

Hollywood 4/21-29

My Dear Grace & Joe,
Was surely
glad to hear from you
and that you are O.K.
and see you are moving
this week. See Joe is
staying home and helping
to move. Well God Bless
you in your new abode
I am sure anxious
to see it. I do not
know when we are coming
home as we have strict
Orders from Mr. E. Skoglund
to stay till June.

But I don't think
I can stand it that long
of course Dad is getting
stronger and I do not
think the weather will be
so cold in May that
the change will hurt
him. Mrs. Aug. Skoglund is
taking us out every day.
to day we were to Miami
and had dinner and
a long ride. She surely
is doing every thing to
make it pleasant for us
but still we long for our
near and dear ones.

Otherwise we are having

the time of our life, living
on the fat of the land and
enjoying fresh air & sunshine
every day. We miss the
E. Spoglund family I guess
they are in Chicago now.
Greet them from us if you
see them. We both tried
to hide our feelings but we
surely felt bad we could
not be home at William's birthday
is it William Blaine's the 17th
of May I am not quite sure.
What date in June does
Russell Miller graduate.
Anna says she is coming
to Chicago then. I surely

2006.02.08.24
was sorry to hear Julia has
been so sick, I had a letter
from her a few days ago
she said she is getting
better. Hope she will soon
get strong again.

It's bad Jeannette + Evelyn Mae
can not come to Florida to
see us we surely are homesome
for them. Pray for us and
we are praying for you all
May God watch over us all till
we meet again.

Much love to you all from
mother + Dad and squeeze the
girls real good for us.
With Love Mother
