My dear Dave:-

I have a letter at home waiting to be answered but I am going to do that tonight. The bookkeeper is writing a letter to my boss to whom she is supposed to be engaged and who has enlisted in the navy so I am going to write to you dear while she is busy and before the day's rush begins.

I that I was going to get a chance to answer your letter last night before I went to church but I

did not get home
until 10 minutes to seven
and then had to eat
supper - clean up and be
down to church by 7:30
so you see I did not get
a chance.

Pastor Swan a missionary
from India spoke last
night and had some
stereoptican views which
were great. We did not
leave church until after
ten o'clock so when
reached home I had
to go to bed.

Lilly Todtahn was
telling me she had
a letter from Bert

She seemed very much
pleased and tho she
did not say it I knew
she was very much flattered.

Well sweetheart I dont
know as there is
much more news to
tell you. Will write
more when I reach
home and can answer
your previous letter.

I had quite a chat
with Olga last night.
They have moved back
to Austria and she
expects to be married
some time next month.

I asked her if she was
not afraid he

would be drafted but
she said he is his mother's
only support so he was
exempted on those claims.
She surely is happy as a
lark and just the same
good hearted girl as always.
but then she is not
half as happy as I am
for I not only have a
better and true sweetheart
but one who is also
doing his bit and
helping Uncle Sam.
I'll write again
tonight dear

Goodbye until then
dear - All the love and
trust one heart can
hold we for you dear
swoxs
