hollywood May 1st 29

Dear Joe + Grace!

It is with pride & joy I write  
to you at your new home  
the first time. May Gods love  
and blessing be with you  
It brings my memory back to  
our first home on Nebraska and  
how we worked there and how  
proude we were of the old place  
Our honeymoon is soon over  
it was long coming but was  
sure a good one we expect  
to be in Chicago around  
the 15<sup>th</sup> we have not set the  
date for leaving so far  
any skyland came here Sunday  
morning but must be back again  
in Chicago the 8<sup>th</sup>

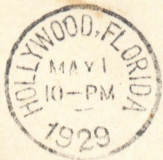

we were in miami yesterday  
and looked at the most  
beutifull homes and palungardens  
I ever seen had dinner at 7 Seas  
Cafe. all Seafood Mr S. treated  
as usual as my pocket book is  
to lean for such places  
as I said we are soon done  
miking with millionbucks  
and have to get back to earth  
once more. The weather is beutifull  
warm sunshure every day @ cool nights  
this is sure the most lovely  
spot in the world. Every morning  
we get up at all seasons there  
is a new set of flowers blooming  
no fires no soot or ashes no @ costs  
nearly every one dresses in light clothes

Everybody we meet seems to be surprised how well I look the last month. Mother never looked better in all her life, we are sure lonesome for you and the girls and the rest of our own we had the most lovely time and such wonderful friends it seems to have helped me to take a new lease on life.

Prices on property has taken a new boom and some of the intermoney and from Indianapolis is coming here buying ~~land~~<sup>Ocean</sup> property there is not much of it left where climate is the same at all seasons

will mail you a card when  
we know the date we leave.  
But the girls tell them I look  
at their picture hundred times  
a day, I expect you are so  
busy you have no time to  
be lonesome. Greet the ones  
at home if you see them  
sorry whiterberg had such a hard  
luck, hope it is not serious

of us but we are anxious to
